

BEFORE THE NEBRASKA TAX EQUALIZATION AND REVIEW COMMISSION

Bel Fury Investments Group, LLC,
Appellant,

v.

Douglas County Board of Equalization,
Appellee.

Case Nos: 18R 0349 & 19R 0490

Decision and Order Affirming the Decision
by the
County Board of Equalization

Background

1. The Subject Property is a residential parcel, with a legal description of: Mathews Sub Div Lot 8 Block 8 E 44 S 64 FT LT 7 & S 64 FT 64X94.
2. The Douglas County Assessor (the County Assessor) assessed the Subject Property at \$92,200 for tax year 2018 and \$90,200 for tax year 2019.
3. Bel Fury Investments Group, LLC (the Taxpayer) protested these values to the Douglas County Board of Equalization (the County Board) and requested assessed values of \$57,300 for tax year 2018 and \$73,900 for tax year 2019.
4. The County Board determined that the taxable value of the Subject Property was \$92,200 for tax year 2018 and \$90,200 for tax year 2019.
5. The Taxpayer appealed the determinations of the County Board to the Tax Equalization and Review Commission (the Commission).
6. A Single Commissioner hearing was held on March 18, 2021, at the Tax Equalization and Review Commission Hearing Room, Sixth Floor, Nebraska State Office Building, 301 Centennial Mall South, Lincoln, Nebraska, before Commissioner James D. Kuhn.
7. Arielle Bloemer, legal counsel, and Scott W. Bloemer, Member, were present at the hearing for the Taxpayer.
8. Kurt Skradis (the Appraiser), was present at the hearing for the County Board.

Applicable Law

9. All real property in Nebraska subject to taxation shall be assessed as of the effective date of January 1.¹
10. The Commission's review of a determination of the County Board of Equalization is de novo.²

¹ Neb. Rev. Stat. § 77-1301(1) (Reissue 2018).

² See Neb. Rev. Stat. § 77-5016(8) (Reissue 2018), *Brenner v. Banner Cty. Bd. of Equal.*, 276 Neb. 275, 286, 753 N.W.2d 802, 813 (2008). "When an appeal is conducted as a 'trial de novo,' as opposed to a 'trial de novo on the record,' it means literally a new hearing and not merely new findings of fact based upon a previous record. A trial de novo is conducted as though the earlier trial had not been held in the first place, and evidence is taken anew as such evidence is available at the time of the trial on appeal." *Koch v. Cedar Cty. Freeholder Bd.*, 276 Neb. 1009, 1019 (2009).

11. When considering an appeal a presumption exists that the “board of equalization has faithfully performed its official duties in making an assessment and has acted upon sufficient competent evidence to justify its action.”³ That presumption “remains until there is competent evidence to the contrary presented, and the presumption disappears when there is competent evidence adduced on appeal to the contrary. From that point forward, the reasonableness of the valuation fixed by the board of equalization becomes one of fact based upon all the evidence presented. The burden of showing such valuation to be unreasonable rests upon the taxpayer on appeal from the action of the board.”⁴
12. The order, decision, determination or action appealed from shall be affirmed unless evidence is adduced establishing that the order, decision, determination, or action was unreasonable or arbitrary.⁵
13. Proof that the order, decision, determination, or action was unreasonable or arbitrary must be made by clear and convincing evidence.⁶
14. A Taxpayer must introduce competent evidence of actual value of the Subject Property in order to successfully claim that the Subject Property is overvalued.⁷
15. The Commission’s Decision and Order shall include findings of fact and conclusions of law.⁸

Findings of Fact & Conclusions of Law

16. The Taxpayer stated the condition rating of the Subject Property should be Fair and not Average. The Taxpayer stated the last inspection of the Subject Property was in 2016 and it has only gotten worse since then, hence the feeling the condition rating should be lowered. The Appraiser pointed out the notes from the Account Notes portion of the property record file (PRF) that were made March 1, 2016. The Account Notes stated in part “...Improvements had been made to the property throughout 2015 including refinished wood floors, updated bath and kitchen.” The Appraiser stated the condition rating of Average was correct.
17. The Taxpayer provided an equalization spreadsheet with comparable properties. The Taxpayer made “market adjustments” in an effort to equalize all the properties to arrive at a median price per square foot. The Appraiser stated the comparable properties provided by the Taxpayer were all around 40 years older than the Subject Property, which was not accounted for in the Taxpayer’s spreadsheet. The Appraiser stated some of the

comparable properties were from different neighborhoods and had different components that had to be accounted for when trying to make adjustments for equalization.

18. The Taxpayer stated the Subject Property had its value lowered by the County Board for the 2020 tax year and questioned why it shouldn't be lowered for 2018 and 2019 tax years.
19. The assessed value for real property may be different from year to year, dependent upon the circumstances.⁹ A prior year's assessment is not relevant to the subsequent year's valuation.¹⁰
20. The Taxpayer has not produced competent evidence that the County Board failed to faithfully perform its duties and to act on sufficient competent evidence to justify its actions.
21. The Taxpayer has not adduced clear and convincing evidence that the determinations of the County Board are arbitrary or unreasonable and the decisions of the County Board should be affirmed.
