

# SALES FILE PRACTICE MANUAL

Exhibit 107

2009 Equalization Proceedings before the Tax Equalization and Review Commission

April 2009

## Preface

The Department of Revenue, Property Assessment Division (Division) is under the direction of the Tax Commissioner and the Property Tax Administrator.

The Division is required by Neb. Rev. Stat. §77-1327 (R.S. Supp., 2007) to develop and maintain a state-wide sales file of all arm's length transactions. From this sales file the Division prepares an assessment sales ratio study in compliance with acceptable mass appraisal standards. The assessment sales ratio study is the primary mass appraisal performance evaluation tool. From the sales file, the Division prepares statistical analysis from a non-randomly selected set of observations; know as sales, from which inferences about the population, known as a class or subclass of real property, may be drawn.

Form 521 Overview

### HISTORY OF THE SALES FILE

Neb. Rev. Stat. Section 77-1327 states in subsection (1) that "[I]t is the intent of the Legislature that accurate and comprehensive information be made accessible to the taxpayer in order to ensure the quality and uniformity of assessment practices on both intercounty and intracounty valuations."

Subsection (3) specifically allows the Property Tax Administrator to "require assessors and other local officers to report to him or her data on taxable valuations and other features of the property tax for such periods and in such form and content as the Property Tax Administrator shall require."

Pursuant to Section 77-1377 the Property Tax Administrator shall create a statewide file on real estate sales to compile data and information regarding hard-to-assess property, including situations in which a local property may have few available comparable sales.

The Property Tax Administrator shall make the file available through the Field Liaison to county assessors and county clerks performing the duties of county assessors.

The sales file maintained by the Property Assessment Division is used for several purposes such as:

- Determining the level of value and quality of assessment of real property in Nebraska.
- Providing statistical and narrative reports to the Tax Equalization and Review Commission.
- Determining adjusted valuation for certification to the Department of Education for state aid to education.
- Developing assessment strategies by County Assessors.

#### STATUTES/REGULATIONS

Nebraska Statutes 77-1327, 77-1361, 77-1371, and 77-1377.

Regulations Chapter 12 - Sales File Regulations.

### **OVERALL SALES FILE PROCESS**

#### DATA COLLECTION

The county assessor shall send in to the Tax Commissioner all Real Estate Transfer Statements, Forms 521, and supplemental information on a timely basis. All transactions of real property for which the Real Estate Transfer Statement Form 521 is filed shall be available for development of a sales file by the Property Tax Administrator.

The Property Tax Administrator shall develop a sales database. All transactions with stated consideration of more than one hundred dollars or upon which more than two dollars and twenty-five cents in documentary stamp taxes are paid shall be considered sales. All sales shall be deemed arm's length transactions unless determined to be otherwise under professionally accepted mass appraisal techniques.

The county assessor may indicate on a supplemental sales worksheet their opinion as to whether the sale is qualified or is non-qualified for inclusion in the determination of the assessment statistics.

The Property Tax Administrator may verify sales to determine the usability of the transaction in measuring the level of value and quality of assessment. The Division shall not overturn a determination made by a county assessor regarding the qualification of a sale unless the division verifies the sale and determines through the verification process that the determination made by the county assessor is incorrect.

#### **VERIFICATION PROCESS**

The Property Tax Administrator shall send a "roster" of the total data based to the county assessor for a review of the accuracy of the information. Sales rosters are available for use through the Assessor Assistant any time during the year.

The county assessor shall review the sales roster for any errors such as incorrect parcel identification numbers and property classification, and shall also verify that the assessed valuations at the time of the sale and for the current year are correct. The county assessor shall update the files electronically through the assessor assistant program with corrections or deliver to the Division the pages of the sales roster which contain the corrections.

#### **PROTEST PERIOD**

The county assessor may protest the inclusion or exclusion of a sale, or the adjustment or failure to make an adjustment to a sale.

The Tax Commissioner shall review any protests of the sales file filed by a county assessor and issue a written ruling on the protest.

The burden of proof to alter the contents of the qualified sales roster after the verification process shall be on the assessor filing the protest to provide evidence to the Tax Commissioner to show, by more than a mere difference of opinion, that the property should be treated in the manner advocated by the assessor who filed the protest.

#### APPEAL

A county assessor that filed a protest with the Tax Commissioner may appeal the ruling of the Tax Commissioner to the Tax Equalization and Review Commission.

#### ANALYSIS

The Property Tax Administrator shall test the sales data provided by the county assessor to ensure that the sales reporting and processing procedures are being followed uniformly. The test shall include both qualified and non-qualified sales.

The Property Tax Administrator shall calculate the level of assessment and other statistical indicators of the quality of assessment, such as the coefficient of dispersion and price-related differential, of all of a class or subclass of property and provide statistical reports based upon data in the sales file as required by the measurement standards issued annually by the Property Tax Administrator.

#### CURRENT DATA AVAILABLE IN SALES FILE

Agricultural Land

Time frame: 3 years of data.

Commercial

Time frame: 3 years of data.

Residential

Time frame: 2 years of data.

## SALES FILE - FORM 521 PURPOSE

The Real Estate Transfer Statement, Form 521, is used by the county register of deeds to determine whether transactions affecting the title to real property are subject to, or exempt from, documentary stamp tax. The documentary stamp tax is taxed to the grantor executing the real property transfer at the rate of two dollars and twenty-five cents for each one thousand dollars value or fraction thereof. *See*, Neb. Rev. Stat. §76-901 (R.S. Supp., 2005). This tax is collected at the time the deed, memorandum of contract, or land contract is presented to the county register of deeds for recording.

Every deed, memorandum of contract, land contract, or any other instrument affecting title to real property shall be recorded when delivered to the register of deeds. It is the responsibility of the register of deeds to ensure the Form 521 accompanies the recorded instrument and that the Form 521 is completed in compliance with the statutory requirements found in Neb. Rev. Stat. §76-214 (R.S. Supp., 2008). If the Form 521 does not accompany the instrument to be recorded or is not completed properly the register of deeds shall not record the deed, memorandum of contract, or land contract.

The information contained on the Form 521 provides the basis for equitable treatment of all taxpayers by the county assessor, county board of equalization, and the Tax Equalization and Review Commission. The Division also uses this information to develop and maintain a state-wide sales file of all arm's length transactions, from which the level of value of each class as indicated by sales transactions across the state are published. *See*, Neb. Rev. Stat. §77-1327 (R.S. Supp., 2007).

The following are questions to guide the decision process to determine if the Form 521 represents a sale of real property or only the transfer of an interest in the real property.

- 1. Is the transfer for the sale of a parcel of real property?
  - a. Does the Form 521 represent a sale of real property?
  - b. Were all interests to the real property sold or was only a partial interest of the real property sold?
  - c. Were non-real property interests included in the sale and reported on line 24 of the 521 (i.e. personal property, motor vehicle, blue sky, franchise or inventory)?
  - d. Does the stated selling price report the value paid for the real property?

- 2. Is the transfer for a name change or splitting interest to the parcel?
  - a. Does the 521 represent a transfer of convenience (i.e. correcting defects in a title)?
  - b. Was the 521 transfer completed for an estate transfer (distribution of property to heirs)? (Estate transfers represent a transfer of ownership or control, but not a sale of real property.) There may be an actual sale of an estate, but usually not an arm's-length one may be with a deed of distribution.
  - c. Was the 521 transfer completed for divorce proceedings? Represents a settlement of ownership but not a sale of real property, may use a quit claim deed.
  - d. Does the transfer represent a changing the parcel to a joint tenancy or common tenancy? Represents a change in the form of ownership, but not a sale of real property.
  - e. Does the transfer represent a corporate restructure and not the actual sale or change of ownership of property?
- 3. The type of deed. (Deed a document or written legal instrument which, when executed and delivered, conveys an interest in or legal title to a property.)

**76-203. Deed, defined.** The term deed, as used in sections 76-201 to 76-281, shall be construed to embrace every instrument in writing by which any real estate or interest therein is created, aliened, mortgaged or assigned, or by which the title to any real estate may be affected in law or equity, except last wills and leases for one year or for a less time.

- a. Warranty deed Warrants good and clear title A deed containing a covenant (a promise written into a legal agreement that binds the parties to abide by or refrain from certain acts) of warranty whereby the grantor of an estate of freehold guarantees that the title that he or she undertakes to transfer is free from defects and that the property is unencumbered except as stated, and whereby the grantor, for him or herself and his or her heirs, undertakes to defend and protect the grantee against any loss that may be suffered by reason of the existence of any other title or interest in the property existing at the time the deed was executed and not excepted therein.
- b. Quitclaim deed Does not profess the title is valid A deed in which the grantor conveys or relinquishes all interests that he or she may have in a property, without warrant as to the extent or validity of such interest.
- c. Corrective deed replaces a deed which has already been recorded but contains an error.
- d. Sheriff's deed- A document giving ownership rights in property to a buyer at a sheriff's sale (i.e. a sale held by a sheriff to pay a court judgment against the owner of the property). Deed given at sheriff's sale in foreclosure of a mortgage. The giving of said deed begins a statutory redemption period. (Blacks Law Dictionary)
- e. Conservator deed A deed which is issued by a Committee, Personal Representative or Guardian, a person appointed by the Court to administer the property of a person who is not capable of managing his own affairs.
- f. Land Contract. A land contract is a contract between the buyer and a private seller of a property, wherein the seller holds the title or deed to the property until all agreed upon

payments have been made in full. The seller provides financing to buy the property and the buyer repays the loan in installments.

- g. Executor deed A deed which is issued by a person appointed by a testator (one who has made a will) to carry out the provisions of his will; the executor is that person who carries out the provisions of the will.
- h. Partition deed A deed issued pursuant to a court ordered division of property owned by two or more owners, may take form of a physical division of the property or a forced sale and division of the proceeds.
- i. Personal Representative's deed a personal representative deed is used by a personal representative to transfer the real property from an estate to the beneficiaries or purchasers.
- j. Mineral deed An instrument which transfers to the purchaser only an interest in the subsurface portion of the property, while retaining to the vendor the surface or air rights.
- k. Trust deed A sealed instrument in writing, duly executed and delivered, conveying or transferring property to a trustee, usually but not necessarily covering real property. A written contract that sets forth the understanding between the trustor and trustee. It generally contains a set of instructions to describe the manner in which the trust property is to be held and invested, the purposes for which it's benefits (income or principal) are to be used, and the duration of the agreement.
- 1. Cemetery deed A deed for a cemetery lot.
- m. Deed of trust An instrument taking the place and serving the uses of a mortgage, by which the legal title to real property is placed in one or more trustees, to secure the repayment of a sum of money or the performance of other conditions.

### FORM 521 OVERVIEW

## The Department of Revenue Property Assessment Division may be referred to as the "Division" and the Property Tax Administrator may be referred to as the "PTA".

The following is an overview of the statutes that direct the sales file, followed by complete copies of statutes 76-214 and 77-1327.

#### Statutes

## 76-214 Deed, memorandum of contract, or land contract; recorded; tax statement required; access.

(1) Every grantee who has a deed to real estate recorded and every purchaser of real estate who has a memorandum of contract or land contract recorded shall, at the time such deed, memorandum of contract, or land contract is presented for recording, file with the register of deeds a completed statement as prescribed by the Tax Commissioner. For all deeds and all memoranda of contract and land contracts recorded on and after January 1, 2001, the statement shall not require the social security number of the grantee or purchaser or the federal employer identification number of the grantee or purchaser. This statement may require the recitation of any information contained in the deed, memorandum of contract, or land contract, the total consideration paid, the amount of the total consideration attributable to factors other than the purchase of the real estate itself, and other factors which may influence the transaction. This statement shall be signed and filed by the grantee, the purchaser, or his or her authorized agent. The register of deeds shall forward the statement to the county assessor. If the grantee or purchaser fails to furnish the prescribed statement, the register of deeds shall not record the deed, memorandum of contract, or land contract. The register of deeds shall indicate on the statement the book and page or computer system reference where the deed, memorandum of contract, or land contract is recorded and shall immediately forward the statement to the county assessor. The county assessor shall process the statement according to the instructions of the Property Tax Administrator and shall, pursuant to the rules and regulations of the Tax Commissioner, forward the statement to the Tax Commissioner.

(2) Any person shall have access to the statements at the office of the Tax Commissioner or county assessor if the statements are available and have not been disposed of pursuant to the records retention and disposition schedule as approved by the State Records Administrator.

## 77-1327 Legislative intent; Property Tax Administrator; sales file; studies; powers and duties.

(1) It is the intent of the Legislature that accurate and comprehensive information be developed by the Property Tax Administrator and made accessible to the taxing officials and property owners in order to ensure the uniformity and proportionality of the assessments of real property valuations in the state in accordance with law and to provide the statistical and narrative reports pursuant to section 77-5027.

(2) All transactions of real property for which the statement required in section 76-214 is filed shall be available for development of a sales file by the Property Tax Administrator. All transactions with stated consideration of more than one hundred dollars or upon which more than two dollars and twenty-five cents in documentary stamp taxes are paid shall be considered sales. All sales shall be deemed to be arm's length transactions unless determined to be otherwise under professionally accepted mass appraisal techniques. The Department of Revenue shall not overturn a determination made by a county assessor regarding the qualification of a sale unless the department reviews the sale and determines through the review that the determination made by the county assessor is incorrect.

(3) The Property Tax Administrator annually shall make and issue comprehensive assessment ratio studies of the average level of assessment, the degree of assessment uniformity, and the overall compliance with assessment requirements for each major class of real property subject to the property tax in each county. The comprehensive assessment ratio studies shall be developed in compliance with professionally accepted mass appraisal techniques and shall employ such statistical analysis as deemed appropriate by the Property Tax Administrator, including measures of central tendency and dispersion. The comprehensive assessment ratio studies shall be based upon the sales file as developed in subsection (2) of this section and shall be used by the Property Tax Administrator for the analysis of the level of value and quality of assessment for purposes of section 77-5027 and by the Property Tax Administrator in establishing the adjusted valuations required by section 79-1016. Such studies may also be used by assessing officials in establishing assessed valuations.

(4) For purposes of determining the level of value of agricultural and horticultural land subject to special valuation under sections 77-1343 to 77-1348, the Property Tax Administrator shall annually make and issue a comprehensive study developed in compliance with professionally accepted mass appraisal techniques to establish the level of value if in his or her opinion the level of value cannot be developed through the use of the comprehensive assessment ratio studies developed in subsection (3) of this section.

(5) The Property Tax Administrator may require assessors and other taxing officials to report data on the assessed valuation and other features of the property assessment for such periods and in such form and content as the Property Tax Administrator shall deem appropriate. The Property Tax Administrator shall so construct and maintain the system used to collect and analyze the data to enable him or her to make intracounty comparisons of assessed valuation, including school districts, as well as intercounty comparisons of assessed valuation, including school districts. The Property Tax Administrator shall include analysis of real property sales pursuant to land contracts and similar transfers at the time of execution of the contract or similar transfer.

#### **INSTRUCTIONS**

The Register of Deeds shall not accept a deed for recording unless items 1 through 25 are properly completed and this statement is signed.

**WHO MUST FILE.** Any grantee, or the grantee's authorized representative, who has a deed to real property recorded must file this statement. A land contract or memorandum of contract requires a completed transfer statement, which will be exempt from the documentary stamp tax until the deed is presented for recording.

**WHEN AND WHERE TO FILE.** This statement must be filed with the Register of Deeds when the deed or land contract or memorandum of contract is presented for recording.

#### SPECIFIC INSTRUCTIONS GRANTEE (BUYER)

**ITEM 1.** Indicate county where property is located. If located in more than one county, indicate county where transfer is being filed.

**ITEM 4.** The date of the deed is the date on which it was signed by the grantor unless otherwise specified in the deed.

**ITEMS 5 AND 6.** Enter the complete name, address, and telephone number. Business addresses should be used for business organizations such as corporations, trusts, and partnerships.

**ITEM 7.** Indicate the type of property being transferred. Mark only one box in categories A and B. Mark C only if property is a mobile home. IOLL means improvement on leased land.

**ITEM 8.** The type of deed includes, but is not limited to: tax, warranty, quit claim, partition, mineral, sheriff, cemetery, trustee, correction, land contract, and bill of sale conveying realty or tenements.

**ITEM 9.** Check appropriate box to indicate whether the transfer is a like-kind exchange under Internal Revenue Code Section 1031.

**ITEM 11.** Check the appropriate box to indicate what property interests were retained or transferred. If the box marked "NO" is checked, explain.

**ITEM 12.** A purchase for the same use would mean a purchase with the same intended use of the property. Examples of change in use are a vacant lot becoming a cemetery or an agricultural lot becoming a subdivision.

**ITEM 13.** Check the appropriate box to indicate if the transfer was between relatives. A relative is a seller related to the buyer by blood or marriage.

**ITEM 14.** Indicate the current market value of the real property. Current market value is the purchase price which would be paid for the real property purchased, based upon a sale between a willing buyer and a willing seller in the ordinary course of trade made at the time of registering this deed.

**ITEM 15.** Check the box marked "YES" if the buyer assumed a mortgage as part of the purchase price, and indicate the amount and interest rate. If no mortgage was assumed, check the box marked "NO."

**ITEM 16.** If this transfer subdivides the subject property into two or more parcels, check the box marked "YES." If this transfer does not subdivide or split the property, check the box marked "NO."

**ITEM 20.** The legal description can be found in your deed or abstract of the real property.

**ITEM 21.** Indicate the total number of acres included if the transfer was of agricultural or horticultural land.

**ITEM 22.** Enter the total purchase price or consideration paid or to be paid, including cash, mortgages, property traded, assumed liabilities, leases, easements, and personal property purchased.

**ITEM 23.** Enter the total dollar value of items which are included in the total purchase price but are not considered a part of the real property. If none, check the box marked "NO" and enter zero.

**AUTHORIZED SIGNATURE.** This statement must be signed and dated by the grantee or the grantee's authorized representative.

#### **REGISTER OF DEEDS**

The Register of Deeds shall not record the deed if items 1 through 25 on this statement have not been completed or the statement has not been signed by the grantee or authorized representative.

The Register of Deeds shall complete items 26 through 29 at the time the deed is recorded.

The Register of Deeds shall forward this statement to the assessor when items 1 through 29 are complete.

- Item #1 County Name Indicate the county where the property is located. If located in more than one county, indicate the county where the real property transfer is being filed.
- Item #2 County Number Indicate the one (1) or two (2) digit number identifying the alphabetical order by name of the county, **not** the license number historically assigned for motor vehicles.
- Item #3 Date of Sale Indicate the actual sale date of the transfer of the real property. Use a MM/DD/YY format. This field is used by the county assessors and the Property Assessment Division for sales file and analysis purposes.
- Item #4 Date of Deed Indicate the date of the instrument to be recorded. Use a MM/DD/YY format.
- Item #5 and 6 Grantor's and Grantee's Name, Address and Telephone Number Indicate the name of the person(s) selling the real property and the name of the person(s) purchasing the real property. This information is required for verification in the sales analysis, county reappraisal, questionable items for documentary stamp tax, and income tax purposes.
- Item #7 Property Classification Number Check the box that best describes the real property being transferred.

#### Part (A) Status:

- **1 Improved** means land upon which buildings are located.
- 2 **Unimproved** means land without buildings or structures.
- **3 IOLL (Improvements on Leased Land)** means any item of real property which is located on land owned by a person other than the owner of the item.

**Part (B) Property Type** – The predominant use of the parcel of real property at the time of the sale, regardless of the parcel's legal use or zoning.

- 1. Single family means all parcels of real property predominantly used or intended to be used as a dwelling place or abode whether occupied by the owner, tenant or lessee, and where occupancy is for a period of time usually year-round as opposed to a transitory occupancy by a single family or two families.
- 2. Multi-family means all dwellings predominantly used for occupancy by more than two families.

- **3. Commercial** means all parcels of real property predominantly used or intended to be used for commerce, trade, or business.
- **4. Industrial** means all parcels of real property predominantly used or intended to be used for the process or manufacture of goods or materials.
- 5. Agricultural means all parcels of land, excluding any building or enclosed structure and the land associated with such building or enclosed structure located on the parcel, which are primarily used for agricultural or horticultural purposes, including wasteland lying in or adjacent to and in common ownership or management with other agricultural land or horticultural land.
- 6. **Recreational** means all parcels of real property predominantly used or intended to be used for diversion, entertainment, and relaxation on an occasional basis.
- 7 & 8. Mineral Interests means the ownership of any mines, minerals, quarries, mineral springs and wells, oil and gas wells, overriding royalty interest, and production payments with respect to oil and gas leases.
- **9. State Assessed** means all centrally assessed operating real property valued by the Property Tax Administrator.
- **10. Exempt** means all parcels of real property that receive a property tax exemption.

Part (C) – Check this box for all mobile homes, irrespective of use.

- **Item #8 Type of Deed** Indicate the type of deed involved in the transaction. If "Other" is checked, an explanation is required.
- **Item #9 1031 Exchange** Check appropriate box to indicate wither the transfer is a likekind exchange under Internal Revenue Code Section 1031.
- Item #10 Type of Transfer Indicate the type of transfer. If "Other" is checked, an explanation is required. This field is used by the county assessors and the Division for sales file and analysis purposes. This file can also be used by the register of deeds as an aid for documentary stamp tax purposes.
- Item #11 Ownership Transferred in Full Indicate whether ownership was transferred in full. If "No" is checked, an explanation is required. This field is used by the county assessors and the Division for sales file and analysis purposes. This file can also be used by the register of deeds as an aid for documentary stamp tax purposes.
- Item #12 Was real estate purchased for same use? Indicate whether the real property was purchased for the same use. If "No" is checked, an explanation is required. This field is used by the county assessors and the Division to determine use changes and possible assessment valuation changes.

- Item #13 Was transfer between relatives, or if a trustee, are the trustor and beneficiary relatives? Indicate whether the transfer was between relatives. If "No" is checked, an explanation is required. This field is used by the county assessors and the Division for sales file and analysis purposes. This file can also be used by the register of deeds as an aid for documentary stamp tax purposes.
- Item #14 What is the current market value of the real property? This field is used by the register of deeds and the Department of Revenue in calculating documentary stamp tax when real property is transferred for less than actual value. The current market value should be indicated even if the transfer is exempt from real property taxation, and whenever the amount reflected on Item #24 is nominal.
- Item #15 Was mortgage assumed? This field is used by the register of deeds to determine taxable value when Item #24 shows only the cash portion of the transaction, which if completed in this manner is incorrect as the purchase price should reflect the any and all mortgages. This field is used by the county assessors and the Division for appraisal and market analysis purposes.
- Item #16 Does this conveyance divide a current parcel of land? Indicate whether the transaction divides the real property parcel. This field is used by the county assessors and the Division for appraisal and market analysis purposes.
- Item #17 Was sale through a real estate agent? Indicate whether a real estate agent was involved in the transaction. If "Yes" is checked, indicate the name of the real estate agent. If a real estate agent was involved in the transaction, the agent may be contacted concerning the transfer as they may have information regarding the conditions involved in the transfer. The real estate agent's telephone number and company affiliation is also helpful. This field is used by the county assessors and the Division for appraisal and sales analysis purposes.
- Item #18 Address of Property Indicate the address of the situs of the real property. Location is helpful if the address if unclear; e.g. "East of northeast corner of section 12," etc. This field is used by the county assessors, the Division, and the Department of Revenue for locating and verifying the legal description of the real property.
- Item #19Name and Address of Person to Whom Tax Statement Should be sent –Indicate to whom and where the annual tax statements should be sent.
- Item #20 Legal Description Indicate the actual legal description of record for the real property being transferred. This field is used by the county assessors, the Division, the Department of Revenue, and the register of deeds as the primary source of identification of the real property being transferred.

- Item #21 If Agricultural, List total number of acres Indicate the number of acres involved in the transaction, if the transaction involves agricultural land. This field should be completed for agricultural home sites, as well as farms and ranches.
- Item #22 Total Purchase Price, including any liabilities assumed Indicate the total purchase price in terms of money, including the real property, the value of personal property, assumed mortgages, other liabilities, or other property traded in the transfer.
- Item #23 Was non-real property included in purchase? Indicate the value of all personal property involved in the transfer. A list itemizing the personal property must be included with the Form 521. If no list is included, the deed or instrument can be recorded, but the documentary stamp tax will be computed on the total purchase price, not the adjusted purchase price. (See, Regulation Chapter 12). This field is used by the county assessors, the Division, the Department of Revenue, and the register of deeds to determine the actual value applies to the real property.

Check the list of personal property included in the transfer to verify that items such as houses, cabins, agricultural storage bins, wells, etc. are not included as personal property. These items are real property and **should not** be deducted from the purchase price. *See*, Neb. Rev. Stat. §77-103 for the definition of real property.

- Item #24 Adjusted purchase price paid for real estate Indicate the actual value applied to the real property. This amount should be used by the register of deeds for calculation and collection of documentary stamp tax, unless nominal (See, Reg. 52-002.08B). This field is used by the county assessors, and the Division to determine the real property value for real property assessment purposes.
- Item #25 Print of type name of grantee or authorized representative Print name and include telephone number.

**Signature** – The Form 521 must be signed before it is considered statutorily complete. See, Neb. Rev. Stat. §76-214 (R.S. Supp., 2008).

Item #26-29 – The entries on these items must coincide with the entries made by the register of deeds on the deed or instrument being recorded for the transfer.

**Regulation 12**

#### Title 350- Nebraska Department of Revenue, Property Assessment Division Chapter 12 - Sales File

#### REG-12-001 PURPOSE

001.01 The purpose of these regulations is to define terms and establish procedures for the sales file. The sales file is a data base of sales of real property, including arm's length transactions, in the State of Nebraska. The sales file is required to be developed by the Property Tax Administrator in compliance with professionally accepted mass appraisal methodology.

001.02 The data gathered and compiled to develop the sales file serves to provide statistical information regarding the measure of central tendency as one of many possible indicators of the level of value and quality of assessment by county and school district for any class or subclass of real property. The sales file information is provided to the assessors, the Nebraska Tax Equalization and Review Commission, and the county boards of equalization, for use in valuing and equalizing real property. The information is also used by the Department of Revenue, Property Assessment Division to assist in determining the level of value for statewide equalization purposes, and to assist in determining the assessable valuation of real property for each school district in Nebraska. (See School Adjusted Valuation Regulation, Chapter 80).

001.03 The data gathered and compiled to develop the sales file is available for use by assessors as a base of sales to use as similar properties, and for the development of assessment strategies.

(Neb. Rev. Stat. Section 77-1377, R.R.S. 2003 and Neb. Rev. Stat. Sections 77-702 and 77-1327 R.S. Supp. 2007.)

#### REG-12-002 DEFINITIONS

002.01 Weighted Mean ratio, is a ratio determined by adding the assessed value of each parcel in a ratio study and dividing that number by the sum of the total selling prices of all the parcels in the study. The weighted mean gives weight to each dollar value for the parcels included in the ratio study.

002.02 Assessment shall mean the act of listing the description of all real property, determining its taxability, determining its taxable value, and placing it on the assessment roll.

002.03 Level of value shall mean the most probable overall opinion of the relationship of assessed value to actual value for a political subdivision based upon an analysis of all information available to the Property Tax Administrator including, but not limited to, the assessment/sales ratio and assessment practices study for each county for the various classes of real property.

002.04 Assessment/sales ratio shall mean the ratio of assessed value divided by the selling price of a sold parcel of real property.

002.05 Assessment statistics shall mean computed measures of central tendency and dispersion used in determining the degree of assessment uniformity, proportionality, and compliance.

002.06 Benchmark sale shall mean a similar property that has sold in a similar area which may be used to assist in determining the level of value in an assessment/sales ratio study for a jurisdiction with insufficient sales.

002.07 Actual value shall mean the market value of real property in the ordinary course of trade. It is the most probable price expressed in terms of money that a property will bring if exposed for sale in the open market or in an arm's-length transaction between a willing seller and a willing buyer, both of whom are knowledgeable concerning all the uses to which the real property is adapted and for which it is capable of being used. In analyzing the uses and restrictions, the analysis shall include a consideration of the full description of the physical characteristics of the property and the property rights being valued. Actual value may be determined using

professionally accepted mass appraisal methods, including, but not limited to, the (1) sales comparison approach, (2) income approach, and (3) cost approach.

002.08 Mean ratio shall mean the arithmetic mean ratio or the total of all assessment/sales ratios divided by the number of ratios.

002.09 Median ratio shall mean the middle ratio of the sorted or arrayed assessment/sales ratios. If there is an even number of ratios, the median shall be the average of the two middle ratios.

002.10 Non-qualified sale shall mean a sale which has been identified through the sales verification process as a non-arm's length transaction, or where the property as assessed is substantially different in it's characteristics then from the property as it was when sold.

002.11 Qualified sale shall mean a sale which is an arm's-length transaction included in the sales file as determined by the assessor or verification process of the Department.

002.12 Professionally accepted mass appraisal techniques shall include standards recognized in the appraisal industry contained in publications of the International Association of Assessing Officers and Standard 6 of the Uniform Standards of Professional Appraisal Practice. The publications referred to are available to the public and maintained at the Department's office in Lincoln, Nebraska, for viewing during normal business hours. Additionally, practices or techniques may be developed from sources within the appraisal industry as professionally accepted mass appraisal techniques, even if not contained within IAAO publications or USPAP if information can be developed regarding the use of such practices or techniques to show that they are reliable, can be tested, are not in conflict with existing professionally mass appraisal techniques and do not conflict with the statutory or regulatory provisions dealing with the subject matter of those practices or techniques.

002.13 Sale shall mean the transfer of property or an interest in property in exchange for consideration of more than one hundred dollars or upon which more than two dollars and twenty-five cents (\$2.25) in documentary stamp taxes are paid. For the purposes of this definition, consideration shall mean money or its equivalent.

002.14 Adjustment shall mean the determination that there are necessary changes to the stated selling price of a parcel for time, atypical financing or personal property, involved in the transaction which represents the actual value paid for atypical financing or personal property.

002.15 Valuation is the act or process of estimating actual value of real property. (See, Assessment Process Regulations, Chapter 50.)

002.16 Transfer shall mean the conveyance of title or any interest in real property by a deed which is recorded with the register of deeds and requiring the filing of a Real Estate Transfer Statement, Form 521.

002.17 Supplemental information shall mean additional information which relates to sold real property as of the date of sale.

002.18 Sale verification shall mean the confirmation or authentication of all of the data relating to a given transaction with the buyer or the seller, or the authorized agent of either. This data includes, but is not limited to, data relating to the sale price, date of sale, terms of sale, terms of financing, and other motivating factors.

002.19 Qualified sales roster shall mean a listing of all sold properties that are not disqualified as nonarm's length transaction by the Department, or that are not disqualified as non-arm's length transactions by the assessor.

002.20 Non-qualified sales roster shall mean a listing of all sold properties from the total sales roster which have been identified through the sales verification process as non-arm's length transactions.

002.21 Arm's length transaction shall mean a sale between two or more parties, each seeking to maximize their positions from the transaction.

002.22 Representative sample shall mean a sample of observations drawn from the entire population of observations such that statistics calculated from the sample can be expected to proportionately represent the characteristics of the population being studied.

002.23 Dispersion shall mean the degree to which data are distributed either tightly or loosely around a measurement of central tendency. Measures of dispersion include the range, average deviation, standard deviation, coefficient of dispersion and coefficient of variation and price related differential.

002.24 Measures of central tendency shall mean descriptive measures that indicate the center of a set of values, for example, mean and median.

002.25 Coefficient of dispersion shall mean the extent to which a set of ratios is clustered either tightly or loosely around the median, arithmetic mean or weighted mean ratio and expressed as a percentage of that measure.

002.26 Price related differential is found by dividing the mean ratio by the weighted mean ratio and then multiply by one hundred (100) to obtain the percentage relationship. A percentage more than one hundred (100) indicates that higher priced properties are assessed at lower ratios than lower priced properties. A percentage of less than one hundred (100) indicates that lower priced properties are assessed at lower ratios than higher priced properties.

002.27 Class or subclass of real property shall mean a collection of properties that share one or more common characteristics that are not found in other properties outside the class or subclass.

002.27A For agricultural or horticultural land, class or subclass shall include, but not be limited to irrigated cropland, dry cropland, grassland, wasteland, nurseries, feedlots, orchards, location, geographic characteristics and market characteristics that are appropriate for the valuation of a class or subclass of agricultural or horticultural land at seventy-five (75) percent of its market value. In the case of agricultural or horticultural land subject to special valuation assessment, seventy-five (75) percent of its special value as if the land were available only for agricultural or horticultural purposes or uses without regard to any other purpose or use that could be applied to the land.

002.27B For all other real property, class or subclass shall include, but not be limited to status, parcel type, zoning, location, city size, parcel size, geographic characteristics or market characteristics that are appropriate for the valuation of a class or subclass of real property at one hundred (100) percent of its market value. For the purposes of this regulation market characteristics shall mean the social and economic factors in the market that affect the value of real property. Geographic characteristics shall mean the physical characteristics of the earth, land, region, or site that may have an effect on value.

(Neb. Rev. Stat. Sections 77-112, 77-117, 77-126 and 77-1360.01, R.R.S. 2003 and Neb. Rev. Stat. Sections 77-702, 77-705, 77-1327 and 79-1016, R.S. Supp. 2007.)

#### REG-12-003 PROCEDURES

003.01 The Department of Revenue receives all Real Estate Transfer Statements, Forms 521, filed each month by each county register of deeds.

003.02 The sales file data base shall contain the name of the county and school district where the parcel is located, the property class and subclass, and selected information reported on the real estate transfer statement or supplemental data required by the Property Tax Administrator for the parcel.

003.03 The assessor shall provide to the Department of Revenue, Property Assessment Division supplemental data required by the Property Assessment Division in the form of a sales worksheet or a previously approved electronic transfer of said data for each Real Estate Transfer Statement with the required stated consideration or documentary stamp tax paid.

003.03A The assessor shall forward a copy of the Real Estate Transfer Statement and the supplemental data to the Department of Revenue, Property Assessment Division on or before the fifteenth of the second month following the month the deed was recorded. The data shall be included by deed book and page number and date of sale with the Real Estate Transfer Statement in the sales file database. Failure on the part of the assessor to comply with the requirements of REG-12-003.03 may result in corrective action being taken by the Property Tax Administrator, pursuant to Proceedings Instituted by the Department of Revenue Regulations, Chapter 91.

003.03B All data incorporated into the sales file database by the assessor or Property Assessment Division shall be available for further verification by the assessor or the Department of Revenue, Property Assessment Division.

003.03C The assessor shall indicate numerically on the sales worksheet their opinion as to whether the sale is qualified or non-qualified for inclusion in the sales file as an arm's length transaction. If the assessor determines a sale to be non-qualified, a numeric code and explanation as defined by the Property Tax Administrator shall be indicated on the sales worksheet.

003.03D The Property Tax Administrator may verify any transaction with the county assessor that may be questionable for inclusion or exclusion from the sales file. The verification of these transactions may include, but not be limited to:

(1) Interview with the assessor to gather information regarding the sales transaction and the assessment information for the property. Such interviews may be conducted by Department of Revenue, Property Assessment Division personnel by telephone.

(2) Interview with a primary party to the sale or knowledgeable third person, for the purpose of gathering information regarding the sales transaction. Such interviews may be conducted by Department of Revenue, Property Assessment Division personnel by telephone.

(3) The Property Assessment Division shall determine from all information gathered if any adjustments to selling price are warranted.

(4) The Property Assessment Division shall provide a narrative explanation of the determination made regarding the qualification of the sale. Such explanation shall be based on the information gathered by the Property Assessment Division and entered in the data base contemporaneously in time with the gathering of the data.

003.04 In the verification of sales by the Property Assessment Division, the assessor's opinion with respect to the inclusion, exclusion or adjustment of a sale shall be presumed correct. The Property Assessment Division may treat a sale in a manner different from that recommended by the assessor when the information accumulated through the Property Assessment Division's verification process indicates that the opinion of the assessor regarding the inclusion, exclusion, or adjustment of the transaction is incorrect.

003.04A If the county assessor fails to provide a reason for adjusting the sales price or for disqualifying the sale, the Property Assessment Division may include the sale in the sales file, without adjustment.

003.04B If the county assessor has indicated a reason for the adjustment of a sale or the disqualification of a sale, and the reason is not in compliance with professionally accepted mass appraisal techniques, the Property Assessment Division may include the sale in the sales file, without adjustment.

003.04C If the county assessor has indicated a reason for the adjustment of a sale, or the disqualification of a sale, and the reason is in compliance with professionally accepted mass appraisal techniques, including but not limited to, Appendix A Sections A.4.1 and A.4.2 of the Standard on Ratio Studies of the International Association of Assessing Officers, the Property Assessment Division shall

include or exclude the sale in or from the sales file only after the Property Assessment Division has completed a verification of the sale, and the Property Assessment Division does not agree with the decision of the county assessor.

003.04D If the Property Assessment Division determines that it does not agree with the decision of the county assessor, the Property Assessment Division shall, within seven (7) days of such determination, notify the county assessor in writing that the sale will not be included in or excluded from the sales file, or that the adjustment amount to the sale is changed.

003.04E If the county assessor disagrees with the Property Assessment Division's determination, the county assessor, using the sales file protest form, may file a written protest of the Property Assessment Division's determination within thirty (30) days from the mailing of the Property Assessment Division notification, with the Tax Commissioner. Any such protest shall be filed pursuant REG 12-004, below.

003.05 Rosters of the sales file database shall be provided by the Department of Revenue, Property Assessment Division twice per year to assessors. The assessor may request in writing additional rosters for use in the assessment process.

003.05A All rosters shall show the county, school district, class or subclass of real property, and all other necessary information contained in the data base as specified by the Property Tax Administrator.

003.05B The additional rosters requested by the assessor may include additional data, if available, as specified in the written request of the assessor.

003.06 The Property Tax Administrator shall test the sales data provided by the assessor to ensure that the sales reporting and processing procedures are being followed uniformly as set forth in REG-12-003.01 through REG-12-003.05. The test shall include both qualified and non-qualified sales.

003.07 The Property Tax Administrator shall calculate the measures of central tendency and other statistical indicators of the quality of assessment, such as the coefficient of dispersion and price related differential, of all of a class or subclass of property.

003.07A The study period for each major class of property shall be as follows:

003.07A(1) For residential property, from July 1 to June 30 for the two (2) years ending on June 30 of the year prior to the issuance of the Report and Opinion.

003.07A(2) For commercial property, from July 1 to June 30 for the three (3) years ending on June 30 of the year prior to the issuance of the Report and Opinion.

003.07A(3) For agricultural and horticultural land, from July 1 to June 30 for the three (3) years ending on June 30 for the year prior to the issuance of the Report and Opinion.

003.07A(4) The Department of Revenue, Property Assessment Division may use a longer or shorter study period where the data developed for the above described periods does not, based on all of the data available to the Department of Revenue, Property Assessment Division accurately reflect the level of value for a county and where the change to the length of the study period will enhance the Department's ability to determine a county's level of value. The adoption of a longer or shorter time period may be done by the Department of Revenue, Property Assessment Division based on its own information or information provided by a county pursuant to a request to adopt a longer or shorter study period. Such a request shall be in writing and set forth the reasons the county is seeking a different study period. To the extent possible, sales outside the established time period will be adjusted to the mid-point of the established time period.

003.08 Upon request, the Property Tax Administrator shall make the sales file database available to the assessors, the county boards of equalization, and the Tax Equalization and Review Commission for use in the assessment and equalization of property pursuant to Neb. Rev. Stat. Sections 77-1377 and 77-5027.

(Neb. Rev. Stat. Sections 77-1371 and 77-1377, R.R.S. 2003, and Neb. Rev. Stat. Sections 77-702, 77-1327, 77-5027 and 79-1016, R.S. Supp., 2007.)

#### **REG-12-004 SALES FILE PROTEST PROCEDURES**

004.01 After receiving the qualified and nonqualified sales roster from the Department of Revenue, Property Assessment Division, an assessor may protest the inclusion, exclusion, or the adjustment or failure to make an adjustment to a sale, in the following manner:

004.01A The protest shall be in writing on the sales file protest form supplied by the Property Assessment Division and shall set forth the reasons for the protest as well as the requested action the assessor wishes the Property Tax Administrator to take with respect to treatment of the sale in the sales file;

004.01B The protest shall be accompanied by supplementary written materials that question whether the transaction is arm's length or whether the selling price should be adjusted for time, personal property or atypical financing to more accurately reflect the price paid for the real property.

004.01B(1) Issues regarding the improper classification of the sold property must be dealt with using a sales file correction form or the actual value update. Property that is the subject of an arm's length transaction but has been reclassified, shall be a qualified sale in the sales roster under its corrected classification. This corrected classification should reflect the typical assessment practices of the assessor.

004.01C The protest shall be mailed to the main office of the Department of Revenue, Property Assessment Division within thirty (30) days of the date on the certificate of mailing on the qualified and nonqualified semi annual sales roster sent by the Property Tax Administrator to the assessor.

004.01D The assessor shall be entitled to a hearing on the merits of the protest before the Tax Commissioner. Such hearings shall be governed by the Department's Practice and Procedure Regulations, Nebraska Administrative Code, Title 350, Chapter 90.

004.01D(1) The assessor may waive the hearing before the Tax Commissioner. The waiver of hearing shall be in writing and shall be done in conjunction with the filing of the protest or at any time prior to a scheduled hearing.

004.01D(2) In the event that the assessor agrees to waive the hearing on the protest, the matter shall be submitted for determination by the Tax Commissioner based on the information provided by the assessor accompanying the protest and the information developed by the Property Assessment Division through the verification process.

004.02 Burden of Proof. The burden of proof to alter the contents of the qualified sales roster after the verification process shall be on the assessor filing the protest to provide evidence to the Tax Commissioner to show, by more than a mere difference of opinion, that the property should be treated in the manner advocated by the assessor who filed the protest.

004.03 Review of Protests. In ruling on protests following the hearing or in making a determination of protests for which the hearing was waived the Tax Commissioner or his or her designee shall apply the following standards:

004.03A All sales shall be deemed to be arm's length transactions unless determined to be otherwise under professionally accepted mass appraisal techniques.

004.03B The determination of the Department of Revenue, Property Assessment Division regarding the treatment of the sale will stand in the absence of additional evidence provided by the assessor accompanying the protest;

004.03C Assertions by the assessor without additional information accompanying the protest shall be insufficient to change the treatment of the sale for roster purposes;

004.03D Supplemental information provided by the assessor accompanying the protest such as additional contact with the buyer or seller or other information affecting the sale may result in the Tax Commissioner ruling in favor of the assessor and treating the sale in the manner requested in the protest. Such information must be relevant to the question of whether the transaction is arm's length in nature or whether an adjustment to the selling price recognized under professionally accepted mass appraisal techniques is appropriate. The information provided with the protest may also relate to errors in the classification or subclassification of a parcel. If a protest results in the reclassification or data correction maybe handled by the liaison without the necessity of a written protest.

004.03E The fact that a sale has an assessment/sales ratio above or below the acceptable range for equalization, as set forth in Neb. Rev. Stat. Section 77-5023, standing alone, shall not be grounds for the exclusion or adjustment of the sale.

004.04 Ruling on Protest. The Tax Commissioner shall review the protests filed regarding the sales file and the Tax Commissioner shall issue a written ruling on the protest within thirty (30) days of the hearing, or, if the hearing has been waived within thirty (30) days from receipt of the protest by the Property Assessment Division. Such ruling in writing shall set forth the reasons for grant or denial of the action requested in the protest and shall be sent to the assessor by regular U.S. mail, within seven (7) days after the date of the ruling.

004.05 Appeal. Any assessor whose protest has been denied may appeal within thirty (30) days after the date of the written ruling of the Tax Commissioner to the Tax Equalization and Review Commission in accordance with Neb. Rev. Stat. Section 77-5013.

(Neb. Rev. Stat. Sections 84-901, 84-913 and 84-914, R.R.S. 1994, Neb. Rev. Stat. Section 77-5013, R.S. Supp., 2006 and 77-702 and 77-5023, R.S. Supp., 2007.)

Directives

## **DIRECTIVE 03-3**

August 29, 2003

### Date Used for Transfer of Title to Real Property for Sales File Purposes

**Purpose.** This directive is to advise assessors of the process for determining the date of sale for transfers of real property.

**Procedure and Implementation.** In most situations, a deed is dated on the date the deed and possession to real property are delivered to the grantee. This date is usually then noted as the date of sale on a Real Estate Transfer Statement (Form 521). However, there are situations when a deed will be predated or postdated because of the nature of the transaction. In these situations, the date on the deed is not the date the legal and equitable title to the real property transferred.

The Nebraska Supreme Court in *Mackiewicz vs. J.J. & Associates*, 245 Neb 568 (1994), has stated that under a land contract, legal title is held by the vendor (grantor) and does not transfer to the purchaser until the contract is satisfied, but equitable ownership is immediately acquired. The vendor is viewed as holding the title in trust for the purchaser. However, the purchaser is viewed as the owner of the property and the date of sale would be the date that possession to the property transferred.

In ascertaining a sale date, the date of sale recorded on the Form 521 shall be presumed to be the date of sale unless credible evidence indicating that possession of the property or the transfer of equitable title to the property was passed on another date. The assessor may consider and determine the credibility of the evidence.

APPROVED

Catherine D. Lang Property Tax Administrator August 29, 2003

**DIRECTIVE 05-1** 

January 13, 2005

#### DATE OF SALE ASSESSED VALUE FOR USE IN THE STATE SALES FILE

**Purpose.** To advise assessors of their responsibility in reporting the appropriate date of sale assessed value for use in the sales file for assessment sales ratio studies, and to further ensure that the assessment record of the parcel matches the sales file record of the parcel. Any time during a calendar year "date of sale assessed value" shall reflect the assessed value of that parcel for that year.

**Procedure and Implementation.** The assessed value to be reported on a parcel at the time of sale shall be the assessed value for the year in which the sale occurs.

**Examples.** The following examples illustrate what assessed value shall be reported for use in the sales file:

1. If the sale occurs between July 1, 2004 and December 31, 2004, the assessed value to be placed on the sale in the sales file shall be the 2004 assessed value.

2. If the sale occurs between January 1, 2005 and June 30, 2005, the assessed value to be placed on the sale in the sales file shall be the 2005 assessed value.

3. If a sale occurred in 2003, and is recorded/filed in 2005, the assessed value to be placed on the sale in the sales filed shall be the 2003 assessed value.

For situations that do not correspond with the foregoing examples, please contact the Department of Property Assessment and Taxation.

APPROVED:

Catherine D. Lang Property Tax Administrator January 13, 2005

## DIRECTIVE 05-7

September 9, 2005

#### STATE SALES FILE: PROCEDURE FOR ADJUSTING AND REPORTING THE ASSESSED VALUE OF AGRICULTURAL LAND ON SALES OF NON-AGRICULTURAL PROPERTY

**<u>Purpose</u>**. This directive advises assessors of the requirement for adjustments to agricultural and horticultural land values on sold parcels classified as non-agricultural that occur in the state's sales file.

**Procedure and Implementation.** When the property classification code for the property type of a sale is non-agricultural and pursuant to Regulation 10.004.02(6) the sale of the real property contains a mixture of non-agricultural and agricultural and horticultural land, the portion of the assessed value for the agricultural and horticultural land needs to be adjusted to 100% of market value for reporting in the state sales file. The adjustment is necessary in order for the assessed value of the parcel to be an appropriate comparison to the sales price. Mathematically this is accomplished by taking the assessed value portion of the agricultural and horticultural land and multiplying it by 125%. The new adjusted land value attributable to agricultural and horticultural land plus the valuation of the other land within the sold parcel will then be listed as the assessed value of the land.

When dealing with parcels receiving special value for the portion of land classified as agricultural or horticultural land, the recapture value shall be used and adjusted by 125%.

The adjustment to these sales in the sales file must be coordinated with your Field Liaison for the preliminary stats as well as the R&O stats. The Field Liaison will assist the county assessor in identifying these records.

September 9, 2005

#### QUALIFICATION OF SOLD PROPERTIES IN THE STATE'S SALES FILE FOR PROPERTIES THAT HAVE SUBSTANTIALLY CHANGED SINCE THE DATE OF SALE

**<u>Purpose</u>**. This Directive clarifies Title 350, Chapter 12, Regulation 002.10 and provided examples of when a sold property is deemed substantially changed after the date of sale and deemed to be a non-qualified sale in the state's sales.

**Procedure and Implementation.** Title 350, Chapter 12, Regulation 002.10 states that a "nonqualified sale shall mean a sale which has been identified through the sales review process as a nonarm's length transaction or **where the property as assessed is substantially different from the property as it was when sold**." (Emphasis added.) If a parcel of real property sells in an arm's length transaction and subsequent to the sale the parcel undergoes a physical or economic change sufficient to substantially affect the market value of the parcel after the change so that the parcel no longer represents the parcel when it sold, it is the position of the Department that the sale shall not be used to measure the level of value. When this occurs the sale shall be coded as a non-qualified sale using a code 3.

Examples of such substantially changed parcels include, but are not limited to, the following:

1. A parcel of agricultural grass land is sold. Following the sale, the land is converted to dry land or irrigated land.

2. A parcel of residential property is sold. The improvement on the parcel is substantially remodeled after the sale.

3. A parcel of commercial property is sold. The improvement on the parcel at the time of sale is removed and a new improvement is built in its place.

These are only three of many examples that can be given, which describe a property that has substantially changed. The purpose of qualifying these otherwise arm's length transactions as nonqualified sales in the state's sales file is two fold: one, it eliminates the need to artificially value the property in the state's sales file and thereby create a disconnection between the assessed value of the property and the value reported in the sales file; and, it prevents an error in measurement by eliminating parcels whose assessed value cannot be used for measurement without adjusting the assessed value. Additionally, the Standard on Ratio Studies of the International Association of Assessing Officers, 1999, states in section 4.3, in pertinent part, relating to parcels with significant differences in physical characteristics, that "[i]n general, parcels with such changes should be excluded from ratio studies. However, minor physical changes should not cause a parcel to be excluded." Property Tax Directive 05-8 September 9, 2005 Page 2

The challenge for county assessors is to assure that the interpretation of significant is consistent within the assessment jurisdiction. The challenge for the Department is to assist the county assessors in consistently interpreting significant among all counties.

The Department shall assure that the usability code three (3) allows for the identification of such substantially change parcels so that analysis of sales is available in the state's sales file, although the property will not be used to calculate the assessment/sales ratio for the purposes of determining level of value.

APPROVED:

Catherine D. Lang Property Tax Administrator September 9, 2005

## **DIRECTIVE 08-2**

#### June 5, 2008

#### DOCUMENTARY STAMP TAX - DEFINITION OF "NOMINAL CONSIDERATION"

**<u>Purpose</u>**. To advise Registers of Deeds regarding what constitutes nominal consideration when a deed is presented for recording, and to provide guidance and uniformity to those persons or entities filing deeds in more than one county.

When a deed is presented for recording and the consideration stated on the Real Estate Transfer Statement, (Form 521), is less than 20 percent (20%) of the assessed value, as shown in the records of the County Assessor's office, the Register of Deeds shall collect documentary stamp tax on the assessed value of the subject property.

**Procedure and Implementation**. When a deed is presented to the Register of Deeds for recording, the Register of Deeds is required to collect documentary stamp tax upon the privilege of transferring beneficial interest in or legal title to real estate at the rate of two dollars and twenty-five cents (\$2.25) for each thousand dollars of value (\$1,000.00) transferred.

The documentary stamp tax is a tax on the grantor. See, Neb. Rev. Stat. Section 76-901, as follows:

There is hereby imposed a tax on the grantor executing the deed as defined in section 76-203 upon the transfer of a beneficial interest in or legal title to real estate at the rate of two dollars and twenty-five cents for each one thousand dollars value or fraction thereof. For purposes of sections 76-901 to 76-908, value means (1) in the case of any deed, not a gift, the amount of the full actual consideration thereof, paid or to be paid, including the amount of any lien or liens assumed, and (2) in the case of a gift or any deed with nominal consideration or without stated consideration, the current market value of the property transferred. Such tax shall be evidenced by stamps to be attached to the deed. All deeds purporting to transfer legal title or beneficial interest shall be presumed taxable unless it clearly appears on the face of the deed or sufficient documentary proof is presented to the register of deeds that the instrument is exempt under section 76-902. (Emphasis added.)

To ensure a uniform method for determining "nominal consideration" in those transactions when real property is transferred for less than the current market value of the property, "nominal consideration" is deemed to be anything less than 20 percent (20%) of the assessed value of the property when the full title to the property is transferred. The Form 521 provides the ability to state the current market value of the real estate when it is transferred for nominal consideration (See, Line 14 of the Form 521).

Property Tax Directive 08-2 June 5, 2008 Page 2 of 2

If a current market value is indicated on the Form 521, the Register of Deeds may use this value to calculate and collect documentary stamp tax. If the current market value is not indicated on the Form 521, the Register of Deeds shall use the assessed value, as reflected in the records of the County Assessor as of the date the deed is offered for recording, to calculate and collect documentary stamp tax. If the property is agricultural or horticultural land, the assessed value shall be adjusted by a factor of 1.33. If the assessed value is agricultural or horticultural land with the special valuation, then the special value shall be adjusted to actual value.

In the event a Register of Deeds has cause to question the current market value indicated on the Form 521, the assessed value as reflected in the records of the County Assessor as of the date the deed is offered for recording may be used to calculate and collect documentary stamp tax.

<u>Conclusion</u>. A transfer evidenced by a deed presented for recording with the Register of Deeds that contains nominal consideration, or is without stated consideration, shall be taxed based upon the current market value of the real property being transferred. If the current market value is not stated on the Form 521, the transaction shall be taxed, for documentary stamp tax purposes, based upon the assessed value as reflected in the records of the County Assessor.

APPROVED:

Douglas A. Ewald Tax Commissioner June 5, 2008

**DIRECTIVE 08-3** 

December 18, 2008

# REAL ESTATE TRANSFER STATEMENT FORM 521 CHANGES EFFECTIVE JANUARY 1, 2009

**<u>Purpose</u>**. To advise county clerks, register of deeds, and assessors of duties and requirements relating to the single part Real Estate Transfer Statement (Form 521), which becomes effective January 1, 2009. (*See*, Neb. Laws 2008, LB 965).

**Statutory changes.** Effective January 1, 2009, the prescribed Real Estate Transfer Statement (Form 521) will be a single part form, rather than a multi-part form. The register of deeds shall forward the completed statement to the county assessor. The assessor shall process the statement and submit the original single part Real Estate Transfer Statement to the Department of Revenue according to the instructions of the Property Tax Administrator. *See Neb. Rev. Stat.* §76-214.

# **Procedure and Implementation.**

The Form 521 is required to be filed with the Register of Deeds when a deed to real estate, memorandum of contract, or land contract is presented for recording.

For transfers of property presented for recording on or before December 31, 2008, the multi-part Form 521 is the required form.

For all transfers of property presented for recording on or after January 1, 2009, the single part Form 521 is required. As of January 1, 2009, the multi-part Form 521 shall not be accepted if presented for recording. (See Neb. Rev. Stat. §76-214, "If the grantee or purchaser fails to furnish the prescribed statement, the register of deeds shall not record the deed, memorandum of contract, or land contract").

Other updates to the Form 521 include: expanded choices for type of deed, type of transfer, an additional field to identify if the transaction is an Internal Revenue Service (IRS) Section 1031 Like-kind exchange transactions. The form instructions have also been updated.

The single part Form 521, and an editable or fill-in PDF version of the Form 521 are available on the Property Assessment Division website at: <u>http://pat.ne.gov/</u>. Supplies of this form may be printed directly from the website.

Property Tax Directive 08-3 Date 18, 2008 Page 2 of 3

#### **Register of Deeds Instructions:**

Effective January 1, 2009, when a Form 521 is presented for recording, the Register of Deeds shall verify that items 1 through 25 on the Form 521 have been completed. The Register of Deeds shall record the deed and complete items 26 through 29 of the Form 521. The Register of Deeds shall then forward the completed Form 521 to the county assessor. There is no requirement for the Register of Deeds to retain photocopies of the completed Form 521.

The Register of Deeds shall continue to file the Nebraska Documentary Stamp Tax Return (Form 52) with the Department of Revenue on or before the  $15^{th}$  day of the month following the tax month covered by the return. The Form 52 shall be mailed to:

# Nebraska Department of Revenue P.O. Box 94818 Lincoln, Nebraska 68509-4818

Since the Form 521 is a single-part form, the Register of Deeds will no longer attach Forms 521 to the Form 52.

#### **County Assessors Instructions:**

Effective January 1, 2009, the County Assessor shall enter the sales transaction information data from the completed Form 521 into the county Computer Assisted Mass Appraisal (CAMA) system.

There is no requirement for the county assessor to retain photocopies of the Form 521.

The County Assessor shall forward the completed "original" single part Form 521 to the Tax Commissioner on or before the fifteenth of the second month following the month the deed was recorded. (*See*, Regulation 12-003.03A, Title 350 Nebraska Administrative Code).

# The Real Estate Transfer Statement (Form 521) shall be mailed to:

#### Nebraska Department of Revenue P.O. Box 94818 Lincoln, Nebraska 68509-4818

*NOTE:* The Form 521 is NOT to be mailed to the Property Assessment Division address, as the Form 521 must be processed for documentary stamp tax purposes prior to it being transferred to the Property Assessment Division.

The County Assessor shall provide the required supplemental sales information data to the Property Assessment Division on or before the fifteenth of the second month following the month the deed was recorded. This data is to be provided to the Property Assessment Division either electronically Property Tax Directive 08-3 Date 18, 2008 Page 3 of 3

or manually. If the county assessor submits the supplemental sales information manually, the information is to be sent to the Property Assessment Division Field Liaison assigned to that county.

If there are questions regarding the Form 521 and the process related thereto, contact the Property Assessment Division.

APPROVED:

Douglas A. Ewald Tax Commissioner December 18, 2008

December 29, 2008

# FILING OF SALES DATA FOR DEVELOPMENT OF THE STATE SALES FILE

**Purpose.** To outline the procedure for filing the Real Estate Transfer Statement (Form 521) data, and supplemental data, for development of the state sales file. To further explain the electronic procedure used to file this data electronically with the Department of Revenue, Property Assessment Division (Division).

**Procedure and Implementation.** Pursuant to Neb. Rev. Stat. §76-214, effective January 1, 2009, the Register of Deeds shall forward the Form 521 to the county assessor. The county assessor shall process the Form 521 data, and when completed, forward the original Form 521 to the Tax Commissioner. A county assessor may elect to electronically transfer the required data from the Form 521, as well as all supplemental data to the Division. Once a county has chosen the electronic transfer method of submitting data, all future submissions of the data must be submitted in the electronic format. This data will no longer be data entered by the Division.

# FILING OF THE SALES DATA

Effective January 1, 2009, upon the filing of a completed Form 521, the Register of Deeds shall forward the Form 521 to the county assessor. Once the county assessor has processed the data from the Form 521 into the county Computer Assisted Mass Appraisal (CAMA) system, the original Form 521 is to be forwarded to the Tax Commissioner.

# COUNTY ASSESSOR PROCEDURE

#### Manual method:

The county assessor shall enter all Form 521 data into the county CAMA system. The county assessor shall then forward the original Form 521 to the Tax Commissioner, and supplemental data to the Property Assessment Division, within forty-five (45) days after the date the deed was recorded.

# **Electronic transfer method**:

The county assessor shall enter all Form 521 data into the county CAMA system. The county assessor must then transmit to the Division the Form 521 and supplemental data for all transactions with stated consideration of more than one hundred dollars (\$100.00) or upon which more than two dollars and twenty-five cents (\$2.25) in documentary stamp taxes are paid. Upon completion of the transmission of the electronic transfer, the county assessor shall forward the original Form 521 to the Tax Commissioner within forty-five (45) days after the date the deed was recorded.

Property Assessment Directive 08-05 December 29, 2008 Page 2 of 3

# **DIVISION PROCEDURE**

The Department of Revenue will record the Register of Deeds information from the original Form 521 for documentary stamp tax purposes.

#### Manual method:

Upon completion of the documentary stamp tax process, the Form 521 will be transferred to the Division and the data from the Form 521 will be data entered for those counties that have elected to continue the manual transfer method.

Upon receipt of the supplemental data from the county assessor, the Division will data enter this data into the State sales file for those counties that have elected to continue the manual transfer method.

Once the Form 521 and supplemental data entry is completed, the original Form 521s and the supplemental data sheets will be batched and transferred to storage for a record retention of four (4) years.

#### **Electronic transfer method**:

Soon after electronic transfer is elected by the county assessor, the Form 521 data and supplemental data for all sales with stated consideration of more than one hundred dollars (\$100.00) or upon which more than two dollars and twenty-five cents (\$2.25) in documentary stamp taxes are paid shall be exported by the county assessor to the Division's FTP site, or sent to the Division via email. The Division is responsible for loading the submitted data into the state sales file.

The data fields that must be captured electronically from the Form 521 are as follows:

Line 2- County Number Line 3- Date of Sale Line 4- Date of Deed Line 5 – Grantor's Name (Seller), Street Address, City, State, Zip Code Line 6 – Grantee's Name (Buyer), Street Address, City, State, Zip Code Line 9 – 1031 Exchange Line 18 - Address of Property Line 20 - Legal Description Line 22 – Total Purchase Price Line 23 – Nonreal Property Line 24 – Adjusted Purchase Price Line 27 - Value of Stamp or Exempt Number Line 28 - Deed Book Line 29 - Deed Page Property Assessment Directive 08-05 December 29, 2008 Page 3 of 3

At any time, a county assessor may choose to electronically transfer the Form 521 and supplemental data. However, the electronic transfer in each county must occur at least four (4) times per year. The months within which the electronic transfer must occur each year are: **January**, **July**, **September**, and **November**.

# ENFORCEMENT

Pursuant to Neb. Rev. Stat. §77-1330 (R.S. Supp. 2007), the Division may take corrective action if any county official violates any directive issued by the Division

APPROVED:

Douglas A. Ewald Tax Commissioner December 29, 2008

December 29, 2008

# DEVELOPMENT OF THE REAL PROPERTY STATE SALES FILE

**Purpose.** To advise the assessor and the Property Assessment Division (Division) of their responsibilities in the development of the real property state sales file each assessment year. The Division has documented the process to be used for the submission of the supplemental data for one or more classes of real property. This process specifies the sales file procedure that will be followed.

**Procedure and Implementation.** Pursuant to Neb. Rev. Stat. §77-1327(1) (R. S. Supp., 2007), "it is the intent of the Legislature that accurate and comprehensive information be developed by the Property Tax Administrator and made accessible to the taxing officials and property owners in order to ensure uniformity and proportionality of the assessments of real property valuations in the state in accordance with law." Subsection (2) provides that all transactions of real property for which a real estate transfer statement is required shall be available for the development of a sales file by the Property Tax Administrator. All transactions with stated consideration of more than one hundred dollars (\$100.00) or upon which more than two dollars and twenty-five cents (\$2.25) in documentary stamp taxes are paid shall be considered sales. In turn, all sales shall be considered to be arm's-length transactions unless determined to be otherwise using professionally accepted mass appraisal techniques.

Additionally, Neb. Rev. Stat. §77-1327(3) (R. S. Supp., 2007), requires the Property Tax Administrator to develop comprehensive ratio studies from the sales file. The ratio studies shall be used by the Property Tax Administrator to assist in measuring the level of value and quality of assessment for equalization purposes and to assist in establishing school adjusted valuations under Neb. Rev. Stat. §79-1016 (R. S. Supp., 2007). The ratio studies may also be used by assessors in determining assessment actions in the county. The Division has developed a state sales file database, which is a complete record of all reported real property sales, for a stated time frame, to achieve statutory compliance and the requirements of this directive.

# **TERMS DEFINED**

Assessed Value Update (AVU) shall mean a listing of all qualified sales in the state sales file. The AVU shall be used to report the current year assessed valuation of each parcel of real property in the state sales file. The AVU is part of the current year County Abstract of Assessment of Real Property, Form 45.

*Qualified sale* shall mean a sale which is an arm's-length transaction included in the sales file as determined by the assessor or verification process of the Division.

Property Assessment Directive 08-06 December 29, 2008 Page 2 of 5

*Sales roster* shall mean a roster that contains all sales that are in the state sales file for a specific study period. These rosters are a mechanism to update and correct sales that have occurred within the study period. Sales rosters are available through the Assessor Assistant, in a PDF format, or by printed copy upon specific request.

# *Study Period* shall mean:

For *residential* real property, sales occurring on or after July 1 through June 30 for the two (2) years ending on June 30 of the year prior to the issuance of the Reports and Opinions of the Property Tax Administrator; and

For *agricultural* and *commercial* real property, sales occurring on or after July 1 through June 30, for the three (3) years ending on June 30 for the year prior to the issuance of the Reports and Opinions of the Property Tax Administrator.

*Transfer* is deemed to be a sale in the state sales file when the data from the Real Estate Transfer Statement (Form 521) and supplemental worksheet data are entered into the state sales file.

The classification of a sale, for purposes of the state sales file, into a major class of real property shall be based upon the following definitions:

*Residential* shall mean a *sale* of real property with a Property Classification Code of 01, 06, or 07 on the supplemental worksheet.

*Commercial* shall mean a *sale* of real property with a Property Classification Code of 02, 03, or 04 on the supplemental worksheet.

*Agricultural* shall mean a *sale* of real property with a Property Classification Code of 05 on the supplemental worksheet.

Further definitions of terms used in this directive are available in the Sales File Regulations, REG-12-002.

# SCHEDULE

The following timeline shall be used to develop the state sales file each assessment year:

#### 1. <u>Sales Roster</u>

Sales rosters are available for use through the Assessor Assistant any time during the year.

No later than the **second Monday in September** of each year all Form 521 data, supplemental data, division reviewed information for all deeds filed before July 1, and correction information supplied by the county assessor, for the current study period ending on June 30 will be captured.

The county assessor shall review the *sales roster* for any errors such as incorrect parcel identification numbers and property classification, and shall also verify that the assessed valuations at the time of sale and for the current year are correct. If there are corrections to be made, no later than the **second Friday in January** of each year, the county assessor shall update the Assessor Assistant with the corrections or deliver to the Division the pages of the *sales roster* which contain the corrections made in red.

At any time throughout the year, the county assessor can contact the Division if sales rosters or Assessor Assistant updates are needed.

#### 2. <u>Draft Statistical Reports</u>

At any time throughout the year, draft Statistical reports are available through the Assessor Assistant, in a PDF format, or by printed copy upon specific request.

#### 3. <u>Preliminary Statistical Reports</u>

For those counties that continue to submit the sales rosters manually (paper copies), the submission of the sales roster is due **no later than the second FRIDAY in January** of each year. Upon receipt of the sales rosters, the Division will data enter the sales data corrections.

The preliminary statistical reports for the subject year will be based upon the data in the state sales file as of the **fourth Friday in January** of each year. The preliminary statistics reports will be provided to the Tax Equalization and Review Commission.

These preliminary statistical reports shall be made a part of the Reports and Opinions of the Property Tax Administrator which are filed pursuant to Neb. Rev. Stat. §77-5027 (R.S. Supp., 2006).

The Preliminary Statistical Reports will be emailed to the county assessors in a PDF format.

#### 4. <u>Final Statistical Reports</u>

The Final Statistical Reports for the subject year will be based upon the sales data in the state sales file **as of March 19**, each year.

Property Assessment Directive 08-06 December 29, 2008 Page 4 of 5

#### 5. <u>Abstract of Assessment</u>

The County Abstract of Assessment of Real Property (Form 45 includes the AVU) is due **on or before March 19** (if the final filing date for such report falls on a Saturday, Sunday, or legal holiday, the next business day shall be the final filing date).

The County Abstract of Assessment of Real Property (Form 45) can be submitted either in a paper format or electronically exported from the county Computer Assisted Mass Appraisal system.

The county assessor shall determine the assessed value of all taxable real property in the county for the current assessment year and shall prepare and provide to the Division the current year AVU. The AVU is available through the Assessor Assistant.

On or before nineteen calendar days following the final filing due date for the abstract of assessment for real property, the Property Tax Administrator shall prepare for the Tax Equalization and Review Commission, narratives and statistical reports along with certified opinions of the level of value and quality of assessment in each county as required by Neb. Rev. Stat. §77-5027(3) (R.S. Supp., 2006).

# **REVIEW OF SALES QUALIFICATION**

The qualification of a sale begins with the statutory presumption that all sales with stated consideration of more than one hundred dollars (\$100.00) or with more than two dollars and twenty-five cents (\$2.25) in documentary stamp taxes paid are arm's-length transactions and will be included in the state sales file.

If the <u>assessor obtains information</u> that has a bearing on the adjustment or exclusion or inclusion of the transaction to the sales file, the assessor shall document the information and report it to the Division using the Assessor Assistant or the Sales Change Request form.

If the <u>assessor does not obtain information</u> dealing with the inclusion of a sale as an arm'slength transaction, then the statutory provision for automatic inclusion of the sale shall apply.

In conducting its review of the qualification of sales in the sales file, the Division shall operate under the presumption that the assessor is correct in indicating whether a sale should be included or excluded from the sales file as an arm's-length transaction based on professionally accepted mass appraisal techniques. The Department of Revenue, shall overturn the assessor if the assessor has not met the requirements of Neb. Rev. Stat. §77-1327(2) (R. S. Supp., 2007) for exclusion of the sale. Property Assessment Directive 08-06 December 29, 2008 Page 5 of 5

# **DEVIATION FROM DIRECTIVE**

An assessor may request, from the Property Tax Administrator, a deviation from the requirements of this Directive. The request must be in writing and mailed to the Property Tax Administrator thirty (30) days prior to the date from which the county assessor is requesting deviation. The request shall state the reasons for the deviation and manner in which the required information will be supplied. The Property Tax Administrator shall grant or deny the request for deviation in writing stating the reasons for his or her action.

At anytime, the county assessor may contact the Division to request additional information.

# **ENFORCEMENT OF THE DIRECTIVE**

Pursuant to Neb. Rev. Stat. §77-1330 (R. S. Supp., 2007), the Division may take corrective action if any county official violates any directive of the Division.

APPROVED:

Douglas A. Ewald Tax Commissioner December 29, 2008

# April 08, 2009

# SALES QUALIFICATION PROCEDURES FOR THE STATE SALES FILE

**<u>Purpose</u>**. The purpose of this directive is to provide specific procedures regarding the determination of qualified or non-qualified sales for use in the states sales file.

Terms. The following term is used throughout this Directive:

<u>Selling Price</u> for use in the sales file shall mean:

- 1. The adjusted purchase price reported on line 24 of the Real Estate Transfer Statement, Form 521; or
- 2. If no amount is reported on line 24 of Form 521, the purchase price as reported on line 22 of Form 521, less the amount reported on line 23 of Form 521, if any; or
- 3. If no amount is reported on line 24 or line 22 of Form 521, or if the amount reported on either of said lines is less than \$100.00, then, if documentary stamp tax is reported on Line 27 of Form 521 and it is greater than \$2.25, the *selling price* will be computed from the reported documentary stamp tax amount.
- 4. If it is appropriate to combine partial interests to construct a *selling price* of a sale, the *selling price* as set forth in any of the above may be modified to include all of the interests that were reported on corresponding Form 521s to reflect the total *selling price* of the sold parcel.

**Standards.** The following standards shall be applied during the process of qualifying a sale for use in the state's sales file:

<u>Standard 1:</u> Sale shall mean all real property transactions with stated consideration of more than one hundred dollars or upon which more than two dollars and twenty-five cents, for each one thousand dollars value or fraction thereof, in documentary stamp taxes are paid.

Standard 2: All sales are deemed to be qualified sales.

<u>Standard 3:</u> A sale determined to be a non-qualified sale shall be verified pursuant to professionally accepted mass appraisal techniques and through verification shall document sufficient and compelling information regarding the sale as a non-qualified sale.

<u>Standard 4:</u> The *selling price* of a sales transaction shall not be adjusted unless verified pursuant to professionally accepted mass appraisal techniques and documented with sufficient and compelling information that the adjustment is required to reflect the actual value paid for the real property.

<u>Standard 5:</u> A sales transaction shall not be coded as non-qualified unless the sale has been verified pursuant to professional accepted mass appraisal techniques and determined through the verification that the sale is a non-qualified sale.

# Procedures.

A sales verification shall include, but not be limited to, the process of collecting, confirming, screening, and documenting any non-qualification of, or adjustment made to, the reported sale price. Familiarity with the real estate market of the county and other general knowledge the county assessor has regarding the sale may also be relied upon in determining the qualification of a sale. The county assessor shall document and maintain in his or her office, all information collected during a sales verification, including but not limited to, the parties contacted and the source used to confirm the sale usability decision. The sales reviewer should take the position that all sales are candidates as valid sales for the ratio study unless sufficient and compelling information can be documented to show otherwise.

The county assessor may designate the sale with a sales usability code as follows:

- Code 1 = a *qualified sale*. If this field contains a blank, zero or 1, the sale shall be used in the sales file, or
- Code 2 = a qualified sale, sale should be used as adjusted. If the selling price is adjusted, the county assessor shall state the amount of the *adjustment* in the Assessor's Adjustment to Sale Price section of the Supplemental worksheet, the reason for the *adjustment* in the assessor's comment section of the Supplemental worksheet, or
- Code 3 = *sale should not be used in study, substantially changed.* In the assessor's comment section of the Supplemental worksheet, an assessor should provide a narrative explanation of the reason, which should include the nature of the details of the change that took place, or
- Code 4 = *sale will not be used in study*. The county assessor shall state the reason for the disqualification of the sale in the assessor's comment section of the Supplemental worksheet.

Property Tax Directive 09-02 April 08, 2009 Page 3 of 3

The Division shall not overturn a determination made by a county assessor regarding the qualification of a sale or an adjustment to the *selling price* unless the Division verifies the sale and determines through the verification process that the determination made by the county assessor is incorrect or for one of the following reasons:

- 1. County assessor failed to provide a reason for *adjusting* the *selling price* or for disqualifying the sale, the Division may include the sale in the sales file, without *adjustment*; or
- 2. County assessor has indicated a reason for the adjustment of a sale or the disqualification of a sale, and the reason is not in compliance with professionally accepted mass appraisal techniques, the Division may include the sale in the sales file, without *adjustment*; or

If the Division does not agree with the decision of the county assessor, the Division, within seven (7) days of such determination, shall notify the county assessor in writing that the sale will be included in or excluded from the sales file or that the *adjustment* amount to the sale is changed. If the county assessor disagrees with the determination made by the Division, the county assessor may file a written protest of the Division's determination pursuant to the sales protest procedures.

<u>Sales Protest Procedure.</u> Within thirty (30) days from the mailing of the notice that the usability of a sale or the *adjustment* amount was changed, the county assessor may file a protest with the Tax Commissioner, using the sales file protest form. Any such protest shall be filed pursuant to Title 350, Nebraska Administrative Code, Chapter 12, REG-12-004.

The final determination of the Tax Commissioner may be appealed to the Tax Equalization and Review Commission pursuant to Neb. Rev. Stat. Section 77-5007 (R. S. Supp 2007).

APPROVED:

Douglas A. Ewald Tax Commissioner April 08, 2009

Form 521 Fields

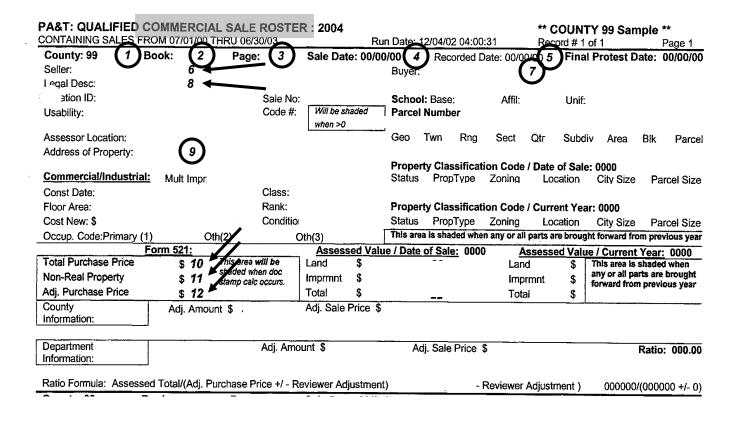

The following fields on the Real Estate Transfer Statement – Form 521 may be captured for the sales file. A numbered Form 521 on the following page indicates the fields generally captured and as they carry through to the sales file and to the rosters. The descriptions of the numbered fields used in the sales file are described as below.

- 1. **County No**: County number, a one (1) or two (2) digit number identifying the alphabetical order of the county, not the license number historically assigned for motor vehicles. This information is Item 2 on Form 521.
- 2. **Book**: This is defined by the office of the Register of Deeds. This information is Item 28 on Form 521.
- 3. **Page**: This is defined by the office of the Register of Deeds. The number of the page on which the first page of the deed is found. This information is Item 29 on Form 521.
- 4. **Sale Date**: The actual sale date of the property. MM/DD/YYYY format: 01/14/2003. This information is Item 3 on Form 521
- 5. **Date Deed Recorded**: This is the date that the deed is recorded in the Register of Deed's office. MM/DD/YYYY format: 01/14/2004. This information is Item 26 on Form 521.
- 6. **Grantor's Name**: The name of the person(s) selling the property. This information is the top line of Item 5 on Form 521.
- 7. **Grantee's Name**: The name of the person(s) buying the property. This information is the top line of Item 6 on Form 521.
- 8. **Legal Description:** The actual legal description of record for the property being sold. This is Item 20 of Form 521.
- 9. Address of Property: The address of the situs of the property. This information is Item 18 of Form 521.
- 10. **Total Purchase Price**: This is the purchase price before any adjustments. This information is Item 22 of Form 521.
- 11. **Non-real Property**: This is the line to adjust for personal property included in the Total Purchase Price. This information is Item 23 of Form 521.
- 12. **Adjusted Purchase Price**: This is the adjusted purchase price of the real estate (Item 22 minus Item 23). This information is Item 24 of Form 521.
- 13. **1031 Exchange:** This is the line to indicate if this transfer is a like-kind exchange under Internal Revenue Code Section 1031. This information is Item 9 of Form 521.

# REAL ESTATETRANSFER STATEMENT SUBMISSION SCHEDULE

Supplemental information

sheets are due to division

by the 15<sup>th</sup> of:

The following is an outline for the submission of the Real Estate Transfer Statement (Form 521) as per Neb. Rev. Stat. §77-214. Under LB 965 (2008), the Real Estate Transfer Statement became a single copy effective January 1, 2009. Refer to Directive 08-3.

The first column indicates when a Real Estate Transfer Statement, Form 521, is filed with an instrument transferring real property, in the office of the register of deeds to begin the real estate transfer statement Form 521 process. The office of the register of deeds files the **Form 52** with the Department of Revenue where the documentary stamp tax information is retrieved and the office of the register of deeds forwards the original **Form 521** to the county assessor.

The second column indicates when the county assessor forwards the original **Form 521** to the Department of Revenue.

The third column indicates when the county assessor's office is to process and submit any associated supplemental sales worksheet (green sheet information) to the Division.

January	March	March

November	January	January
December	February	February

submits the Form 521 in:

If ..... the real estate transfer The county assessor

statement (Form 521) is

recorded in:

**Supplemental Information** 

SALES SUPPLEMENTAL INFORMATION

#### SUPPLEMENTAL INFORMATION (Also known as the 'green-sheet' or the assessor's sales worksheet information.)

#### REG-12-003.03

This regulation requires the Assessor to provide to the Division the supplemental information required by the Division in the form of a Residential, Commercial or Agricultural Land Sales Worksheet or approved electronic sales supplemental information transfer.

#### THERE ARE TWO SALES WORKSHEETS:

- A. Residential & Commercial Sales Worksheet; and
- B. Agricultural Land Sales Worksheet

#### **DEFINITIONS:**

- A. Residential. Real property with dwellings originally designed for occupancy by one family, or duplexes originally designed for occupancy by two families. Unimproved or vacant land designed or platted for residential use or zoned residential.
- B. Commercial. Real property predominantly used or intended to be for commerce, trade or business. Multifamily dwellings originally designed for occupancy by more than two families. Unimproved or vacant land designed or plotted for commercial use or zoned commercial.
- C. Industrial. Real property predominantly used or intended to be for the process or manufacture of goods or materials. Unimproved or vacant land designed or plotted for industrial use or zoned industrial.
- D. Agricultural. Real property primarily used for agricultural or horticultural means a parcel of land, excluding any building or enclosed structure and the land associated with such building or enclosed structure located on the parcel, which are primarily used for agricultural or horticultural purposes, including wasteland lying in or adjacent to and in common ownership or managed with land used for the production of agricultural or horticultural products.

Both worksheets include 3 different sections: 1) the Identification section, 2) the Detail section and 3) the Comments section.

The sales file database was not designed with the ability to receive and combine like properties being submitted on multiple green sheets of the same property type. The following examples are intended to help identify and explain a variety of circumstances.

<u>Example 1</u> A sale that involves three agricultural parcels; the information from all three parcels must be combined by the County staff when submitting <u>one</u> Agricultural Land Sales Worksheet (AG Green Sheet). The Division has developed a spreadsheet that may be used to assist in combining this information. This spreadsheet can be used as a live spreadsheet program or used as a paper copy to list and total all of the various parcels. A sample of this spreadsheet can be found on pages 83 and 84 of this section.

Example 2 A sale that involves a commercial parcel which has more than one Occupancy Code or more than one structure, must be combined by the county staff when submitting <u>one</u> Residential & Commercial Sales Worksheet (Res/Com Green Sheet). The Residential & Commercial Sales Worksheet (Res/Com Green Sheet) contains an area where up to three occupancy codes can be entered. The construction date may be the date for the most prominent structure as with the construction class, cost rank, and condition. Additional pertinent information may be entered in the assessor comments section.

<u>Example 3</u> A sale that involves more than one residence, again only <u>one</u> Residential & Commercial Sales Worksheet (Res/Com Green Sheet) can be submitted. The information for the construction date, floor area, style, condition and quality may represent the most prominent structure, or the combined information of all structures involved with any additional pertinent information to be entered in the assessor comments section.

Example 4 An agricultural land sale that has improvements. One Agricultural Land Sales Worksheet (AG Green Sheet) would be completed containing the agricultural land information and one Residential & Commercial Sales Worksheet (Res/Com Green Sheet) should be attached with the information for the residential or commercial improvement on this sale. The combined land, improvements and total assessed values must be reported on the first supplemental sheet. Only the county number, book, page and sale date needs to be completed on the top of the second sheet of the Residential & Commercial Sales Worksheet (Res/Com Green Sheet). This information is the only information needed to match the information from the agricultural part and the residential / commercial parts of this sale. Additional information will need to be completed in the assessor comments section of the first green sheet.

Example 5 Is a hog confinement setup or a feedlot which is associated with a parcel of agricultural land. The predominant use of the parcel is still agricultural land but the information about the hog confinement setup or the feedlot could be added using a commercial green sheet. The sales file can then be queried to locate parcels that have sold with hog confinement facilities or a cattle feeding operation.

Division staff have been instructed to enter only the comments listed in the "Assessors Comments" section. This comments area is available for comments from the county (including the assessor, appraiser, assessment office staff; contract appraisers and sales review information).

The bottom comments section has been reserved for Division staff comments. If county information is written in this space the comments will not be entered or entered as department comments and will not appear on the printed rosters.

#### **EXCEPTIONS NOT REQUIRING SUPPLEMENTAL INFORMATION:**

There are certain transfers that do not require supplemental information to be filed with the Form 521.

The following transfers need to be submitted separately to the Field Liaisons for special handling. Ideally, these transfer statements would be paper clipped or banded or otherwise separated and distinguished from the other supplemental submissions.

- a. Cemetery Lots \*
- b. Department of Roads \*
- c. Exempt Sales \*\*
- d. Sales outside the Sale Date parameters

\* All Real Estate Transfer Statements (Form 521) submitted from the County Assessor's office are entered into the sales file if there is consideration greater than \$100 and/or documentary stamp tax greater than \$2.25. If these requirements are not met the records will be deleted by the liaison.

Sales of property purchased or taken by condemnation and eminent domain proceedings or the threat of such proceedings, particularly the sales of property severed from a larger parcel for the purpose of acquiring a Right-of-Way or easement do not require the submission of supplemental data. Typically these sales include a severance payment, are not previously valued as a parcel, will probably not remain an independent parcel and are not directly market value related. These sales will be deleted by the liaison.

Conversely, sales of whole parcels taken by condemnation and eminent domain proceedings or the threat of such proceedings should be submitted with supplemental data and qualified or disqualified based on the findings of the verification process. Examples of this situation are purchases by the Department of Roads or similar municipal government agency.

Any sales by these agencies should be accompanied by supplemental data and qualified or disqualified based on the findings of the verification process. If the county has no prior listing of the property in question because of its exempt status, the sale should be disqualified as # 3 "substantially changed" or # 4 "not arms-length". Refer to Directive 09-2.

\*\* Real Estate Transfer Statements (Form 521) submitted from the County Assessor's office are <u>not entered</u> into the sales file <u>if there is no</u> consideration greater than \$100 and/or documentary stamp tax greater than \$2.25..

Cemetery lot sales and sales involving the Department of Roads should be separated and identified from other Real Estate Transfer statements so they can be separated from the rest of the transfers. The Field Liaison will process these documents to make sure these records are properly handled.

#### **IDENTIFICATION SECTION:**

# **RESIDENTIAL/COMMERICAL and AGRICULTURAL LAND**

\* Sales File Worksheet is required by REG-12-003.

#### **Definitions:**

- 1. Cnty No: County number, a one (1) or two (2) digit number identifying the alphabetical order by name of the county, not the license number historically assigned for motor vehicles. This information is the same as Item 2 on Form 521.
- 2. **Book:** From the office of the Register of Deeds, the number of the book in which the deed is found. This information is the same as Item 28 on Form 521.
- 3. **Page:** From the office of the Register of Deeds, the number of the page on which the first page of the deed is found. This information is the same as Item 29 on Form 521.
- 4. **Sale Date:** The actual sale date of the property. MM/DD/YYYY format: 01/22/2003. This information is the same as Item 3 on Form 521.

The information in the preceding four fields MUST match the information as it is written on the Form 521. If it does not match the information on Form 521, it will create duplicate information in the sales file.

Date of sale older than the current sales file dates will not be entered into the sales file by data entry. Circle the sale date on the Form 521; there is no need to complete a supplemental worksheet.

# **RESIDENTIAL/COMMERICAL and AGRICULTURAL LAND**

\* Sales File Worksheet is required by REG. 12-003.

**School District Code:** The school district code found on the school district reference list provided by the Division for each county. Refer to the School District Code Section in this manual.

- 13. **Base:** A hyphenated six-digit code that indicates the base school district in which the sold real property is located. The format is 00-0000 with the first two digits indicating the county where the school district is headquartered, followed by a four-digit number assigned to the school district by the Department of Education.
- 14. Not assigned:
- 15. **Unified:** The six-digit code used to indicate if the base school is unified with another school district.

**County Identification:** The location ID and the sale number are designated and used by the county to identify the parcel and the sale.

- 16. Location ID: Unique identification number or account number used to identify a parcel within a county. This is a nine digit field.
- 17. **Sale Number:** County sale number assigned and used by the County. This is a four digit field.

\* Sales File Worksheet is required by REG. 12-003.

- 18. Usability: A numeric identifier indicating the assessor's determination of the use of the sale for the sales file. This is a one digit field.
  - 1 = Sale to be used in studies. 3 = Substantially Changed
  - 2 = Sale to be used as adjusted. 4 = Sale not to be used in studies.

**Refer to Directive 09-2,** which states in pertinent part as follows:

After a review, if a sale is determined to be a non-qualified sale, the county assessor shall state the reason for the disqualification of the sale in the assessor's comment section of the Supplemental worksheet, and indicate a four (4) as the sales usability code.

19. **Code #:** The county assigned code number that represents the assessor's determination of the comparability of the sale for use in the assessment process. This is a two digit number.

This code number is an Assessor defined code and is not be supplied by the Division. If the Assessor has a set of codes that are used when determining if a sale is non-qualified, it may be entered here for reference. However, Assessors are still required to follow Directive 09-2 issued by the Division.

### **RESIDENTIAL/COMMERCIAL & AGRICULTURAL**

### **Parcel Number:**

- 24. GeoCode: The governmental township area to be described by a <u>four-digit sequential</u> <u>number</u> starting in the upper right corner of the state going west and back east numbering without regard to county lines. Geo Code Maps are available from the Division.
- 25. **Twn:** The two-digit township number assigned in the rectangular survey method starting at the Nebraska/Kansas border with 01 and sequentially going north to South Dakota.
- 26. **Rng:** The three-digit number assigned in the rectangular survey method starting at the sixth principal meridian going both east and west to the Nebraska borders. Allows for the designation of E or W in the range.
- 27. Sect: The two-digit number identifying the section in each township numbered from east to west and back again starting with 01 in the northeast corner and ending with 36 in the southeast corner of the township.
- 28. **Qrt.** The quarter identifier starting in the northeast quarter with 1, then going to the northwest quarter with 2, then to the southwest quarter with 3, and finishing in the southeast quarter with 4.
- 29. **Subdiv:** The County assigned subdivision identifier. The subdivision field has five digits. The first two digits may be used to identify a town or city. The last three digits may be used for the assigned codes of the subdivisions within a city or village. The subdivision code for a parcel in a rural area may be used to describe location of the parcel.
- 30. Area: A county assigned code that represents either geographic or non-geographic market areas in the county. The code can be used to describe similar properties grouped together for the purpose of analysis, adjustments, updates or revaluation. This is a five-digit field.
- 31. Blk: The block number assigned to the property. This is a three-digit field.
- 32. **Parcel:** The county assigned four-digit identifier assigned to the individual piece of property within a block.

\* Sales File Worksheet is required by REG. 12-003.

**Date of Sale Property Classification Code: 33-38** The Property Classification Code is part of REG. 10-004.02. Be sure to review that information.

33. Status A): The type of real property. A one digit number from 1 to 3.

- 1. Improved. Land with buildings.
- 2. Unimproved. Land without buildings or structures.
- **3. IOLL** (**Improvements on Leased Land**). Any item of real property that is located on land owned by a person other than the building owner.

34. **Property Type B):** The use of real property parcels at the present time, regardless of legal use or zoning. A two digit number from 01 through 12.

- **01 Single Family.** Real property parcels predominantly used or intended to be used as a dwelling place or abode whether occupied by the owner, tenant or lessee, and where the occupancy is for a period of time usually year-around as opposed to a transitory occupancy by a single family or two families.
- **02 Multi-family.** Dwellings predominantly used for occupancy by more than two families.
- **03** Commercial. Parcels of real property predominantly used or intended to be used for commerce, trade, or business.
- **04 Industrial.** Parcels of real property predominantly used or intended to be used for the process or manufacture of goods or materials.
- **05** Agricultural. Parcels of real property which are primarily used for the production of agricultural or horticultural products.
- **06 Recreational.** Parcels of real property predominately used or intended to be used for diversion and relaxation on an occasional basis. Some of the uses would include fishing, hunting, camping, boating, hiking, picnicking, and the access or view that allows relaxation, diversion and entertainment.
- **07 Mobile Home.** Portable or relocatable device of any description without motive power, which is used, or designed to be used for residential, office, commercial, agricultural, or other similar purposes.

- **08** Minerals-Nonproducing. Parcels of real property in which there is no known activity related to the recovery of a mineral.
- **09 Minerals-Producing.** Parcels of real property which have come into production to recover a mineral(s) and for which production payments are being made or received.
- **10 State Centrally Assessed.** Parcel of operating real property valued by the Property Tax Administrator. Types of property include: railroad operating property and public service entity operating property.
- 11 Exempt. Parcels that receive a property tax exemption.
- 12 Game & Parks In Lieu. Parcels of real property acquired by the Game & Parks Commission for wildlife management purposes.

35. **Zoning C):** The public regulation and enforcement of the use of real property by a county or incorporated city. An incorporated city is granted legal zoning jurisdiction for a specific area outside of the city limits based on the class of city. A one digit number from 1 through 7 with 0 indicating there is no zoning.

- **1. Single Family.** Real property predominantly zoned as a dwelling place or abode whether occupied by the owner, tenant or lessee, and where the occupancy is for a period of time usually year-round as opposed to a transitory occupancy by a single family or two families.
- **2. Multi-family.** Real property predominantly zoned for occupancy by more than two families.
- **3. Commercial.** Parcels of real property predominantly zoned for commerce, trade, or business.
- **4. Industrial.** Parcels of real property predominantly zoned for the process or manufacture of goods or materials.
- **5. Agricultural.** Parcels of real property predominantly zoned for the commercial production of agricultural or horticultural products.
- **6. Recreational.** Parcels of real property predominately zoned to be used for diversion and relaxation on an occasional basis.
- **7. Mobile Home.** Portable or relocatable device of any description without motive power, which is used, or designed and may be zoned to be used for residential, commercial, agricultural, recreational or other similar purposes.
- 0. Not Applicable.

36. Location D): The physical location of the property. A one digit number from 1 through 3.

- 1. Urban. Located within the limits of an incorporated city or village.
- **2. Suburban.** Located outside the limits of an incorporated city or village, but within the legal jurisdiction of an incorporated city or village.
- **3. Rural.** Located outside of an urban or suburban area. Unincorporated villages and subdivisions outside the legal jurisdiction of incorporated city or village shall be classified as rural.

37. City Size E): The population of the city in which the property is located, or which has jurisdiction thereof. A one digit number from 1 through 9, with 9 indicating the parcel is not located in a city.

- **1.** +300,000 **2.** 100,001-299,999
- **3.** 12,001-100,000
- **4.** 5,001-12,000
- **5.** 2,501-5000

**6.** 800-2,500

- **7.** 101-799
- **8.** 1-100
- 9. Unincorporated village or N/A

38. **Parcel Size F):** The size of a parcel of land in square feet or acres. A two digit number from 1 through 10.

1.	<10,000 sq. ft.	<b>6.</b> 5.01 – 10.00 ac.
2.	10,001 – 20,000 sq. ft.	<b>7.</b> 10.01 – 20.00 ac.
3.	20,001 sq. ft. – 1.00 ac.	<b>8.</b> 20.01 – 40.00 ac.
4.	1.01 - 2.00 ac.	<b>9.</b> 40.01 – 160.00 ac.
5.	2.01 – 5.00 ac.	<b>10.</b> > 160.00 ac.

39. Assessor Adjustment: The assessor is to make an adjustment to the sale price here.

40. The amount needs to be explained.

### **RESIDENTIAL/COMMERICAL**

### A. Residential & Commercial Definitions:

R/C 42. **Multiple Improvements:** The number of improvements on the parcel. If more than one, the number of the improvements shall be entered.

R/C 43. **Construction Date:** The year of original construction of the primary structure.

R/C 44. **Floor:** The total surface area (sq.ft.) calculated using perimeter measurements of the primary structure.

R/C 45. **Building Cost New:** The replacement cost at the time of construction of the primary structure.

### **B.** Residential Definitions: See the Residential & Commercial Sales Worksheet

R 46. **Style:** (Single Family or Townhouse, Duplex) Is a three-digit number describing the primary structure type.

R/C 47. Condition: The condition of the improvements at time of sale.

R/C 48. **Quality:** The description of the cost based on the type and quality of materials used and the workmanship applied.

### C. Commercial Definitions: See the Residential & Commercial Sales Worksheet

C 46. **Commercial Occupancy Code:** A three-digit number indicating a description of the predominate type of improvement. Space has been provided to record the occupancy code for up to three improvements on the same commercial parcel. See the Occupancy Code List.

R/C 47. **Class:** Is a one-digit number describing the construction type of the primary structure.

R/C 48. **Cost Rank:** The quality of the construction based on the type and quality of materials and the workmanship applied.

R/C 49. Condition: The condition of the improvement at time of sale.

In reporting the following information, multiple parcel information must be combined on one worksheet. A spreadsheet has been developed by the Division to aid in the combining of multiple parcels. A printed sample and an example follow the agricultural definitions.

### **Agricultural Definitions:**

42 to 65. **LCG** (Land Capability Groups): A grouping of soils that have similar capabilities and characteristics by land use. Land Capability Groups are determined by the Division and provided to the counties as Soil Conversions to Land Capability Groups. This field is filled in on the worksheet and the following information must be placed in the correct LCG.

42 a to 65 a. Acres: The number of acres in each LCG. This is a required field on agricultural land parcels.

42 v to 65 v. **Value:** Assessed value of the total acres in the LCG. This is an **optional** field for the individual groupings.

66 a and 66 v. **Shelterbelt/Timber:** Number of acres and the assessed value of the total acres classified as Shelterbelt/Timber. Shelterbelt/Timber is defined as natural and planted strands of trees and/or shrubs where livestock grazing is not practiced or possible.

67 a and 67 v. **Accretion:** Number of acres and the assessed value of the total acres classified as Accretion. Accretion is defined as land that has been formed by alluvial

deposits associated with a body or stream of water. These land areas may vary in size by the raising and lowering of the associated water or as the stream or river changes it channel.

68 a and 68 v. **Waste:** Number of acres and the assessed value of the total acres classified as Waste. Waste is defined as land that is lying in or adjacent to and in common ownership or management with land used for the production of agricultural products, cannot be used economically, and is not suitable for recreational or agricultural use or production. Refer to REG 14-002.55.

69 a and 69 v. **Other:** Number of acres and the assessed value of the total acres classified as Other. Other is defined as land that does not apply to any other classification, such as intensive use areas including but not limited to, nurseries, feedlots, vineyards, sod farms, and orchards.

70 a and 70 v. **Agland Total:** The total acres at seventy five percent value Neb. Rev. State. §77-201(2) (R.S. Supp., 2007) of all agricultural land. Both of these fields are required on agricultural land parcels.

71 a. **Roads:** Report the number of acres of public roads and adjoining ditch areas on land privately owned. There is no assessable value.

72 a and 72 v. **Farm Sites:** Farm site shall mean land containing improvements tat are agricultural or horticultural in nature, including an uninhabitable or unimproved farm home site, all of which is contiguous to agricultural or horticultural land. This land shall not be classified or assessed as agricultural or horticultural land and not include a home site. REG 10-001.03

73 a and 73 v. **Home Sites:** Farm home site shall mean one acre or less of land that is contiguous to a farm site and upon which is located a residence and necessary improvements needed for residential purposes. This land shall not be classified or assessed as agricultural or horticultural land. REG 10-001.02A

74 a and 74 v. **Recreation:** Recreational shall mean all parcels of real property predominately used or intended to be used for diversion, entertainment, and relaxation on an occasional basis. Some of the used would include fishing, hunting, camping, boating, hiking, picnicking, and the access or view that simply allows relaxation, diversion and entertainment. REG 10-001.05E

75 a and 75 v. **Other:** The total acres and one-hundred percent value of all land that is part of an agricultural record but not being used for agricultural purposes which is not classified in any other category, i.e. intermittent small drainage ways, stream channels, private lakes and ponds.

76 a and 76 v. **Non-Ag Total:** The total acres and one-hundred percent value of all non-agricultural land. If there are non-agland acres, both the acres and value are required fields.

77 v. **Dwellings**: One-hundred percent of the assessed value of all residential improvements (house and garage) for the current assessment year. This is a required field if it is an improved parcel.

78 v. **Outbuildings:** One-hundred percent of the assessed value of all other improvements and outbuildings for the current assessment year. This is a required field if it is an improved parcel.

79 v. Total Recapture Value (Agricultural Land only): No longer applicable.

### **3. COMMENTS SECTION:**

### **RESIDENTIAL/COMMERICAL and AGRICULTURAL**

Assessor's Adjustment to Sale Price (+ or -):	<u>39</u>	
<b>County Comments and Reason for Adjustment:</b>		
	40	
Comments from	Comm	ents:
	41	
<b>DEPARTMENT USE ONLY – ANYTHIN</b>	<b>IG PUT HEE</b>	RE WILL NOT PRINT ON THE ROSTER.
		(Continue on back)

39. Assessor's Adjustment to Sale Price (+ or -): The total amount of adjustment to the SALE PRICE. Must indicate if this is an addition or subtraction to the sale price. This field is used in conjunction with a '2' in the usability box on the worksheet.

40. County Comments and Reason for Adjustment: All pertinent information from the assessor, assessor staff, appraiser and clerks that applies to the sale and the reasons for adjustments.

41. **Comments from:** This area is for the Division to use only to identify who is making the Division comments.

**Comments:** The comments from persons other than the assessor or from the assessor's office. This is an area that the Division can use to make additional comments regarding the sale, if necessary and these comments will not appear on the roster.

**Combination Form** 

### SALES FILE - Combination of Form 521 for Partial Interest in a Single Parcel

A combination form will be used when a sale occurs in a county that involves more than one Real Estate Transfer, Form 521, for a single parcel of real estate. This sale could be represented by two or more Forms 521 each conveying a fractional interest to the one parcel.

### **Register of Deed's (ROD) Procedure**

When a sale of a single parcel is sold by multiple interests each separate interest submits a transfer statement (and deed) to the register of deeds office which in turn forwards the transfer statement to the assessor who in turn forwards it to the Division and it is then entered as a document in the Division sales file.

### Assessor's Procedure for Sales Worksheet

The assessor shall staple a copy of the Forms 521 applicable to the sale, to one completed supplemental information worksheet that contains the entire parcel of real property sold. The assessor shall staple (in the top left corner) in order from top to bottom; the Combination Form, a copy of the primary Form 521 the Supplemental Information Sheet and a copy of any additional Forms 521.

When supplemental data is submitted to the Division electronically; the assessor must submit paper copies of the following documents. The assessor shall staple (in the top left corner) in order from top to bottom; the Combination Form, a copy of the primary Form 521 and a copy of the additional Forms 521.

The first recorded page number of the multiple Forms 521 (as the primary Form 521) is to be used to report the supplemental information for the parcel of the real property. The assessor shall state in the assessor's comment area of the supplemental information sheet which books and pages are combined to complete the sale as well as the amount of the combined sale price.

Do not make an adjustment to combine the sale prices on the supplemental information sheet as the combined sale price will be entered in the primary Form 521 record by the Liaison.

A sample of the combination form appears on the following page with instructions following the combination form. A completed example is included at the end of this section.

## Combination of Sale Form

Section I The sale should be the lowest book and page # of the sales to be combined.

Section I allows you to define which record you would like to keep as your main record for the combined properties. Within this section you will need to take the total of Section II and add it to your sale in Section I. The combined total of the Section I and Section II will be entered as the combined total sales price. The Assessor comments will be entered into the state sales file for the sale identified in Section I.

96-234-2003 Rev. 11/2005 Supersedes 96-234-2003

### Assessor's Procedure for the Combination Form

**Section 1:** Complete the following information to be sure the combined information will be properly entered in the PAD sale file: Enter the following information for the primary sale (Lowest Book and Page).

Section I The sale should be the first recorded book and page of the sales to be combined.

						Sale		
						Price	Non-Real	
						(line 22	Property	Adjusted Sale
County				Usability	Prop Type	of the	(line 23 of	Price (line 24 of
Number	Book	Page	Sale Date	(Numeric)	(Numeric)	521)	the 521)	the 521)
94	100	2	03/03/2005	1	01	5000	0	5000
				Total of	Section II	10000	0	10000
				Comb	oined Total	15000	0	15000

**County Number:** County number, a one (1) or two (2) digit number identifying the alphabetical order by name of the county, **not** the license number historically assigned for motor vehicles. This information is the same a Line 2 on Form 521.

**Book:** From the office of Register of Deeds, the number of the book in which the deed is found. This information is the same as Line 28 on Form 521.

**Page:** From the office of Register of Deeds, the number of the page on which the first page of the deed is found. This information is the same as Line 29 on the Form 521.

**Sale Date:** The actual sale date of the property. MM/DD/YYYY format: 03/03/2005. This information is the same as Line 3 on the Form 521.

**Usability:** A numeric identifier indicating the assessor's determination of the use of the sale for the sales file. This is a one digit field.

- **1** = Sale to be used in studies (arms length sale)
- 2 = Sale to be used as adjusted (arms length sale with an assessor adjustment to the sale price)
- 3 = Sale not be used in studies (arms length sale, but the property has been substantially changed since the sale)
- 4 = Sale not be used in studies (not an arms length sale)

**Prop Type:** The use of real property parcels at the present time, regardless of legal use or zoning. This is a two digit number that is the same as the property type that was reported on the Sales Worksheet.

**Sale Price:** The sale price before any adjustments listed on Form 521. This information is from Line 22 of Form 521.

**Non Real Property:** The amount of non real property that was included in the sale price and listed on Form 521. This information is from Line 23 of Form 521.

**Adjusted Sale Price:** The adjusted sale price is the sale price less any non real property listed on Form 521 that was included in the sale. This information is from Line 24 of Form 521.

**Combined Total:** These total values will be entered into the sales file and represent the combination of all the participating parts of the sale. The sales file will then be a true representation of the consideration for this sale.

**Section II:** Complete the following information to combine information for each of the additional Form 521's that will not be used in the sales file after they are combined with the primary sale in Section I.

Section II Identify the information from the book and page of the Form 521s that will be combined with the information in Section I to make a completed, total sale.

**Usability:** A numeric identifier indicating the assessor's determination of the use of the sale for the sales files. This is a **one digit** field.

Note: Sales listed on Schedule II will always be nonqualified sales.

# 4 = Sale not be used in studies (use for the additional Form 521's included in the sale

Summary:

Total of Section I: This information is the primary Form 521.

**Total of Section II:** This information is the summed total of all information listed for the multiple Forms 521 on Line 22, Line 23 and Line 24 of the Form 521's listed in Section II of the form. This does not include the amounts from the primary Form 521 which are listed in Section I of the form. Sales included in Section II will be inactivated by the Liaison from the sales file and will not appear on any subsequent rosters or statistical reports.

**Combined Total:** Complete this area with the amounts entered in Section I for the primary sale and, for Section II, the combined total of the remaining Forms 521 that complete the sale.

### Submission to Liaison:

The above combined and completed documents once stabled together can be submitted along with other submissions of the Supplemental forms. Placing the combination sale documents on the top of this submission will help insure the liaison will locate and process the submitted combination forms.

### **Combination of Sale Form**

### **SECTION I**

The sale that is used should be the lowest book and page of the sales to be combined (primary record).

Section I, indicates the primary record to be used as the primary record for the combined properties.

Within this section the total of Section II will be added to the primary sale in Section I.

The combined total of the Section I and Section II will be entered as the combined total sales price.

The Assessor comments will be entered into the supplemental worksheet attached to the sale identified in Section I.

**Roster Information** 

### **Roster Information**

The Property Assessment Division shall develop statistical studies as defined in current regulations and directives.

At any time throughout the year, the county assessor can contact the Division if updates are needed on the sales rosters or the files in the Assessor Assistant program.

### Roster Corrections

When correcting rosters for each property type, review and correct the whole roster. Confirm the accuracy of all information ensuring correctness. The following list includes but is not limited to the information that should be checked.

- Be sure the sale belongs in your county. If it does not, indicate that it should be removed because it is in the "wrong county".
- If the sale is a duplicate, determine which record is correct and write, "Delete – duplicate of book-----, page-----"on the sale that needs to be removed.
- If a sale needs to be combined with another sale or sales to make a 100% interest, please use the lowest book and page as the active sale and indicate which sales need to be included with it. The other sales should be usability '4'. Remember to combine the sales prices and note that the total combined sale price. Combine any assessment information to complete the 100% interest. Refer to Directive 09-2.
- Be sure you understand the Property Classification Code that is used on the sales worksheets. It is important that the sales are coded correctly. Please use the following chart to help you check the code information.

Property Classification Code (Use the Chart Below)												
Status	Property	Classification Code	Zoning	Location	City Size	Parcel Size

3 or 4	First Class	16-101 16-901	Population 5,001-100,000 Zoning; 2 miles outside city limits
5 or 6	Second Class	17-101 17-1001	Population 801-5,000 Zoning; 1 mile outside city limits Except for purposes of Sections 70-1001 to 70-1020 (Electric services) $zoning = \frac{1}{2}$ mile
7 or 8	Village Class	17-201 17-1001	Population 100-800 Zoning; 1 mile outside city limits Except for purposes of Sections 70-1001 to 70-1020 (Electric services) $zoning = \frac{1}{2}$ mile
9			No population or Unincorporated

Statute Reference for incorporated City/Village Section 17-201

Write all information legibly in the correct area so that the Division understands what is being changed. County Information Box is for any comments by the County.

- Confirm the following:
  - School Codes are correct per the current School District Reference List.
  - Usability reflects the intended use of the sale in the sales file. If this field is blank, the sales file will indicate the sale as a qualified sale.
  - The Geo code and Market Area correct.
  - Assessed Values for Land, Improvements and Total Values are correct.
  - Assessor's Adj. Amount (which is an adjustment to the sale price) reflects a plus or minus.
  - Explanation of the assessor adjustment in the county information.
- The current assessment is to reflect the property that sold (Vacant Lot to Vacant Lot, etc.) Is the real property so different now that it should be coded out. (Substantially changed)? If it is substantially changed, change the code to a 3 to disqualify the sale and explain in the county information why the change was made.
- If it is a sale of multiple parcels, ensure all the information from all the parcels included in the sale is correct.
- Confirm the occupancy codes are correct.
- Confirm the acres are filled in correctly.
- Confirm the Reported Totals Agland and Non-Agland values correct. Confirm these equal the Total Assessed Land Value/Current Year when added together.
- Confirm the assessed value of the improvement equals the totaled value of the dwellings and outbuildings.
- Confirm your comments are stated completely and accurately.

### SALES CHANGE REQUEST

A Sales Change Request form is available to make corrections in the sales file when there is no current roster available. The form is designed to be used to make corrections to all property types.

First, complete the shaded area of the form. All shaded boxes must be filled in (county, book, page, and sale date). Next, complete any change that needs to be made. Only fill in the boxes that are changes or updates to the sale. All changes need to be made with **RED** ink.

Include comments for changes involving qualification of the sale, property type or assessed value.

Send the completed Sales Change Request form to your Liaison and they will forward it to the Division to be data entered. The changes will be reflected on the next roster.

### OR

You may e-mail or fax your respective Liaison with your requested changes. The same information is required in the e-mail or fax as with the Sales Change Request as in the county, book, page and sale date and the comments for changes involving qualification of the sale, property type or assessed value.

It will cause confusion when changes to the sales file are submitted in any other manner than the prescribed forms or formats. We all are interested in having the sales file reflect the correct data. Again when submitting changes it is very important to include the county number, the book, page numbers and sale date, **and only the information that is to be changed.** 

Further, sending updates on a re-printed green sheet attached to a copy of the Real Estate Transfer Statement can cause confusion and may result in the changes not being made.

Fill in onl	y the fields that n ges must be in re-	eed to be chang	ed.	Shaded areas must be filled in on all documents. School District Codes

# **INSTRUCTIONS FOR SALES FILE PROTEST** 04/2009

**WHO MAY FILE.** An assessor may protest the adjustment, qualification or nonqualification of a sale of commercial, industrial or agricultural real property to the Department of Revenue Property Assessment Division. The protest shall be mailed to the main office of the Department of Revenue Property Assessment Division, 301 Centennial Mall South, P.O. Box 98919, Lincoln, Nebraska 68509-8919.

# CONTENTS REQUIRED FOR PROTEST.

- **County # Book Page Sale Date** These boxes should be filled in exactly as they appear on the roster to allow for quick access of the record within the sales file database.
- **Documentation Attached** Check the appropriate box. If "yes" is checked, attach all documentation pertinent in determining whether the sale is arm's length or whether the selling price should be adjusted to more accurately reflect the price paid for the real property.
- The protest shall contain the reasons for the protest of the adjustment, qualification or nonqualification of the sale and shall set forth the assessor's requested action of the Department of Revenue Property Assessment Division. The burden of proof shall be on the assessor to provide evidence to the Tax Commissioner to prove, by more than a mere difference of opinion, that the sale should be treated in the manner being advocated by the assessor.

**PROTEST USE.** Circle the action being requested: 1 Use the sale; 2 Use sale as adjusted; 3 Substantially changed—do not use; or 4 Sale not arm's length. In the designated boxes, complete: the sale price as stated on line 24 of the Form 521; if requesting an adjustment, the plus or minus adjustment requested to the sale price; and Adjusted Selling Price (the sale price after the adjustment).

**HEARING OR WAIVER OF HEARING.** The assessor shall be entitled to a hearing on the merits of the protest before the Tax Commissioner or may waive the hearing. Check the appropriate box to either request a hearing or to waive the hearing.

**SIGNATURE AND DATE.** Be sure to sign and date the Sales File Protest before submitting to the Department of Revenue Property Assessment Division.

**APPEAL PROCEDURES.** The action of the Property Tax Administrator may be appealed to the Nebraska Tax Equalization and Review Commission in accordance with the Nebraska Tax Equalization and Review Commission Act and the rules and regulations of the Commission.

# WAIVER OF HEARING

County #	Book	Page	Sale Date

I have read and understand the Department of Revenue Property Assessment Division's Regulations and Directives, specifically, Title 350, Nebraska Administrative Code, Chapter 12, REG-12-004, Sales File Regulations, regarding the process available to protest the Division's inclusion, exclusion or adjustment of transactions in the sales file, including the right to a hearing before the Tax Commissioner. I hereby agree to submit this protest to the Tax Commissioner for determination based on the materials provided accompanying this protest and the materials developed by the Division in the sales verification process and waive the right to a hearing before the Tax Commissioner. I understand that this waiver does not affect the right to a written determination of this protest by the Tax Commissioner and that it does not limit in any way the ability to appeal the decision of the Tax Commissioner to the Nebraska Tax Equalization and Review Commission.

Dated this \_\_\_\_\_ day of \_\_\_\_\_\_.

Signature: \_\_\_\_\_

Title: \_\_\_\_\_

**Practical Application** 

# SALES FILE – PRACTICAL APPLICATION AND DEFINITIONS

#### **Definitions pertaining to Sales File**

**Median Ratio:** shall mean the middle ratio of the sorted or arrayed assessment/sales ratios. If there is an even number of ratios, the median shall be the average of the two middle ratios. The median divides the ratios into two equal groups and is therefore little affected by outliers. Of the three measures of central tendency, the median is generally preferred for the development of market adjustment factors, since it is less influenced by extreme ratios. The median is the generally preferred measure of central tendency for direct equalization, monitoring appraisal performance, determining reappraisal priorities, or evaluating the need for a reappraisal.

**Mean Ratio:** shall mean the arithmetic mean ratio or the total of all assessment/sales ratios divided by the number of ratios. The mean ratio is the average ratio. *The mean accurately reflects the full magnitude of every ratio, which is desirable only if outliers are based on valid data and occur with the same frequency in both the sample and the population. Outliers particularly affect the mean in small samples.* 

Example A		Example B		Example C	
Sale Number	Ratio	Sale Number	Ratio	Sale Number	Ratio
1	80.00	1	80.00	1	80.00
2	85.00	2	85.00	2	85.00
3	90.00	3	90.00	3	90.00
4	95.00	4	95.00	4	95.00
5	<u>100.00</u>	5	100.00	5	100.00
		6	<u>105.00</u>	6	200.00
	450.00		555.00		650.00

#### Computing the Median and Mean

Median Posi $0.5(5) + 0.5$		0.5(6) + 0.5	= 3.5	0.5(6) + 0.5	5 = 3.5
Median Rati	o = 90.00	(90.00+95.00)/2	= 92.50	(90.00+95.00)	)/2 = 92.50
Mean Ratio 450.00/5	= 90.00	555.00/6	= 92.50	650/6	= 108.30

- -

**Aggregate Ratio or Weighted Mean Ratio:** The weighted mean weights each ratio in proportion to its sale price. *The weighted mean is an appropriate measure for estimating the total dollar value of a population of parcels. It gives each dollar of valuation equal weight. Because of its dollar weighting feature, the weighted mean is most appropriately used in indirect equalization, where one seeks to estimate the total dollar value of the jurisdiction.* 

Example				Example			
А				В			
Sale	Assessed	Sale	Ratio	Sale	Assessed	Sale	Ratio
Number	Value	Price	(A/S)	Number	Value	Price	(A/S)
1	\$ 20,000	\$ 25,000	80.00	1	\$ 10,000	\$ 25,000	40.00
2	20,000	25,000	80.00	2	20,000	25,000	80.00
3	20,000	25,000	80.00	3	20,000	25,000	80.00
4	20,000	25,000	80.00	4	20,000	25,000	80.00
5	40,000	100,000	40.00	5	80,000	100,000	80.00
	\$120,000	\$200,000	360.00		\$150,000	\$200,000	360.00

### Calculating the Weighted Mean

Mean Ratio 360.00/5 = 72.00 Mean Ratio 360.00/5 = 72.00

Weighted Mean Ratio \$120,000 / \$200,000 = 60.00 Weighted Mean Ratio \$150,000 / \$200,000 = 75.00 **Coefficient of Dispersion (COD):** Measures the average absolute (sign-ignored) difference of the ratios from the median expressed as a percentage. *It thus provides a measure of assessment uniformity that is independent of the level of assessment and permits direct comparisons between property groups. The lower the level of assessment (median A/S ratio), the greater will be the COD relative to the average deviation. Low CODs (15.00 or less) tend to be associated with good assessment uniformity.* 

Sale	Assessed	Sale	Ratio	Absolute
Number	Value	Price	(A/S)	difference
				From median
1	\$ 8,500	\$ 25,000	34.00	16.00
2	19,000	50,000	38.00	12.00
3	13,000	30,000	43.30	06.70
4	30,000	60,000	50.00	00.00
5	17,000	30,000	56.70	06.70
6	31,000	50,000	62.00	12.00
7	16,500	25,000	66.00	<u>16.00</u>
				69.40

Calculation the Coefficient of Dispersion

Median Ratio = 50.00

Average Absolute Deviation = (69.40 / 7) = 9.90

COD = (9.90 / 50.00) \* 100 = 19.80

# Residential

Low CODs (15.00 or less) tend to be associated with good appraisal uniformity.

# Commercial and Agricultural

CODs (less than 20) tend to be associated with good appraisal uniformity.

**Price-related Differential (PRD):** is found by dividing the mean ratio by the weighed mean ratio and then multiplying by one hundred (100) to obtain the percentage relationship. It is a statistic for measuring assessment regressivity or progressivity. A special aspect of assessment uniformity relates to equality in the assessment of low-and high-value properties. Assessments are considered regressive if high-value properties are relatively under assessed. PRD greater than 100.00 suggests that high-value parcels are under assessed, thus pulling the weighted mean below the mean. PRD less than 100.00 suggests that high-value parcels are relatively overassessed, pulling the weighted mean above the mean. In practice, PRDs have an upward bias.

PRD	Interpretation	Favors	Type of Bias
98.00 - 103.00	Low-and high-value properties are equally assessed	Neither	None
< 98.00	High-value properties are over assessed	Low-value	Progressive
> 103.00	High-value properties are under assessed	High-value	Regressive

Interpreting the Price-related Differential (PRD)

Example A: No Bias

Sale	Assessed	Sale	Ratio	
Number	Value (A)	Price (S)	(A/S)	
1	\$ 25,000	\$ 20,000	125.00	
2	24,000	30,000	80.00	
3	31,000	40,000	77.50	
4	40,000	50,000	80.00	
5	60,000	60,000	100.00	
6	79,000		<u>112.90</u>	
	\$259,000	\$270,000	575.40	

Mean Ratio 575.40 / 6 = 95.90

Weighted Mean Ratio (\$259,000 / \$270,000) \* 100 = 95.90

PRD (95.90 / 95.90) \* 100 = 100.00

Sale	Appraised	Sale	Ratio
Number	Value (A)	Price (S)	(A/S)
1	\$ 30,000	\$ 20,000	150.00
2	40,000	30,000	133.30
3	45,000	40,000	112.50
4	50,000	50,000	100.00
5	40,000	60,000	66.70
6	45,000	70,000	64.30
	\$250,000	\$270,000	626.80

	Example B:	Regressivity	(High valued	properties are	under assessed)
--	------------	--------------	--------------	----------------	-----------------

Mean Ratio 626.80 / 6 = 104.50

Weighted Mean Ratio (\$250,000 / \$270,000) \* 100 = 92.60

PRD (104.50 / 92.60) \* 100 = 112.85

Example C:	Progressivity (High	n value properties are	e over assessed)
··· · · · · · · · · · · · · · · · · ·		F F F F F F F F F F F F F F F F F F F	,

3	30,000	40,000	75.00
4	60,000	50,000	120.00
5	75,000	60,000	125.00
6	90,000	70,000	128.60
	\$273,000	\$270,000	518.60

Mean Ratio 518.60 / 6 = 86.40

Weighted Mean Ratio (\$273,000 / \$270,000) \* 100 = 101.10

PRD (86.40 / 101.10) \*100 = 85.00

**Central tendency:** A single point in a range of observations, around which the observations tend to cluster. The three most commonly used measures of central tendency calculated by the Division are the median ratio, weighted mean ratio and the mean ratio.

**Direct Equalization:** The process of adjusting the assessed values of parcels of real property, usually by class or subclass, using adjustment factors or percentages, to achieve proportionate valuations among the classes or subclasses. Involves converting ratio study results into adjustment factors (trends) and ordering locally determined appraised or assessed values to be changed to more nearly reflect market value or the statutorily required level of assessment. *Advantage: it can be applied to specified strata, such as property classes, geographic area, and political subdivisions, that fail to meet appraisal level performance standards. Also produces results that are more visible to the taxpayer and will more clearly reduce perceived inequities between classes.* 

**Indirect Equalization:** Involves computing hypothetical values that represent the oversight agency's best estimate of taxable value, given the statutorily required level of assessment or market value. *The most common use of indirect equalization is to ensure proper funding distribution, particularly for school districts. For example, if the assessed value of property in a jurisdiction is \$750 million, but a ratio study shows an assessment level of 75 percent, while the legally required level of assessment is 100 percent, an equalized value of \$1,000 million could be computed (\$750 million/.075). Indirect equalization results in fairer funding apportionment because the overall appraisal levels of the taxing jurisdictions tend to vary. If there were no equalization, the extent that a jurisdiction under-or overestimated its total tax base would result in over-or underapportionment of funds. Indirect equalization does not correct for under-or overappraisal between classes of property and is less visible to taxpayers. Indirect equalization tends to encourage taxing jurisdictions to keep their overall tax bases close to the required level.* 

# Arm's Length Transactions (REG 12-002.21)

A sale between two or more parties, each seeking to maximize their positions from the transaction.

All sales are arm's length unless proven otherwise.

# Alternative Definitions:

The parties are typically unrelated. The parties should not have a previous ownership interest in the property.

A transaction freely arrived at in the open market, unaffected by abnormal pressure or by the absence of normal competitive negotiation as might be true in the case of a transaction between related parties (Definition from the Real Estate Appraisal Terminology)

## NON-ARM'S LENGTH TRANSACTIONS

Pursuant to professionally accepted mass appraisal techniques and thorough review, sufficient documentation and compelling information regarding the sale is necessary to determine if a sale is a non-arm's length transaction. Complete verification of the transaction is necessary to determine that a sale is not arm's length.

The following are conditions that may indicate if a transaction is a qualified or nonqualified sale.

#### Sale between immediate family members

Specify the relationship – spouse, grandparents and grandchild, parents and child, brothers and sisters, family corporation or partnerships, aunt or uncle to niece or nephew

Sales between immediate family members (immediate family members to include grandparents, parents, children, aunts, uncles) serves only as a *flag* and may not necessarily invalidate the sale. This is especially true if the sample size is small.

Sales between relatives are usually non-open-market transactions and tend to occur at prices lower than would otherwise be expected.

Family transactions may be considered arm's length if all the following conditions apply:

The property was exposed on the open market

Listed with a realtor or some other form of public notice at the time of sale (for sale sign, newspaper, word-of-mouth, etc)

The asking and selling price are within an acceptable range that any party purchasing the property would be expected to pay

The sale meets all other criteria of being an open-market arm's length transaction

#### Sale involving corporate affiliates belonging to the same parent company

These transactions should be considered a non-arm's length transaction. Corporate sales often require considerable research to determine legal relationships. Sales between corporate affiliates may be made only to obtain financing or to adjust corporate accounts. Knowledge of corporate relationships is usually required to identify corporate affiliates, although a buyer and seller at the same address may indicate an affiliation.

### Auction sale

Auction sales that have been advertised, well attended and for which the seller has a low bid clause are often valid arm's length transactions. The sale may tend to be on the lower end of the spectrum but nevertheless, it is an arm's length sale. An auction where the seller is required to sell the property for whatever the bid is offered are known as absolute auctions and are always considered a non-arm's length transaction. If the sale is not an absolute auction, the seller can indicate the lowest bid that will be accepted for the property or it will not be sold (right of refusal – bid with reserve). These auctions may be considered potentially valid transactions if all other criteria of an open market arm's-length transaction are met.

Often agricultural land is auctioned, but when residential or commercial property is auctioned, it may be a liquidation procedure forced by bankruptcy or foreclosure.

A follow-up verification is required to answer three important questions that should be asked of the buyer, seller or auctioneer regarding auction sales.

- a. Was the auction well advertised?
- b. Was the auction well attended?
- c. Did the seller have the right of refusal, a low bid clause or was the bid with reserve?

If the answer was "Yes" to all of the questions listed above, it should be included as an arm's length sale in the ratio study. Contacting the seller and/or auctioneer in auction sales is usually the best source as the buyer is often unaware whether there was a low bid clause. Often local statutes dictate that all auctions have the right of refusal unless otherwise specified.

#### Deed transfer in lieu of foreclosure or repossession

A deed transfer in lieu of foreclosure is a deed that is transferring the real property back to the original owner prior to the property being foreclosed on and should be considered a non-arm's length transaction.

A sale in which a lien holder is the buyer may be in lieu of a foreclosure or a judgment and the sale price may equal the loan balance only.

# Sale by judicial order (by a guardian, executor, conservator, administrator, or trustee of an estate)

Sales should be verified to confirm they meet the criteria for an open market transaction. A follow-up verification should be made prior to including the sale in the ratio study.

- a. A conveyance by an executor or trustee under power granted in a will may not represent market value especially if the sale takes place soon after the will is filed and admitted to probate in order to satisfy the decedent's debts or the wishes of an heir.
- b. Estate sales where the seller is the estate may be an arm's length transaction, if the sale is not forced and meets the other conditions of market value.

c. Sales where the buyer is an executor or trustee of an estate are usually nonmarket at nominal consideration.

#### Sales involving charitable, religious, or educational institutions

Typically should be considered a non-arm's length sale because they are usually the result of full or partial gifts making them a non-arm's length sale.

#### Sales involving government agencies or public utilities

Such sales may involve an element of compulsion and often occur at prices higher than would otherwise be expected. On the other hand, sales by governmental agencies of surplus property or of redevelopment sites tend to be favorable prices and with further review may be considered an arm's length sale.

# Buyer (new owner) is a financial institution, insurance company, pension fund, or mortgage corporation

This transaction could possibly be a repossession, in which case, the sale should not be included as an arm's length transaction in the ratio study.

Sales from banks should not be automatically considered a non-arm's length transaction especially if you do not have an abundant supply of sales. Typically, values will be on the low end of the value range, but they may be considered arm's length transactions and included in the ratio study if all other criteria for being an open market arm's-length transaction are met.

#### Sale of only a partial interest in the real estate

These transactions should be considered as non-arm's length sales unless **all the interests** in the real property have sold. If all the interests have sold, a follow-up verification is necessary to confirm whether or not the sale price is the total sale price or whether it is only the price paid for an interest in the property. When all the interests are known, only one of transfers should be adjusted for the total sale price and validated, if the transaction meets all the other requirements to be considered an arm's length sale. The remaining interest sales should be invalidated and not included in the statistical analysis.

### Sale involved a trade or exchange of properties

Generally, sales involving a trade should be excluded from sales analysis. In situations where the trade is a pure trade (there is no cash or financing involved) the sale should be excluded from the study. If the sale involves both money and traded property, it may be possible to include the sale as a potentially valid sale if the value of the traded property is stipulated, an accurate estimate can be made or the value is small in comparison to the total sale price.

1031 Exchanges –Under section **1031** of the Internal Revenue Code, a real property owner can sell his property and then reinvest the proceeds in ownership of like-kind property and defer the capital gains taxes. To qualify as a 1031 like-kind exchange, property exchanges must be done in accordance with the rules set forth in the tax code and in the treasury regulations. 1031 exchange services can offer significant tax advantages to real estate buyers.

# **Transfer of convenience**

Such transfers are intended to correct defects in a title, create a joint or common tenancy, or serve some similar purpose. In such situations, the sale price is usually nominal. Sales of convenience can be identified by deed type, the statement of the interest transferred, or the relationship of the buyer and seller.

**Occupancy Codes** 

# **OCCUPANCY REFERENCE**

# **Alphabetical Occupancy List**

The following list contains the occupancies available in Commercial Estimator in alphabetical order by occupancy name.

- 600 Administration Building
- 300 Apartment (High Rise)
- 989 Apartment (High Rise), Interior Space
- 596 Apartment (High Rise), Shell
- 573 Arcade
- 301 Armory
- 589 Assisted Living, Multiple Residence (Low Rise)
- 576 Atrium
- 302 Auditorium
- 455 Auto Dealership, Complete
- 303 Automobile Showroom
- 410 Automotive Center
- 563 Bag Fertilizer Storage
- 304 Bank
- 443 Bank, Central
- 578 Bank, Mini
- 442 Bar/Tavern
- 384 Barber Shop

  - 391 Storage, Material
  - 395 Storage, Potato
  - 383 Tobacco Barn
  - 456 Tool Shed
  - 394Transient Labor Cabin
  - 477 Utility, Farm

# Special Occupancy Group Lists Developed by the Department of Revenue Property Assessment Division

**100 Golf Course:** Total Golf Course including but not limited to; club house, cart storage, maintenance buildings, fairways and greens.

**816 Dairy Farm:** Generally includes components including Milking Barn with the set up including loafing shed & feed lots, Grain Storage / Grain Handling, Feed Processing / Feed Handling, Grain Processing / Handling, Silos, Feed / Equipment Storage and Sewage Disposal.

- 316 Milking Barn
- 421 Grain Storage / Handling, Feed Processing / Grain
- 477 Feed / Equipment storage and sewage disposal

**820** Land Fill: Land fills and land associated with and for the repository of refuse. Quality dependant upon how environmentally sound the operation is.

**825** Transmission Facilities: Low, fair and average should cover most stand alone towers, and Good, very good and excellent qualities should include studios, transmitters and towers.

**834** Quarries: Rock, clay, and gravel; rock being top of the quality range with gravel pits on the low end of the scale.

**839** Lumber Yard: Generally includes components of 353 retail Sales, 339 horizontal lumber storage, 390 vertical lumber storage and 391 material storage.

**841 Co-op Complex:** Generally average quality may include 421 grain storage, 408 service station, 325 garage service, 420 bulk fertilizer, 353 retail and 419 convenience market. Low quality are the old iron clad elevators, limited by size or age or functionality and the excellent quality complexes being the large unit train terminals being the top of the line and fully functional.

**851 Mobile Home Park/RV Park:** Generally ranges from low quality (having gravel roads, limited size per space, electrical and water hookups) to very good quality (having concrete paving and gutters, concrete driveways, sidewalks and parking pads for double wide type mobile homes, ample size per space, electrical, water and sewer).

(Refer to document "Occ M-H Parks" for a break down of quality descriptions.) NOTE: Mobile home parks and recreational vehicle parks. Recreational parks generally tend to have the lower quality tendencies. **883** Sale Barn: Generally includes a show ring for sales, office, roof structure over livestock pens and open air livestock pens, area for veterinary type work, possibly includes a café facilities.

**896 Hog Confinement:** generally includes 396 hog barn, 429 modified hog shed and 430 hog shed and sewage disposal.

**899 Cattle Feed Lots:** Generally includes components of feed processing, grain storage, grain processing/handling 404 feed/equipment storage and office/scale 381 veterinary facilities and sewage disposal.

# **Quality Descriptions specific to Mobile Home Parks / RV Parks**

The following quality rankings used in the following examples to define as typical to what is typically found in a county).

10 Low Quality	30 Avg. Quality	50 Very Good Quality
20 Fair Quality	40 Good Quality	60 Excellent Quality

**851 Mobile home park. Low Quality:** Typical sites developed for transient or seasonal resort areas or near industrial or military areas. Usually designed to hold car-drawn trailers up to 40 to 45 feet long. Base area per site is 2,400 square feet and base number of spaces is 80.

**851 Mobile home park. Fair Quality:** Typical sites developed for transient use in outlying rural or resort areas where there are no building codes or minimal code enforcement. They will have close spacing and few facilities beyond minimum subsistence level, and are designed for smaller trailers and recreational vehicles. Base area per trailer space is 1,600 square feet and base number of spaces is 50.

**851 Mobile home park.** Average Quality: These are average costs of parks built more or less for permanent occupancy and represent the low and midpoint for permanent parks. They will have spaces to accommodate the manufactured house up to 55 to 60 feet long as well as large transient trailers. They will have utility buildings, office, recreation buildings, and other recreation facilities. Base area per site is 3,200 square feet and base number of spaces is 100.

**851 Mobile home park. Good Quality**: The typical good park is a manufactured housing park catering to the larger manufactured homes and represents the median for permanent parks. It will accommodate large manufactured homes with private patios and gardens, and complete recreational facilities. Base area per site is 4,400 square feet and base number of spaces is 175.

**851 Mobile home park. Excellent Quality:** The excellent manufactured housing park provides deluxe accommodations for the largest site-erected manufactured home units and represents the high end midpoint for permanent parks. It will have complete and varied recreational facilities of tip quality. Base area per site is 5,600 square feet and base number of spaces is 200.

School District Codes

# SCHOOL DISTRICT CODE INFORMATION

Each June, the Division issues the School District Reference List, which indicates the prescribed school district name, class, and school codes for each county. The School District Reference List is effective for the fiscal period July 1 through June 30. See "School Code Procedures for Assessors" beginning on page 126. In addition, during June of each year, the Division provides each county assessor a list of school district dissolutions/mergers/reorganizations and the corresponding receiving school district, if applicable for the county. The dissolutions/mergers/reorganizations list by county is based upon data published by the Department of Education every June.

The assessor is required to update their tax entity/fund file, tax district file, tax codes on all real property, personal property and centrally assessed records, prior to the certification of value for levy setting on August 20th. In addition, the assessor is required to update any school district codes for sales within the state sales file and any sales in the county's in-house sales file, if applicable.

The Division will coordinate with the county assessor to implement school district changes for the state's sales file. For those sales file records that can readily be changed en masse, e.g. one school code moves to another school code, the division will process these changes. For those sales where the school district did not move into one specific school, it will require the field liaison to ascertain specific legal descriptions (sale records) from the assessor and determine which school district is applicable, based upon the school district petition document (available at the county clerk's office).

# Assessor Procedures for Recording School District Codes for July 2008-June 2009 Nebraska Department of Revenue Property Assessment Division

**1. REQUIRED SCHOOL DISTRICT CODES.** The six-digit codes displayed on the School District Reference List for July 2008 - June 2009 are **"required"** school district codes by Property Assessment Division per REG-10-004.01B(4) and are used on various reports as follows:

- Certificate of Taxes Levied, Form 49, (due December 1)
- School District Taxable Value Report (due August 25)
- Sales File Supplemental Information
- Sales File Rosters
- Current Year's Assessed Value Update (Part of County Abstract Report March 19)
- Centrally Assessed Value Distribution Public Service Entities & Railroad Companies
- Certification of Taxable Value to Political Subdivisions (August 20)

**2. SCHOOL DISTRICT CLASS & DEFINITIONS.** In Nebraska, school districts are defined in statute by "class" to designate the specific grade levels and/or population associated with the territory the base school district encompasses.

Class II (2)	= grades k-12, elementary and high school, population 1,000 or less
Class III (3)	= grades k-12, elementary and high school, population 1,001 - 99,999
Class IV (4)	= grades k-12, elem. & high school, population 100,000- 299,999 (Lincoln Sch 1)
Class V (5)	= grades k-12, elem. & high school, population 300,000 or more (Omaha Sch 1)

Pursuant to 2005 Neb. Laws LB 126, effective June 15, 2006, the following school district classes were eliminated:

Class I (1) = grades k (kindergarten)-8, elementary Class VI (6) = grades 9-12, school district maintains only a high school

Affiliation and Joined school codes were eliminated effective June 15, 2006, pursuant to LB 126.

**Prior to 2006, affiliation** refers to the ongoing association of an elementary district (class 1) with a high school district (Class 2-5), for purposes of providing a high school program serving the elementary district's students and maintaining tax support to finance such program. Within an affiliated system you will have a territory for the headquarter k-12 school district plus territory of all the elementary districts or portions thereof affiliated with it. **Joined** refers to the ongoing association of an elementary district (class 1) with a Class 6 high school only district. Within a Class 6 system the elementary districts or portions thereof, joined with the Class 6 high school, embrace the same physical territory.

**Unified System** means two or more Class II or III school districts participating in an inter-local agreement under the Inter-local Cooperation Act with approval from the State Committee for Reorganization of School Districts.

# 3. COMPONENTS OF THE SCHOOL DISTRICT CODES:

- the first six-digit code represents the base school district for the record
- a second six-digit code represents the unified school system's code, if the base school is participating in a unified system.

### Within the six digit school code,

- the first two digits represent the county number where the school is headquartered
- the last four digits are the school district's number

4. RECORD SCHOOL CODES in the exact format as indicated on the School District Reference List for July 2008 – June 2009.

Note: Sales file supplement information worksheets or rosters; For multiple parcel sales, located in more than one school district, record the school codes associated with the predominate parcel of the sale and note the other parcels' school codes in the assessors remarks.

# \*\*\*\* EXAMPLES OF RECORDING SCHOOL CODES \*\*\*\*

**EXAMPLE #1:** Subject property is in 70 Pierce County, located in Pierce School District 2:

<b>Base school Pierce 2</b>	1st code	
	(base school)	
*record 1 school code	70-0002	

**EXAMPLE #2:** Subject property is in 70 Pierce County, located in base school Neligh-Oakdale School Dist. 9, which is an overlapping school district from Antelope County.

Base school Neligh-Oakdale 9	1st code
	(base school)
*record 1 school code	02-0009

-----

**EXAMPLE #3:** Subject property is in 02 Antelope County, located in base school Clearwater 6, which is part of the Nebraska Unified District 1.

Base school Clearwater 6:	1st code (base school)	2nd code (unified)	
*record 2 school codes	02-0006	02-2001	

Class per Neb. Rev. Stat. 79-102; School Distirict K-12 embraces territory with different populations Class 2=1000 or less, Class 3=1001-99,999, Class 4=100,000-299,999; Class 5=300,000 or more {destroy all previous lists}
