

BEFORE THE NEBRASKA TAX EQUALIZATION AND REVIEW COMMISSION

Facilities Cost Management Group, LLC,
Appellant,

v.

Douglas County Board of Equalization,
Appellee.

Case No: 19R 0560

Decision and Order Affirming the
Determination of the Douglas
County Board of Equalization

Background

1. The Subject Property is a residential parcel improved with a 1,411 square foot ranch style property, with a legal description of: Rockbrook Lot 10 Block 13 109 X 125, Omaha, Douglas County, Nebraska.
2. The Douglas County Assessor (the County Assessor) assessed the Subject Property at \$200,700 for tax year 2019.
3. Facilities Cost Management Group, LLC (the Taxpayer) protested this value to the Douglas County Board of Equalization (the County Board) and requested an assessed value of \$160,500 for tax year 2019.
4. The County Board determined that the taxable value of the Subject Property was \$200,700 for tax year 2019.
5. The Taxpayer appealed the determination of the County Board to the Tax Equalization and Review Commission (the Commission).
6. A Single Commissioner hearing was held on April 2, 2021, at the Omaha State Office Building, 1313 Farnam, Room 227, Omaha, Nebraska before Commissioner Steven Keetle.
7. Merle W. Rambo was present at the hearing for the Taxpayer.
8. Kurt Skradis with the Douglas County Assessor/Register of Deeds Office (the County Appraiser) was present for the County Board.

Applicable Law

9. All real property in Nebraska subject to taxation shall be assessed as of the effective date of January 1.¹
10. The Commission’s review of a determination of the County Board of Equalization is de novo.²

¹ Neb. Rev. Stat. § 77-1301(1) (Reissue 2018).

² See Neb. Rev. Stat. § 77-5016(8) (Reissue 2018), *Brenner v. Banner Cty. Bd. of Equal.*, 276 Neb. 275, 286, 753 N.W.2d 802, 813 (2008). “When an appeal is conducted as a ‘trial de novo,’ as opposed to a ‘trial de novo on the record,’ it means literally a new hearing and not merely new findings of fact based upon a previous record. A trial de novo is conducted as though the earlier trial had not been held in the first place, and evidence is taken anew as such evidence is available at the time of the trial on appeal.” *Koch v. Cedar Cty. Freeholder Bd.*, 276 Neb. 1009, 1019 (2009).

11. When considering an appeal a presumption exists that the “board of equalization has faithfully performed its official duties in making an assessment and has acted upon sufficient competent evidence to justify its action.”³ That presumption “remains until there is competent evidence to the contrary presented, and the presumption disappears when there is competent evidence adduced on appeal to the contrary. From that point forward, the reasonableness of the valuation fixed by the board of equalization becomes one of fact based upon all the evidence presented. The burden of showing such valuation to be unreasonable rests upon the taxpayer on appeal from the action of the board.”⁴
12. The order, decision, determination or action appealed from shall be affirmed unless evidence is adduced establishing that the order, decision, determination, or action was unreasonable or arbitrary.⁵
13. Proof that the order, decision, determination, or action was unreasonable or arbitrary must be made by clear and convincing evidence.⁶
14. A Taxpayer must introduce competent evidence of actual value of the Subject Property in order to successfully claim that the Subject Property is overvalued.⁷
15. The Commission’s Decision and Order shall include findings of fact and conclusions of law.⁸

Findings of Fact & Conclusions of Law

16. The Taxpayer alleged that the assessed value of the Subject Property was not equalized with the assessed values of other comparable properties on a per square foot basis.
17. “To set the valuation of similarly situated property, i.e. comparables, at materially different levels, i.e., value per square foot, is by definition, unreasonable and arbitrary, under the Nebraska Constitution.”⁹
18. The Taxpayer presented information from the County Assessor’s web site regarding the Subject Property and three properties located near the Subject Property. However, the Taxpayer did not provide the Property Record Files (PRF) for these properties.
19. The County Board presented the PRF for the Subject Property. The PRF contains information about the characteristics of the Subject Property and information regarding the qualified sales that occurred in the economic area of the Subject Property. This information was used to determine the value attributed to each of the characteristics of residential properties in the area, including the Subject Property.

20. Comparable properties share similar use (residential, commercial/industrial, or agricultural), physical characteristics (size, shape, and topography), and location.¹⁰
21. “A sales comparison adjustment is made to account (in dollars or a percentage) for a specific difference between the subject property and a comparable property. As the comparable is made more like the subject, its price is brought closer to the subject’s unknown value.”¹¹
22. The information presented by the Taxpayer demonstrates that the properties presented are different than the Subject Property. The two parcels offered as comparable properties do not have fireplaces and basements, unlike the Subject Property; one is built on a slab and one has a crawl space. The property offered as a reference parcel is of a lower condition rating than the Subject Property and has no basement finish. Without the PRF for the comparable properties, the Commission is unable to determine the adjustments to apply to make the other properties comparable to the Subject Property.¹²
23. For example, the Subject Property is one of four properties that has a quality rating of very good, and it is the only very good quality property that is a two story property with a condition rating of good. All of the other very good quality properties have a lower condition rating of average.
24. Based on the information presented to the Commission, the properties presented by the Taxpayer are not comparable to the Subject Property.
25. The Taxpayer has not demonstrated that the assessed valuation of the Subject Property and similarly situated property are at materially different levels.
26. The Taxpayer alleged that the quality and condition ratings for the Subject Property and some of the other properties presented should be different.
27. The Taxpayer did not present information to show that the determinations of quality or condition made by the County Assessor’s office were unreasonable or arbitrary.
28. The Taxpayer has not produced competent evidence that the County Board failed to faithfully perform its duties and to act on sufficient competent evidence to justify its actions.
29. The Taxpayer has not adduced clear and convincing evidence that the determination of the County Board is arbitrary or unreasonable and the decision of the County Board should be affirmed.
