

**BEFORE THE NEBRASKA TAX EQUALIZATION AND REVIEW
COMMISSION**

MARY J. FURR,
APPELLANT,

CASE NO: 23R 0850

V.

DOUGLAS COUNTY BOARD
OF EQUALIZATION,
APPELLEE.

DECISION AND ORDER
AFFIRMING THE DECISION
OF THE DOUGLAS COUNTY
BOARD OF EQUALIZATION

I. BACKGROUND

1. The Subject Property is an improved residential parcel in Douglas County, parcel number 2416500689.
2. The Douglas County Assessor (the County Assessor) assessed the Subject Property at \$242,700 for tax year 2023.
3. Mary J. Furr (the Taxpayer) protested this value to the Douglas County Board of Equalization (the County Board).
4. The County Board determined that the taxable value of the Subject Property was \$242,700 for tax year 2023.
5. The Taxpayer appealed the determination of the County Board to the Tax Equalization and Review Commission (the Commission).
6. A Single Commissioner hearing was held on March 20, 2024, at the Omaha State Office Building, 1313 Farnam, Room 227, Omaha, Nebraska, before Commissioner Steven Keetle.
7. Mary Furr was present at the hearing for the Taxpayer.
8. Cindy Stovie with the County Assessor's Office (the County Appraiser) was present for the County Board.

II. APPLICABLE LAW

9. All real property in Nebraska subject to taxation shall be assessed as of the effective date of January 1.¹
10. The Commission's review of a determination of the County Board of Equalization is de novo.²
11. When the Commission considers an appeal of a decision of a county board of equalization, there are two burdens of proof.³
12. The first involves a presumption that the board of equalization has faithfully performed its official duties in making an assessment and has acted upon sufficient competent evidence to justify its action.⁴ That presumption remains until there is competent evidence to the contrary presented, and the presumption disappears when there is competent evidence adduced on appeal to the contrary.⁵
13. The second burden of proof requires that from that point forward, the reasonableness of the valuation fixed by the board of equalization becomes one of fact based upon all the evidence presented.⁶ The burden of showing such valuation to be unreasonable rests upon the taxpayer on appeal from the action of the board.⁷

"When an appeal is conducted as a 'trial de novo,' as opposed to a 'trial de novo on the record,' it means literally a new hearing and not merely new findings of fact based upon a previous record. A trial de novo is conducted as though the earlier trial had not been held in the first place, and evidence is taken anew as such evidence is available at the time of the trial on appeal." *Koch v. 14. The order, decision, determination or action appealed from shall be affirmed unless evidence is adduced establishing that the order, decision, determination, or action was unreasonable or arbitrary.⁸ Proof that the order, decision, determination, or action was unreasonable or arbitrary must be made by clear and convincing evidence.⁹
15. The Taxpayer must introduce competent evidence of actual value of the Subject Property in order to successfully claim that the Subject Property is overvalued.¹⁰ The County Board need not put on any evidence to support its valuation of the property at issue unless the Taxpayer establishes that the County Board's valuation was unreasonable or arbitrary.¹¹
16. In an appeal, the Commission may determine any question raised in the proceeding upon which an order, decision, determination, or action appealed from is based.¹² The Commission may consider all questions necessary to determine taxable value of property as it hears an appeal or cross appeal.¹³ The Commission may take notice of judicially cognizable facts, may take notice of general, technical, or scientific facts within its specialized knowledge, and may utilize its experience, technical competence, and specialized knowledge in the evaluation of the evidence presented to it.¹⁴ The Commission's Decision and Order shall include findings of fact and conclusions of law.¹⁵

III. FINDINGS OF FACT & CONCLUSIONS OF LAW

17. The Subject Property is a residential parcel improved with a 1,488-square-foot raised ranch style residence built in 1960. The Subject Property has quality and condition ratings of average. The Subject Property has a 515-square-foot in-ground swimming pool.
18. The Taxpayer alleged that the increase in the assessed value of the Subject Property from the prior assessment year, particularly when compared to other properties, was unreasonable or arbitrary.
19. The assessed value for real property may be different from year to year according to the circumstances.¹⁶ For this reason, a prior year's assessment is not relevant to the subsequent year's valuation.¹⁷ Similarly, prior assessments of other properties are not relevant to the subsequent assessment.¹⁸
20. The Taxpayer alleged that the Subject Property was not equalized with other comparable properties on a per-square-foot basis.
21. The Taxpayer discussed the assessed values of several properties near the Subject Property as well as properties in other counties and their per-square-foot valuation.
22. Comparable properties share similar use (residential, commercial/industrial, or agricultural), physical characteristics (size, shape, and topography), and location.¹⁹
23. "A sales comparison adjustment is made to account (in dollars or a percentage) for a specific difference between the subject property and a comparable property."²⁰ "As the comparable is

made more like the subject, its price is brought closer to the subject's unknown value.”²¹

24. The County Board presented the Property Record File (PRF) for the Subject Property. The PRF contains information about the characteristics of the Subject Property and information regarding the qualified sales that occurred in the economic area of the Subject Property. This information was used to determine the value attributed to each of the residential properties in the area, including the Subject Property.
25. The Taxpayer did not present the PRF for the properties presented as comparables. Accordingly, the Commission cannot see the basis for the determination of assessed value for the properties presented by the Taxpayer or compare their characteristics to the characteristics of the Subject Property. The Commission is unable to determine the contribution of the different characteristics of the properties contained in the Taxpayers table to the Subject Property.²²
26. The information presented by the Taxpayer does not include the style of construction, date of construction, quality rating, condition rating, or amenities of the properties alleged to be comparable to the Subject Property.
27. The Taxpayer has not shown that the assessed value of the Subject Property was not equalized with other comparable properties.
28. The Taxpayer alleged that the amount of assessed value attributed to the in-ground swimming pool should be reduced due to its condition.
29. The Taxpayer did not present information regarding the type of

NOTE: *Copies of the County's Property Record File for any property you will present as a comparable parcel should be provided so that your claim can be properly analyzed. The information provided on the County's web page is **not** a property record file. - repairs or maintenance that the in-ground swimming pool requires or any estimates for required repairs.
30. The Taxpayer did not offer any information regarding the cost of constructing a swimming pool or any sales of properties with swimming pools to demonstrate the impact of a swimming pool on values.
 31. The Taxpayer has not produced competent evidence that the County Board failed to faithfully perform its duties and to act on sufficient competent evidence to justify its actions.
 32. The Taxpayer has not adduced clear and convincing evidence that the determination of the County Board is arbitrary or unreasonable and the decision of the County Board should be affirmed.
