Attachments: Lancaster 2015 Ag land analysis.pdf

Follow Up Flag: Flag for follow up
Flag Status: Flagged

As requested by Steve Keetle, attached is a PDF of the pertinent portions of the Excel spreadsheet that was sent to you on Friday.

Pages 1-28: Worksheet #1, contains all of the sales information provided by the Property Assessment Division, upon request by Rob Ogden.

Pages 29-34: Worksheet #2 contains 304 sales from the counties that Lancaster County considers uninfluenced counties, as identified on page 23 of the Lancaster County 2015 Report & Opinion: Gage, Johnson, Jefferson, Otoe, and Saline. Cell FA307 displays the median assessment/sales ratio (LANC Ratio) of 73.54%.

Pages 35-43: Worksheet #3 contains 464 sales from the counties that the State (Property Assessment Division) utilized in creating "surrogate" sales for measurement purposes, identified on page 24 of the Lancaster County 2015 Report & Opinion: Butler, Cass, Gage, Johnson, Otoe, Saline, Saunders, and Seward. Cell FA467 displays the median assessment/sales ratio (LANC Ratio) of 66.51%.

Pages 44-52: Worksheet #4 contains the same 464 sales from Worksheet #3, arrayed by number of agricultural acres, shown column FB as "AGTOTACRES." Column FK, titled "LACN Median" displays the median assessment/sales ratios (LANC Ratio) for various minimum acre levels. For example, Cell FK42 displays 76.48%, which is the median assessment/sales ratio (LANC Ratio) for all sales in the array of at least 160 acres (shown in cell FJ42); and Cell FK347 displays 69.03%, which is the median assessment/sales ratio (LANC Ratio) for all sales in the array of at least 75 acres (shown in cell FJ347).

Subject: Lancaster County

A portion of the testimony to be offered at the Lancaster County Show Cause hearing on 4/27/15 involves the attached spreadsheet containing four worksheets. All four worksheets were established based on sales information provided by the Property Assessment Division on 4/21/15, upon request from Rob Ogden.

Worksheet #1, titled "agricultural_sales" contains all of the sales information provided by the Property Assessment Division.

Worksheets #2,#3, and #4 each had the following filters applied:

- a. Removed all sales less than 40 total acres.
- b. Removed all sales containing improvement values greater than \$1,000.
- c. For ease of viewing, many columns have been hidden, but can still be accessed by un-hiding them.

Worksheets #2,# 3, and #4 each had the following calculations added:

- a. Applied the current Lancaster assessed LCG values to the appropriate number acres in the LCG for each sale to create the assessed value that would have been applied if this sale occurred in Lancaster County. This is shown in column EY, titled "LANC ASS."
- b. Calculated an assessment/sales ratio for each sale using the "LANC ASS" value as the assessed value. This is shown in column FA, titled "LANC Ratio."

Worksheet #2, titled "Lancaster Selected"

Contains 304 sales from the counties that Lancaster County considers uninfluenced counties, as identified on page 23 of the Lancaster County 2015 Report & Opinion: Gage, Johnson, Jefferson, Otoe, and Saline. Cell FA307 displays the median assessment/sales ratio (LANC Ratio) of 73.54%.

Worksheet #3, titled "State Selected"

Contains 464 sales from the counties that the State (Property Assessment Division) utilized in creating "surrogate" sales" for measurement purposes, identified on page 24 of the Lancaster County 2015 Report & Opinion: Butler, Cass, Gage, Johnson, Otoe, Saline, Saunders, and Seward. Cell FA467 displays the median assessment/sales ratio (LANC Ratio) of 66.51%.

Worksheet #4, titled "State by Acres"

Contains the same 464 sales from Worksheet #3, arrayed by number of agricultural acres, shown column FB as "AGTOTACRES." Column FK, titled "LACN Median" displays the median assessment/sales ratios (LANC Ratio) for various minimum acre levels. For example, Cell FK42 displays 76.48%, which is the median assessment/sales ratio (LANC Ratio) for all sales in the array of at least 160 acres (shown in cell FJ42); and Cell FK347 displays 69.03%, which is the median assessment/sales ratio (LANC Ratio) for all sales in the array of at least 75 acres (shown in cell FJ347).

Please let me know if you have any questions regarding this file.
