**APPEARANCES FOR THE COUNTY:**

**SUMMARY**

The Tax Equalization and Review Commission, as part of its equalization proceedings held pursuant to Neb. Const. Art. IV, §28; Neb. Rev. Stat. §77-5022 *et. seq.*, (Reissue 2003, Cum. Supp. 2006); 2007 Neb. Laws, LB 167, finds that the level of value of certain real property in Dawes County for tax year 2007, fails to satisfy the requirements of Neb. Const. Art. VIII, §1, and Neb. Rev. Stat. §77-5023 (2) (Cum. Supp. 2006). The Commission therefore orders an adjustment to the value of certain real property within Dawes County.

**I.  
REPORT AND OPINION  
OF THE PROPERTY TAX ADMINISTRATOR**

Dawes County (“County”), as required by Neb. Rev. Stat. §77-1514 (Cum. Supp. 2006), timely filed its Abstract of Assessment for 2007. The Property Tax Administrator (“Administrator”), based on that abstract and other information available to the Administrator, has filed certain statistical and narrative reports with the Nebraska Tax Equalization and Review Commission (“Commission”) and further has certified the Administrator's opinion regarding the

level of value and the quality of assessment of real property in the County for tax year 2007.

Neb. Rev. Stat. §77-5027 (Cum. Supp. 2006).

## **II. REVIEW OF ASSESSMENT PRACTICES**

The level of value for any class or subclass of real property is indicated by its median assessment-sales ratio unless that ratio is deemed unreliable, the sample from which the ratio is drawn is not representative of the class or subclass, or the level of value has been determined based on other generally accepted mass appraisal techniques

The uniformity and proportionality of assessments (the “quality” of assessments), under professionally accepted mass appraisal methods, are measured through the use of the Coefficient of Dispersion (“COD”) and the Price Related Differential (“PRD”).

## **III. APPLICABLE LAW**

1. The Commission is required to meet annually to equalize the assessed value, special value or recapture value of all real property as submitted by the county assessors on the abstracts of assessment and equalize the values of real property which is valued by the state. Neb. Rev. Stat. §77-5022 (Cum. Supp. 2006).
2. The Commission is required to raise or lower the valuation of a class or subclass of real property as necessary to achieve equalization. Neb. Rev. Stat. §77-5027 (Cum. Supp. 2006).
3. To achieve equalization the Commission is required to increase or decrease the value of a class or subclass of real property in any county or taxing authority or of real property

valued by the state so that all classes or subclasses of real property in all counties fall within an applicable acceptable range. Neb Rev. Stat. §77-5023(1) (Cum. Supp. 2006).

4. An applicable acceptable range is the percentage of variation from a standard for valuation as measured by an established indicator of central tendency of assessment. Neb. Rev. Stat. §77-5023(2) (Cum. Supp. 2006).
5. The median has been adopted by Commission as the preferred established indicator of central tendency. 442, Neb. Admin. Code, ch 9, §002.07 (01/07).
6. The applicable acceptable ratio range for the median of the “Assessment-Sales Ratio” is from 69% to 75% of actual or fair market value for the class and subclasses of agricultural land and horticultural land not receiving special valuation pursuant to Neb. Rev. Stat. §77-1344; 69% to 75% of special valuation and 69% to 75% of recapture valuation for the class and subclasses of agricultural land and horticultural land receiving special valuation pursuant to Neb. Rev. Stat. §77-1344; and 92% to 100% of actual or fair market value for all other classes and subclasses of real property. Neb. Rev. Stat. §77-5023(2) (Cum. Supp. 2006). Whether or not the level of value determined by the Commission falls within the applicable acceptable range may be determined to a reasonable degree of certainty relying upon generally accepted mass appraisal techniques. Neb. Rev. Stat. § 77-5023(5) (Cum. Supp. 2006); 2007 Neb. Laws, LB 167, §9.
7. If the commission makes an initial determination that the level of value of a class or subclass of real property within a county fails to satisfy the requirements of section 77-5023, the commission is required to issue a notice to the county for a hearing, on five

days notice, at which legal representatives of the county and interested persons may show why an adjustment should not be made. Neb. Rev. Stat. §77-5026 (Cum. Supp. 2006); 2007 Neb. Laws. LB 167, §10.

8. Any increase or decrease of value shall cause the level of value determined by the commission to be at the midpoint of the applicable acceptable range. Neb. Rev. Stat. §77-5023 (3) (Cum. Supp. 2006); 2007 Neb. Laws, LB 167, §9.
9. Any decrease or increase to a subclass of property shall also cause the level of value determined by the Commission for the class from which the subclass is drawn to be within the applicable acceptable range. Neb. Rev. Stat. §77-5023(4) (Cum. Supp. 2006); 2007 Neb. Laws LB 167, §9.
10. An increase or decrease to the value of a class or subclass of real property in Dawes County may only be made after a hearing held not less than five days after mailing notice of the hearing to the county clerk, county assessor, and the chairperson of the county board for Dawes County unless notice is waived by a legal representative of the County. Neb. Rev. Stat. 77-5026 (Cum. Supp. 2006); 2007 Neb. Laws, LB 167, §10.
11. The appropriate COD range for the residential class and subclasses of real property is between 0 and 15 and the appropriate COD range for all other classes and subclasses of real property is between 0 and 20. 442 Neb. Admin. Code, ch 9, §005.04B (01/07).
12. The appropriate PRD range for all classes and subclasses of real property is between .98 and 1.03. 442 Neb. Admin. Code, ch 9, §005.04C (01/07).

**IV.  
EVIDENCE BEFORE THE COMMISSION**

The Commission may consider and utilize the provisions of the Constitution of the United States, the Constitution of Nebraska, the laws of the United States, the laws of Nebraska, the Code of Federal Regulations, the Nebraska Administrative Code, any decision of the several courts of the United States or the State of Nebraska, and the legislative history of any law, rule, or regulation, without making the document a part of the record. The Commission may without inclusion in the record consider and utilize published treatises, periodicals, and reference works pertaining to the valuation or assessment of real or personal property or the meaning of words and phrases if the document is identified in the Commission's rules and regulations.

Neb. Rev. Stat. §77-5016(3) (Cum. Supp. 2006). The Commission pursuant to statute has identified various published treatises, periodicals and reference works for its consideration and utilization. 442 Neb. Admin. Code, ch 5, §29 (01/07). The Commission heard testimony and received exhibits. No information or evidence, except that permitted by law, may be considered.

**V.  
FINDINGS OF FACT**

The level of value for any class or subclass of real property is indicated by its median assessment-sales ratio unless that ratio is deemed unreliable, the sample from which it is drawn is not representative of the class or subclass, or the level of value has been determined by the Property Tax Administrator based on other generally accepted mass appraisal techniques.
3. The Commission's Order to Show Cause and Notice of Hearing dated April 23, 2007 proposing an adjustment to the level of value of real property in Dawes County was mailed to the County Clerk, County Assessor, and Chairperson of the County Board for Dawes County on April 23, 2007.
