AND REVIEW COMMISSION**

IN THE MATTER OF THE)	COUNTY NUMBER 9
EQUALIZATION OF VALUE)	FINDINGS AND ORDERS
OF REAL PROPERTY WITHIN)	ADJUSTING VALUES
BROWN COUNTY, NEBRASKA,)	
FOR TAX YEAR 2008)	

APPEARANCES FOR THE COUNTY:

SUMMARY

The Tax Equalization and Review Commission, as part of its equalization proceedings held pursuant to Neb. Const. art. IV, §28; Neb. Rev. Stat. §77-5022 *et. seq.*, (Reissue 2003, Cum. Supp. 2006, and Supp. 2007) finds that the level of value of certain real property in Brown County for tax year 2008, fails to satisfy the requirements of Neb. Const. art. VIII, §1, and Neb. Rev. Stat. §77-5023(2) (Supp. 2007). The Commission therefore orders an adjustment to the value of certain real property within Brown County.

**I.
REPORT AND OPINION
OF THE PROPERTY TAX ADMINISTRATOR**

Brown County (“County”), as required by Neb. Rev. Stat. §77-1514 (Cum. Supp. 2006), timely filed its Abstract of Assessment for 2008. The Property Tax Administrator (“Administrator”), based on that abstract and other information available to the Administrator, has filed certain statistical and narrative reports with the Nebraska Tax Equalization and Review Commission (“Commission”) and further has certified the Administrator's opinion regarding the level of value and the quality of assessment of real property in Brown County for tax year 2008, as required by Neb. Rev. Stat. §77-5027 (Cum. Supp. 2006).

II. REVIEW OF ASSESSMENT PRACTICES

The level of value for any class or subclass of real property is indicated by its median assessment-sales ratio unless that ratio is deemed unreliable, the sample from which the ratio is drawn is not representative of the class or subclass, or the level of value has been determined based on other generally accepted mass appraisal techniques

The uniformity and proportionality of assessments (the “quality” of assessments), under professionally accepted mass appraisal methods, are measured through the use of the Coefficient of Dispersion (“COD”) and the Price Related Differential (“PRD”).

III. APPLICABLE LAW

1. The Commission is required to meet annually to equalize the assessed value, special value or recapture value of all real property as submitted by the county assessors on the abstracts of assessment and equalize the values of real property which is valued by the state. Neb. Rev. Stat. §77-5022 (Cum. Supp. 2006).
2. The Commission is required to raise or lower the valuation of a class or subclass of real property as necessary to achieve equalization. Neb. Rev. Stat. §77-5027 (Cum. Supp. 2006).
3. To achieve equalization the Commission is required to increase or decrease the value of a class or subclass of real property in any county or taxing authority or of real property valued by the state so that all classes or subclasses of real property in all counties fall within an applicable acceptable range. Neb. Rev. Stat. §77-5023(1) (Supp. 2007).

4. An applicable acceptable range is the percentage of variation from a standard for valuation as measured by an established indicator of central tendency of assessment. Neb. Rev. Stat. §77-5023(2) (Supp. 2007).
5. The median has been adopted by Commission as the preferred established indicator of central tendency. 442, Neb. Admin. Code, ch 9, §004 (10/07).
6. The applicable acceptable ratio range for the median of the “Assessment-Sales Ratio” is from 69% to 75% of actual or fair market value for the class and subclasses of agricultural land and horticultural land not receiving special valuation pursuant to Neb. Rev. Stat. §77-1344; 69% to 75% of special valuation and 69% to 75% of recapture valuation for the class and subclasses of agricultural land and horticultural land receiving special valuation pursuant to Neb. Rev. Stat. §77-1344; and 92% to 100% of actual or fair market value for all other classes and subclasses of real property. Neb. Rev. Stat. §77-5023(2) (Supp. 2007).
7. Whether or not the level of value determined by the Commission falls within the applicable acceptable range may be determined to a reasonable degree of certainty relying upon generally accepted mass appraisal techniques. Neb. Rev. Stat. § 77-5023(5) (Supp. 2007).
8. If the Commission makes an initial determination that the level of value of a class or subclass of real property within a county fails to satisfy the requirements of section 77-5023, the Commission is required to issue a notice to the county for a hearing, on five days notice, at which legal representatives of the county and interested persons may show why an adjustment should not be made. Neb. Rev. Stat. §77-5026 (Supp. 2007).

9. Any increase or decrease of value shall cause the level of value determined by the commission to be at the midpoint of the applicable acceptable range. Neb. Rev. Stat. §77-5023(3) (Supp. 2007).
10. Any decrease or increase to a subclass of property shall also cause the level of value determined by the Commission for the class from which the subclass is drawn to be within the applicable acceptable range. Neb. Rev. Stat. §77-5023(4) (Supp. 2007).
11. An increase or decrease to the value of a class or subclass of real property in Brown County may only be made after a hearing held not less than five days after mailing notice of the hearing to the county clerk, county assessor, and the chairperson of the county board for Brown County unless notice is waived by a legal representative of the County. Neb. Rev. Stat. §77-5026 (Supp. 2007).
12. The appropriate COD range for the residential class and subclasses of real property is between 0 and 15 and the appropriate COD range for all other classes and subclasses of real property is between 0 and 20. 442 Neb. Admin. Code, ch 9, §005.02 (10/07).
13. The appropriate PRD range for all classes and subclasses of real property is between .98 and 1.03. 442 Neb. Admin. Code, ch 9, §005.03 (10/07).

IV. EVIDENCE BEFORE THE COMMISSION

The Commission may consider and utilize the provisions of the Constitution of the United States, the Constitution of Nebraska, the laws of the United States, the laws of Nebraska, the Code of Federal Regulations, the Nebraska Administrative Code, any decision of the several courts of the United States or the State of Nebraska, and the legislative history of any law, rule,

or regulation, without making the document a part of the record. The Commission may without inclusion in the record consider and utilize published treatises, periodicals, and reference works pertaining to the valuation or assessment of real or personal property or the meaning of words and phrases if the document is identified in the Commission's rules and regulations.

Neb. Rev. Stat. §77-5016(3) (Supp. 2007). The Commission pursuant to statute has identified various published treatises, periodicals and reference works for its consideration and utilization.

442 Neb. Admin. Code, ch 5, §32 (10/07). The Commission heard testimony and received exhibits. No information or evidence, except that permitted by law, may be considered.

Neb. Rev. Stat. §77-5016(3) (Supp. 2007). The Commission may evaluate the evidence presented utilizing its experience, technical competence, and specialized knowledge.

Neb. Rev. Stat. §77-5016(5) (Supp. 2007).

V. FINDINGS OF FACT

The Commission finds and determines the following concerning classes and subclasses of real property in Brown County:

PROCEDURAL

A statistical and narrative report informing the Commission of the level of value and the quality of assessments of the classes and subclasses of real property for Brown County and certifying the opinion of the Property Tax Administrator regarding the level of value and the quality of assessment of real property in Brown County, for the tax year 2008 was timely received by the Commission. (E9).

The level of value for any class or subclass of real property is indicated by its median assessment-sales ratio unless that ratio is deemed unreliable, the sample from which it is drawn is not representative of the class or subclass, or the level of value has been determined by the Property Tax Administrator based on other generally accepted mass appraisal techniques.
3. The Commission's Order to Show Cause and Notice of Hearing dated April 21, 2008, proposing an adjustment to the level of value of real property in Brown County was mailed to the County Clerk, County Assessor, and Chairperson of the County Board for Brown County on April 21, 2008.

Rev. Stat. §77-5023 (Supp. 2007). An adjustment by a percentage to the level of value of a subclass of the agricultural land and horticultural land class of real property not receiving special valuation might improve a measure of the quality of assessment practices but an adjustment for that purpose is not warranted.
31. The level of value for each subclass of the agricultural land and horticultural land class of real property not receiving special valuation is either within the applicable acceptable range, the number of sales for a subclass are insufficient to provide a reliable statistical study of the subclass, the median assessment-sales ratio has been determined to be unreliable, or an adjustment by a percentage of value is not appropriate based on the record before the Commission.
