APPELLANT,

V.

DOUGLAS COUNTY BOARD
OF EQUALIZATION,
APPELLEE.

CASE NO: 19R 0540

DECISION AND ORDER
AFFIRMING THE DECISION
OF THE DOUGLAS COUNTY
BOARD OF EQUALIZATION

I. BACKGROUND

1. The Subject Property is an improved residential parcel in Douglas County, parcel number 1401410000.
2. The Douglas County Assessor (the County Assessor) assessed the Subject Property at \$42,400 for tax year 2019.
3. Bel Fury Investments Group LLC (the Taxpayer) protested this value to the Douglas County Board of Equalization (the County Board).
4. The County Board determined that the taxable value of the Subject Property was \$42,400 for tax year 2019.
5. The Taxpayer appealed the determination of the County Board to the Tax Equalization and Review Commission (the Commission).
6. A Single Commissioner hearing was held on September 29, 2021, at Omaha State Office Building, 1313 Farnam Street, Room 227, Omaha, Nebraska, before Commissioner Steven Keetle.
7. Arielle Bloemer, legal counsel, and Scott Bloemer were present at the hearing for the Taxpayer.

8. Scott Barnes and Kurt Skradis with the County Assessor's Office (County Appraisers) were present for the County Board.

II. APPLICABLE LAW

9. All real property in Nebraska subject to taxation shall be assessed as of the effective date of January 1.¹
10. The Commission's review of a determination of the County Board of Equalization is de novo.²
11. When considering an appeal, a presumption exists that the "board of equalization has faithfully performed its official duties in making an assessment and has acted upon sufficient competent evidence to justify its action."³ That presumption "remains until there is competent evidence to the contrary presented, and the presumption disappears when there is competent evidence adduced on appeal to the contrary. From that point forward, the reasonableness of the valuation fixed by the board of equalization becomes one of fact based upon all the evidence presented. The burden of showing such valuation to be unreasonable rests upon the taxpayer on appeal from the action of the board."⁴
12. The order, decision, determination or action appealed from shall be affirmed unless evidence is adduced establishing that the order, decision, determination, or action was unreasonable or arbitrary.⁵

"When an appeal is conducted as a 'trial de novo,' as opposed to a 'trial de novo on the record,' it means literally a new hearing and not merely new findings of fact based upon a previous record. A trial de novo is conducted as though the earlier trial had not been held in the first place, and evidence is taken anew as such evidence is available at the time of the trial on appeal." *Koch v. 13. Proof that the order, decision, determination, or action was unreasonable or arbitrary must be made by clear and convincing evidence.⁶
14. A Taxpayer must introduce competent evidence of actual value of the Subject Property in order to successfully claim that the Subject Property is overvalued.⁷
15. The Commission's Decision and Order shall include findings of fact and conclusions of law.⁸

III. FINDINGS OF FACT & CONCLUSIONS OF LAW

16. The Subject Property is a residential parcel improved with a 640 square foot ranch style residence constructed in 1920.
17. The Taxpayer alleges that the increase in the assessed value from the 2018 tax year's assessment is excessive, unreasonable, and arbitrary.
18. The assessed value for real property may be different from year to year, dependent upon the circumstances.⁹ For this reason, a prior year's assessment is not relevant to the subsequent year's valuation.¹⁰
19. The Taxpayer alleged that the value of the Subject Property was negatively impacted by the condition of the property.
20. The Taxpayer presented a Property Evaluation Report (PER) prepared by Connie Watson, a contractor and construction estimator employed by the Taxpayer, indicating that \$41,500 of repairs were needed on the Subject Property. Included with the PER were photographs of the Subject Property showing the

condition of the driveway, fence, exterior doors, foundation, gutters, roof, siding, windows, flooring, HVAC, interior paint, light fixtures, and fuse box.

21. The PER was dated 9 June 2020, but the Taxpayer stated that the condition of the Subject Property as described in the PER was the same on both assessment dates at issue in these appeals.
22. The Taxpayer presented a 2017 insurance estimate for the repair of hail damage to the Subject Property. The Taxpayer stated that the roof had not been repaired as of the assessment date.
23. The County Board presented the PRF for the Subject Property. The PRF contains information about the characteristics of the Subject Property and information regarding the qualified sales that occurred in the economic area of the Subject Property for each of the tax years at issue. This information was used to determine the value attributed to each of the characteristics of residential properties in the area, including the Subject Property.
24. The PRF shows that the market area in which the Subject Property is located was reappraised for tax year 2019.
25. The PRF for the Subject Property shows that it had a condition rating of fair.
26. The County Appraisers stated that after reviewing the information presented to the Commission, including the photographs in the PER, the condition rating of fair took into account the needed repairs indicated in the PER for the Subject Property.
27. The Taxpayer has not presented information to demonstrate that the condition rating of fair for the Subject Property was arbitrary or unreasonable.
28. The Taxpayer alleged that the per square foot assessed value of the Subject Property was not equalized with comparable properties.
29. The Taxpayer notes that the Nebraska Court of Appeals held in *Scribante* that “To set the valuation of similarly situated

property, i.e. comparables, at materially different levels, i.e., value per square foot, is by definition, unreasonable and arbitrary, under the Nebraska Constitution.”¹¹

30. Comparable properties share similar use (residential, commercial/industrial, or agricultural), physical characteristics (size, shape, and topography), and location.¹²
31. The Taxpayer presented the PRF for four properties located within one half mile of the Subject Property.
32. The Taxpayer presented a chart that made adjustments to the value of these four additional comparable properties for tax year 2019 to adjust for differences in the characteristics of the properties. The Taxpayer stated that these adjustments were made based on his experience in the real estate market and the information contained in the PRFs. Although the Taxpayer may have knowledge of the Omaha real estate market, he is not a trained appraiser and none of the adjustments can be quantified by supporting evidence.
33. The County Appraisers stated that the Subject Property was a ranch style property while two of the properties offered by the Taxpayer were one and one-half story properties, and one property offered by the Taxpayer was a two-story property therefore would not be comparable to the Subject Property due to different cost factors and characteristics. The County Appraisers further stated that the other ranch style property, as well as one of the one and one-half story properties presented are located in different market areas and therefore would not be comparable to the Subject Property due to different market factors in each market area
34. The PRFs presented demonstrate that there are significant differences between the Subject Property and the three properties presented including style of construction, condition, basements, age, garages, decks, porches, etc.

35. The Commission finds that the properties presented by the Taxpayer are not comparable to the Subject Property.
36. The Taxpayer alleges that the market areas determined by the County Assessor are arbitrary or unreasonable.
37. The County Appraisers discussed the qualified sales that occurred in the economic area of the Subject Property for each of the tax years at issue in the Subject Property's market area and presented the assessment statistics to support the market area adjustments made to the valuation of the Subject Property.
38. The Taxpayer did not present sales information to support the allegation that the difference in market area adjustments between the Subject Property and the other properties presented are arbitrary or unreasonable.
39. The Taxpayer did not present information to demonstrate that the market areas utilized by the County Assessor are arbitrary or unreasonable.
40. The Taxpayer has not demonstrated that the valuation of similarly situated properties were set at materially different levels entitling the Subject Property to a reduction assessed value under the court's determination in *Scribante*.
41. The Taxpayer alleged that due to its small size and undesirable one bedroom one bathroom layout the value of the Subject Property should be reduced.
42. The Taxpayer did not present any information to quantify any unique impact the small size and layout would have on the value of the Subject Property.
43. The Taxpayer has not produced competent evidence that the County Board failed to faithfully perform its duties and to act on sufficient competent evidence to justify its actions.
44. The Taxpayer has not adduced clear and convincing evidence that the determination of the County Board is arbitrary or unreasonable and the decision of the County Board should be affirmed.
