Bel Fury Investments Group, LLC,
Appellant,

v.

Douglas County Board of Equalization,
Appellee.

Case Nos: 18R 0341 & 19R 0432

Decision and Order Affirming
County Board of Equalization

Background

1. The Subject Property is a residential parcel, with a legal description of: Benson Lot 19, Block NB3, N 15 FT Vac EMMET St & 50 X 155.
2. The Douglas County Assessor (the County Assessor) assessed the Subject Property at \$83,700 for tax year 2018 and \$83,700 for tax year 2019.
3. Bel Fury Investments Group, LLC (the Taxpayer) protested these values to the Douglas County Board of Equalization (the County Board) and requested assessed values of \$42,200 for tax year 2018 and \$48,000 for tax year 2019.
4. The County Board determined that the taxable value of the Subject Property was \$83,700 for tax year 2018 and \$83,700 for tax year 2019.
5. The Taxpayer appealed the determinations of the County Board to the Tax Equalization and Review Commission (the Commission).
6. A Single Commissioner hearing was held on July 21, 2020, at the Tax Equalization and Review Commission Hearing Room, Sixth Floor, Nebraska State Office Building, 301 Centennial Mall South, Lincoln, Nebraska, before Commissioner James D. Kuhn.
7. Arielle Bloemer, legal counsel, and Scott W. Bloemer, Member, were present at the hearing for the Taxpayer.
8. Kurt Skradis (the Appraiser), was present at the hearing for the County Board.

Applicable Law

9. All real property in Nebraska subject to taxation shall be assessed as of the effective date of January 1.¹
10. The Commission’s review of a determination of the County Board of Equalization is de novo.²
11. When considering an appeal a presumption exists that the “board of equalization has faithfully performed its official duties in making an assessment and has acted upon

¹ Neb. Rev. Stat. § 77-1301(1) (Reissue 2018).

² See Neb. Rev. Stat. § 77-5016(8) (Reissue 2018), *Brenner v. Banner Cty. Bd. of Equal.*, 276 Neb. 275, 286, 753 N.W.2d 802, 813 (2008). “When an appeal is conducted as a ‘trial de novo,’ as opposed to a ‘trial de novo on the record,’ it means literally a new hearing and not merely new findings of fact based upon a previous record. A trial de novo is conducted as though the earlier trial had not been held in the first place, and evidence is taken anew as such evidence is available at the time of the trial on appeal.” *Koch v. Cedar Cty. Freeholder Bd.*, 276 Neb. 1009, 1019 (2009).

sufficient competent evidence to justify its action.”³ That presumption “remains until there is competent evidence to the contrary presented, and the presumption disappears when there is competent evidence adduced on appeal to the contrary. From that point forward, the reasonableness of the valuation fixed by the board of equalization becomes one of fact based upon all the evidence presented. The burden of showing such valuation to be unreasonable rests upon the taxpayer on appeal from the action of the board.”⁴

12. The order, decision, determination or action appealed from shall be affirmed unless evidence is adduced establishing that the order, decision, determination, or action was unreasonable or arbitrary.⁵
13. Proof that the order, decision, determination, or action was unreasonable or arbitrary must be made by clear and convincing evidence.⁶
14. A Taxpayer must introduce competent evidence of actual value of the Subject Property in order to successfully claim that the Subject Property is overvalued.⁷
15. The Commission’s Decision and Order shall include findings of fact and conclusions of law.⁸

Findings of Fact & Conclusions of Law

16. The Taxpayer stated the land value of the Subject Property has risen 172.9% since the 2017 tax year while nearby properties’ land values are much lower. The Taxpayer provided four comparable properties showing the disparity in land valuations.
17. The Appraiser stated the comparable properties are in a different neighborhood and are being valued on a different valuation model as the Subject Property. It is imperative to use comparable properties from the same neighborhood in order to ascertain if the Subject Property is being valued differently than properties from that same neighborhood. Simply offering properties that are in close proximity does not automatically make them comparable. With different neighborhoods, valuation models can have different adjustments that may not be equal to the Subject Property’s neighborhood.
18. The Taxpayer asserted the improvement value of the Subject Property is higher than comparable properties as well. The Taxpayer stated the Subject Property sat vacant for five months and was in disrepair due to past tenants. No evidence of the damage was provided and no estimates of costs to repair were given to the Commission. The Commission analyzed the comparable properties, none of which were from the same

neighborhood as the Subject Property and found the Subject Property to have a lower improvement price per square foot than most of the comparable properties.

19. The Appraiser stated none of the comparable properties provided were from the same neighborhood as the Subject Property and would be valued on a different valuation model thusly making them not good comparable properties.
20. The Taxpayer has not produced competent evidence that the County Board failed to faithfully perform its duties and to act on sufficient competent evidence to justify its actions.
21. The Taxpayer has not adduced clear and convincing evidence that the determinations of the County Board are arbitrary or unreasonable and the decisions of the County Board should be affirmed.
