BEFORE THE NEBRASKA TAX EQUALIZATION AND REVIEW COMMISSION

RICHARD L. THAYER APPELLANT,

CASE NO: 20R 0393

V.

DOUGLAS COUNTY BOARD OF EQUALIZATION, APPELLEE. DECISION AND ORDER AFFIRMING THE DECISION OF THE DOUGLAS COUNTY BOARD OF EQUALIZATION

I. BACKGROUND

- 1. The Subject Property is an improved residential parcel in Douglas County, parcel number 2135291706.
- 2. The Douglas County Assessor (the County Assessor) assessed the Subject Property at \$438,200 for tax year 2020.
- 3. Richard L. Thayer (the Taxpayer) protested this value to the Douglas County Board of Equalization (the County Board).
- 4. The County Board determined that the taxable value of the Subject Property was \$438,200 for tax year 2020.
- 5. The Taxpayer appealed the determination of the County Board to the Tax Equalization and Review Commission (the Commission).
- 6. A Single Commissioner hearing was held on March 17, 2022, at Omaha State Office Building, 1313 Farnam Street, Room 227, Omaha, NE, before Commissioner Steven A. Keetle.
- 7. Richard Thayer was present at the hearing for the Taxpayer.
- 8. Scott Barnes and Kurt Skradis with the County Assessor's Office (County Appraisers) were present for the County Board.

II. APPLICABLE LAW

- 9. All real property in Nebraska subject to taxation shall be assessed as of the effective date of January 1.1
- 10. The Commission's review of a determination of the County Board of Equalization is de novo.²
- 11. When considering an appeal, a presumption exists that the "board of equalization has faithfully performed its official duties in making an assessment and has acted upon sufficient competent evidence to justify its action." That presumption "remains until there is competent evidence to the contrary presented, and the presumption disappears when there is competent evidence adduced on appeal to the contrary. From that point forward, the reasonableness of the valuation fixed by the board of equalization becomes one of fact based upon all the evidence presented. The burden of showing such valuation to be unreasonable rests upon the taxpayer on appeal from the action of the board."
- 12. The order, decision, determination, or action appealed from shall be affirmed unless evidence is adduced establishing that the order, decision, determination, or action was unreasonable or arbitrary.⁵
- 13. Proof that the order, decision, determination, or action was unreasonable or arbitrary must be made by clear and convincing evidence.⁶

"When an appeal is conducted as a 'trial de novo,' as opposed to a 'trial de novo on the record,' it means literally a new hearing and not merely new findings of fact based upon a previous record. A trial de novo is conducted as though the earlier trial had not been held in the first place, and evidence is taken anew as such evidence is available at the time of the trial on appeal." *Koch v. - 14. A Taxpayer must introduce competent evidence of actual value of the Subject Property in order to successfully claim that the Subject Property is overvalued.⁷
- 15. The Commission's Decision and Order shall include findings of fact and conclusions of law.⁸

III. FINDINGS OF FACT & CONCLUSIONS OF LAW

- 16. The Taxpayer alleged that the increase in value of the Subject Property as compared to the increase in value for other comparable properties was unreasonable or arbitrary.
- 17. The assessed value for real property may be different from year to year according to the circumstances. For this reason, a prior year's assessment is not relevant to the subsequent year's valuation. Similarly, prior assessments of other properties are not relevant to the subsequent assessment. 11
- 18. The Commission must look to the value of the Subject Property as of January 1 of each tax year. 12
- 19. The Taxpayer alleged the assessed value of the Subject Property was not equalized with other comparable properties.
- 20. The County Board presented the PRF for the Subject Property. The PRF contains information about the characteristics of the Subject Property and information regarding the qualified sales that occurred in the economic area of the Subject Property. This information was used to determine the value attributed to each

- of the characteristics of residential properties in the area, including the Subject Property.
- 21. The PRF indicates that the market area in which the Subject property is located was reappraised for tax year 2020.
- 22. The Taxpayer presented information from the County Assessor's web site for six other nearby properties.
- 23. Comparable properties share similar use (residential, commercial/industrial, or agricultural), physical characteristics (size, shape, and topography), and location.¹³
- 24. "A sales comparison adjustment is made to account (in dollars or a percentage) for a specific difference between the subject property and a comparable property. As the comparable is made more like the subject, its price is brought closer to the subject's unknown value." ¹⁴
- 25. The Taxpayer did not present the PRFs for the properties listed on the table of assessed values. Accordingly, the Commission cannot see the basis for the determination of assessed value for the properties presented by the Taxpayer or compare their characteristics to the characteristics of the Subject Property. The Commission is unable to determine the contribution of the different characteristics of the properties contained in the Taxpayers chart to the Subject Property. 15
- 26. The Commission cannot find that the properties presented by the Taxpayer are comparable to the Subject Property.
- 27. However, the information from the County Assessors web site presented by the Taxpayer shows that the differences in valuation are due to differences in characteristics between the properties.

¹⁵ For this reason, the Order for Single Commissioner Hearing and Notice issued to the Taxpayer on January 28, 2022, includes the following:

NOTE: Copies of the County's Property Record File for any property you will present as a comparable parcel should be provided so that your claim can be properly analyzed. The information provided on the County's web page **is not** a property record file. A Property Record File is only maintained in the office of the County Assessor and should be obtained from that office prior to the hearing.

- 28. The Subject Property has the largest land component and as a result the highest land value. The Taxpayer and the County Appraisers discussed the features of the improvements on the six parcels presented by the Taxpayer.
- 29. For example, the improvement on the Subject Property has a higher per square foot value than the improvement on the only property in the market area with a higher condition rating, but the Subject Property has twice as much basement finish to account for this value difference.
- 30. The property with improvements that have the same quality and condition rating as the Subject Property's improvements have a higher per square foot value than the Subject Property's improvements due to its size and other amenities.
- 31. All of the other properties presented have a lower quality of construction and condition rating than the Subject Property which account for their lower valuations per square foot.
- 32. One of the properties presented is in and adjacent market area which has different influences and therefore would not be comparable to the Subject Property or other parcels in the Subject Property's market area.
- 33. The Taxpayer has not produced competent evidence that the County Board failed to faithfully perform its duties and to act on sufficient competent evidence to justify its actions.
- 34. The Taxpayer has not adduced clear and convincing evidence that the determination of the County Board is arbitrary or unreasonable and the decision of the County Board should be affirmed.

IV. ORDER

IT IS ORDERED THAT:

1. The decision of the County Board of Equalization determining the taxable value of the Subject Property for tax year 2020 is affirmed. 2. The taxable value of the Subject Property for tax year 2020 is:

Land	\$108,900
Improvements	\$329,300
Total	\$438,200

- 3. This Decision and Order, if no further action is taken, shall be certified to the Douglas County Treasurer and the Douglas County Assessor, pursuant to Neb. Rev. Stat. § 77-5018 (Reissue 2018).
- 4. Any request for relief, by any party, which is not specifically provided for by this Decision and Order is denied.
- 5. Each party is to bear its own costs in this proceeding.
- 6. This Decision and Order shall only be applicable to tax year 2020.
- 7. This Decision and Order is effective on May 17, 2023.

Signed and Sealed: May 17, 2023
