2015 Opinions of the Property Tax Administrator for Thurston County

My opinions and recommendations are stated as a conclusion based on all of the factors known to me regarding the assessment practices and statistical analysis for this county. See, Neb. Rev. Stat. § 77-5027 (2011). While the median assessment sales ratio from the Qualified Statistical Reports for each class of real property is considered, my opinion of the level of value for a class of real property may be determined from other evidence contained within these Reports and Opinions of the Property Tax Administrator. My opinion of quality of assessment for a class of real property may be influenced by the assessment practices of the county assessor.

Class	Level of Value	Quality of Assessment	Non-binding recommendation	
Residential Real Property	97	Meets generally accepted mass appraisal practices.	No recommendation.	
Commercial Real Property	*NEI	Does not meet generally accepted mass appraisal practices.	No recommendation.	
Agricultural Land	72	Meets generally accepted mass appraisal practices.	No recommendation.	

^{**}A level of value displayed as NEI (not enough information) represents a class of property with insufficient information to determine a level of value.

Dated this 7th day of April, 2015.

County 87 - Page 10

2015 Residential Correlation Section for Thurston County

County Overview

Thurston County is located in the northeastern corner of the state. Information reported on the United States Census population finder describes Thurston County as having the population of 6940 residents; approximately 55% of the population is Native Americans. The village of Macy is located within the Omaha Reservation and includes the Omaha Nation Public Schools. The communities of Walthill (estimated population of 780) and Winnebago (estimated population of 774) are heavily populated with the Winnebago and Omaha Tribes. Parcels of real property that were acquired because of allotment to the Native American families or property held in trusts are exempt from valuation, the parcel is considered taxable if it was acquired with a fee simple title. Pender is the county seat and has an estimated population of 1000.

Description of Analysis

Thurston County residential sales file consists of 61 qualified arm's length transactions. The county defines valuation groupings primarily by the towns and villages. There are 36 of those sales located in the village of Pender (Valuation Group 01) representing 59% of the qualified transactions. Valuation Group 10 covers the three villages of Rosalie, Walthill and Winnebago with 13 sales and represents 21% of the sales transactions.

The market in Valuation Group 10 which includes the village of Walthill is unpredictable and unorganized. Review of the sales activity within Valuation Group 10 shows four sales of \$5,000 or less, located in the village of Walthill. These sales distort all measures of the level of value and as a result indicate the statistical level of value is unreliable. The village of Emerson (Valuation Group 05) is located in three counties with the smallest portion of Emerson within the boundary of Thurston County, also included in Valuation Group 05 is the village of Thurston which is located between Pender and Emerson.

Sales Qualification

The Division conducted a review of each county's sales verification. The conclusion is that there was no bias in the sales verification and that the Thurston County Assessor utilized all arm's length transactions available.

Equalization and Quality of Assessment

The Division has implemented an expanded review of one-third of the counties to review the assessment practices of the county. Thurston County was one of those selected in 2011. The analysis revealed that the county started a review of the residential class of property beginning in 2006 with the village of Emerson. Thurston was completed in 2007 and Pender in 2008. The villages of Winnebago, Walthill and Macy were reviewed in 2010. The Department notified the county of the lack of the completion of the review and inspection in 2013. The county responded with what was started in the rural and what was left to complete.

2015 Residential Correlation Section for Thurston County

Level of Value

Based on the information available, the level of value is determined to be 97% of market value for the residential class of real property in Thurston County.

2015 Commercial Assessment Actions for Thurston County

Minimal activity in the commercial class of property and no major changes were done other than pick up work.

Plans are to start a commercial review, inspection and reappraisal beginning in the summer of 2015.

2015 Commercial Correlation Section for Thurston County

County Overview

The commercial market in Thurston County has remained relatively flat. Pender is the commercial hub for Thurston County and the county seat. The village of Pender offers the residents retail trade, banking, auto and implement dealers, a new hospital and restaurant services. The Villages of Walthill, Winnebago and Rosalie are on the east side of the county. The commercial services there are minimal and many of the residents travel to South Sioux City for commercial services. The village of Emerson has minimal commercial services on the portion that is in Thurston County and the majority of the commercial parcels are near the Dixon and Dakota county borders to the north.

Description of Analysis

The commercial statistical profile contains a total of eight qualified arm's length sales. The commercial market has been nonexistent. There has been only two sales since December of 2012. Six of the commercial parcels are located in Valuation Group 01 (Pender). The sample is small enough that it does not represent the commercial population in the county.

Sales Qualification

The Division conducted a review of each county's sales verification. The conclusion is that there was no bias in the sales verification and that the Thurston County Assessor utilized all arm's length transactions available.

Equalization and Quality of Assessment

With the information available it was confirmed that the county was in compliance with the statutory six year review requirement. However, the costing date of the commercial class of property dates back to 1998 as reported on the Commercial Survey. This information, as provided by the assessor, has a tendency to point to the assessment practices being unreliable. It is believed the commercial properties are in need of a major review and updated listing and assessment.

Level of Value

Based on the consideration of all available information, the level of value for the commercial class of property in Thurston County cannot be determined.

2015 Agricultural Assessment Actions for Thurston County

An analysis was completed on the agricultural sales for Thurston County, based on the analysis the land values were increased in Thurston County.

The County is currently in the process of implementing GIS and reviewing land use and acre calculations by townships.

Source: 2015 Abstract of Assessment, Form 45, Schedule IX

2015 Agricultural Correlation Section for Thurston County

County Overview

Thurston County is currently divided into two market areas. Market Area 1 is the western portion of the county and is bordered by Dakota County and Dixon County on the north, Wayne County on the west, and Cuming County to the south. The land use in area one is 11% irrigated, 83% dry land and the remainder grass. The eastern portion of the county is defined as Market Area 2 and has Dakota County to the north, Burt County to the south and the Missouri River on the east. The land use in area two is represented with 3% irrigated land, 85% dry land and 7% grass. The grass in area two is 63% timber covered.

Description of Analysis

The analysis of the statistical profile was expanded to ensure that the time and majority land use representativeness was balanced. Thurston County increased all values in each market area, the overall increase to irrigated was 24%, dry was 23% and grass was 19%. The values in Thurston county are comparable to the surrounding counties. It is believed that both market areas are equalized.

Sales Qualification

A sales qualification review was completed. This involved reviewing the non-qualified sales roster to ensure that reasons for disqualifying sales were adequate and documented. The review revealed that no apparent bias existed in the qualification determinations, and that all arm's length sales were made available for the measurement of real property in the county.

The Division has conducted an expanded review beginning in 2011 of Thurston County and found that the county is diligently working on completing the systematic review and inspection of the rural properties. As follow up to the review in 2012 the county reported that questionnaires have been mailed to the land owners asking for them to furnish the office with FSA maps to assist in verifying the land use. The county relayed that the response to the questionnaires has been favorable. The Assessor has indicated that all the rural parcels have been completed.

Equalization and Quality of Assessment

The values established by the assessor have created intra-county and inter-county equalization. The calculated statistics also indicate that an acceptable level of value has been attained. The quality of assessment of agricultural land has been determined to be in compliance with professionally accepted mass appraisal standards.

Level of Value

Based on analysis of all available information, the level of value is 72%. All other subclasses are determined to be valued with the acceptable range.

2014 Plan of Assessment for Thurston County

Assessment Years 2015, 2016, and 2017 Date: June 2014

General Description of Real Property in Thurston County:

Thurston County is located in Northeast Nebraska. The county is irregular in shape with the Missouri River forming the eastern boundary. Pender is the county seat and largest community. Pender is located in the southwestern part. Other communities include Macy, Rosalie, Thurston, Walthill, Winnebago, and part of the community of Emerson. Thurston County was organized in 1889. It was originally part of the acreage selected by the Omaha Indians as their reservation. The Omaha tribe sold part of the land to the Winnebago Reservation also includes part of Dixon County. The county has a checker board type of ownership. Approximately 56,654 acres of the land in Thurston County is exempt. Approximately 674 acres were put in exempt status for 2011. This property is exempt because it is U.S.A. in Trust for the Winnebago Tribe of Nebraska or the Omaha Tribe of Nebraska and Allotment land. Complicating the process, a large number of HUD houses, mobile homes, and commercial buildings located on the above described exempt land. Native American's are exempt from taxation on Improvements on leased land. Some of the properties are co-owned by non-Indian people. That portion is taxable; the discovery process is very difficult in these situations.

Thurston County had a total count of 4,118 taxable parcels on the 2014 County Abstract.

Per the 2014 County Abstract, Thurston County consists of the following real property types.

	Parcels	% of Total Parcels	% of Taxable Value Base
Residential	1529	38	17
Commercial	270	7	3
Industrial	11	0	1
Recreational	28	0	1
Agricultural	2280	56	78
Special Value	0		

Agricultural land – Taxable acres 182,671.53

For Assessment year 2014, an estimated 160 building permits, information statements and others means of assessing were valued as new property construction/additions.

Current Resources

The staff of the Thurston County Assessor's office consists of the Assessor, one part time and one full time Clerk. With limited funds in Thurston County there is little money available for registration, motels and travel. The County Board would let us increase our budget for this

year, However, the mileage allowance, fuel, office equipment and repair, office supplies, dues, registration, training and data processing fees, printing and publishing are all increasing. MIPS & GIS contract costs have really put the office in a budget bind.

Discover, List & Inventory all property. Real Estate Transfers along with a photocopy of the deeds are filed timely by the Clerks office. A clerk processes the Real Estate Transfers, followed by a double check by a second clerk. The Assessor reviews the transfer and forwards the information to Department of Revenue.

The property record cards contain all information required by regulation 10-004, which included the legal description property owner, classification codes, and supporting documentation. The supporting documentation includes any field notes, a sketch of the property. A photograph of the property, and if agricultural land is involved an inventory of the soil types by land use. The new and old aerial photographs of the buildings are included. The cards are in good condition and updated and or replaced as needed. Allotment land cards are kept in a separate file. Because of the reservations located in Thurston County, the historical information is kept in the Assessor's office.

Level of Value, Quality, and Uniformity for Assessment year 2013

Property Class	Median %	C.O.D. %	P.R.D. %
Residential	97	31.96	119.48
Commercial	100		
Agricultural Land	71	32.03	116.51
Special Value	0		

Assessment Actions Planned for Assessment year 2015:

Residential /All Rural Residential: Begin the 6 year inspection & review of the villages of Emerson, Thurston, Walthill & Pender. This will include comparison of the current property record card, inspection of the house, list outbuildings & new photos.

Commercial: Begin 6 year inspection & review of Emerson, Thurston, Walthill & Pender. Will review & take new photos.

Agricultural: Begin 6 year inspection & review of land use changes by GIS, & drive by to review land. Starting with Pender, Thayer & Bryan Townships. Conduct market analysis of agricultural sales. Rural residential as described above.

Special Value: None

Assessment Actions Planned for Assessment year 2016:

Residential: All rural residential: begin inspection process with Rosalie, Winnebago & Macy. This will include comparison of the current property record card, inspection of the house, list outbuildings & new photos.

Commercial: Begin new inspection & review of Rosalie, Winnebago, & Macy. This will include comparison of current property record card, inspection of the house, list outbuildings & new photos

Agricultural: continue the review land use changes by GIS. Drive by & review land for Flournoy, Merry & Omaha Townships. Conduct market analysis of agricultural sales. Rural residential as described above.

Special Value: none

Assessment Actions Planned for Assessment year 2017:

Residential: All rural residential: begin inspection process with townships of Pender, Bryan & Thayer. This will include comparison of the current property record card, inspection of the house, list outbuildings & new photos.

Commercial: continue to evaluate process

Agricultural Land: review land use changes for Anderson, Blackbird, Dawes, & Winnebago Townships by GIS & drive by. Conduct market analysis of agricultural sales. Rural residential as described above.

Special Value: none

The Cadastral Maps in Thurston County are old. The maps are current with parcel identification according to regulation 10-004.03. The office is in the process of implementing a GIS system. Funds were available this year for this project in a three year contract.

Other functions performed by the assessor's office, but not limited to:

Record Maintenance, Mapping updates, & Ownership changes

Annually prepare and file Assessor Administrative Reports required by law/regulation:

- a. Abstracts (Real & Personal Property)
- b. Assessor Survey
- c. Sales information to Department of Revenue rosters & annual Assessed Value Update w/Abstract

- d. Certification of Value to Political Subdivisions
- e. School District Taxable Value Report
- f. Homestead Exemption Tax Loss Report
- g. Certificate of Taxes Levied Report
- h. Report of current values for properties owned by Board of Education Lands & Funds
- i. Report of all Exempt Property and Taxable Government Owned Property
- j. Annual Plan of Assessment Report

Personal Property: administer annual filing, 499 schedules; prepare subsequent notices for incomplete filings or failure to file and penalties applied, as required.

Permissive Exemption: Administer annual filings of applications for new or continued exempt use, review and make recommendations to county board.

Taxable Government Owned Property-annual review of government owned property not used for public purpose, send notices of intent to tax.

Homestead exemptions: administer 150 annual filings of applications approval/denial process, taxpayer notifications, and taxpayer assistance.

Centrally Assessed-Review of valuations as certified by Department of Revenue for railroads and public service entities, establish assessment records and tax billing for tax list.

Tax Districts and Tax Rates- management of school district and other tax entity boundary changes necessary for correct assessment and tax information: input/review of tax rates used for tax billing process.

Tax Lists: prepare and certify tax list correction documents for county board approval.

County Board of Equalization – Attend county board of equalization meetings for valuation protest-assemble and provide information.

TERC Appeals-prepare information and attend taxpayer appeal hearings before TERC, defend valuation.

TERC Statewide Equalization-attend hearings if applicable to county, defend values, and/or implement orders of the TERC.

Education: Assessor and/or Appraisal Education- attend meetings, workshops, and educational classes to obtain required hours of continuing education to maintain assessor certification.

Conclusion:

This document is a description of the various duties and three year plan of assessment in the Assessors office. Without proper funding the tasks described will be difficult to complete. The current budget request is \$77,775 for the General Fund; \$101,725 Reappraisal fund includes funds for the payments to GIS system next year!

Assessor	
signature	Date:

2015 Assessment Survey for Thurston County

A. Staffing and Funding Information

Deputy(ies) on staff:
1
Appraiser(s) on staff:
0
Other full-time employees:
1
Other part-time employees:
0
Number of shared employees:
0
Assessor's requested budget for current fiscal year:
\$77,775.00 includes Assessor, Deputy and operating expenses.
Amount of the total assessor's budget set aside for appraisal work:
\$0
If appraisal/reappraisal budget is a separate levied fund, what is that amount:
\$101,725.00 Includes the GIS expense (\$48,000.00) and clerical
Part of the assessor's budget that is dedicated to the computer system:
\$11,000.00
Amount of the assessor's budget set aside for education/workshops:
\$1,200.00
Other miscellaneous funds:
\$0
Amount of last year's assessor's budget not used:
\$9,000.00 between the two budgets

B. Computer, Automation Information and GIS

1.	Administrative software:
	MIPS
2.	CAMA software:
	MIPS
3.	Are cadastral maps currently being used?
	Yes
4.	If so, who maintains the Cadastral Maps?
	Assessor and staff
5.	Does the county have GIS software?
	Yes, currently working with GIS Workshop to fully implement.
6.	Is GIS available to the public? If so, what is the web address?
	Yes. www.thurston.gisworkshop.com
7.	Who maintains the GIS software and maps?
	GIS
8.	Personal Property software:
	MIPS

C. Zoning Information

1.	Does the county have zoning?
	No
2.	If so, is the zoning countywide?
	N/A
3.	What municipalities in the county are zoned?
	Emerson, Pender, Thurston and Walthill
4.	When was zoning implemented?
	Unknown

D. Contracted Services

1.	Appraisal Services:
	None
2.	GIS Services:
	GIS Workshop
3.	Other services:
	None

E. Appraisal /Listing Services

1.	Does the county employ outside help for appraisal or listing services?			
	Minimal, hire an independent appraiser on a limited basis to assist in listing difficult properties			
2.	If so, is the appraisal or listing service performed under contract?			
	No			
3.	What appraisal certifications or qualifications does the County require?			
	Licensed Appraiser			
4.	Have the existing contracts been approved by the PTA?			
	No contract, only hired to list unique parcels, assessor completes the valuation process.			
5.	Does the appraisal or listing service providers establish assessed values for the county?			
	No			

2015 Certification for Thurston County

This is to certify that the 2015 Reports and Opinions of the Property Tax Administrator have been sent to the following:

One copy by electronic transmission to the Tax Equalization and Review Commission.

One copy by electronic transmission to the Thurston County Assessor.

Dated this 7th day of April, 2015.

PROPERTY TAX ADMINISTRATOR SELECTION OF PROPERTY ASSESSMENT

Ruth A. Sorensen
Property Tax Administrator

Ruth A. Sorensen
