

**BEFORE THE NEBRASKA TAX EQUALIZATION AND REVIEW
COMMISSION**

RICHARD C. ANDERL
APPELLANT,

CASE NO: 25R 0224

v.

DOUGLAS COUNTY BOARD
OF EQUALIZATION,
APPELLEE.

DECISION AND ORDER
AFFIRMING THE DECISION
OF THE DOUGLAS COUNTY
BOARD OF EQUALIZATION

I. BACKGROUND

1. The Subject Property is an improved residential parcel in Douglas County, parcel number 1245270000.
2. The Douglas County Assessor (the County Assessor) assessed the Subject Property at \$806,100 for tax year 2025.
3. Richard C. Anderl (the Taxpayer) protested this value to the Douglas County Board of Equalization (the County Board).
4. The County Board determined that the taxable value of the Subject Property was \$806,100 for tax year 2025.
5. The Taxpayer appealed the determination of the County Board to the Tax Equalization and Review Commission (the Commission).
6. A Single Commissioner hearing was held on March 24, 2026, at the Tax Equalization and Review Commission Hearing Room, Nebraska State Office Building, Lincoln, Nebraska, before Commissioner Jackie S. Russell.
7. Rich Anderl was present at the hearing for the Taxpayer.
8. James Morris (Appraiser) was present for the County Board.

II. APPLICABLE LAW

9. All real property in Nebraska subject to taxation shall be assessed as of the effective date of January 1.¹
10. The Commission's review of a determination of the County Board of Equalization is de novo.²
11. When the Commission considers an appeal of a decision of a county board of equalization, there are two burdens of proof.³
12. The first involves a presumption that the board of equalization has faithfully performed its official duties in making an assessment and has acted upon sufficient competent evidence to justify its action.⁴ That presumption remains until there is competent evidence to the contrary presented, and the presumption disappears when there is competent evidence adduced on appeal to the contrary.⁵
13. The second burden of proof requires that from that point forward, the reasonableness of the valuation fixed by the board of equalization becomes one of fact based upon all the evidence presented.⁶ The burden of showing such valuation to be unreasonable rests upon the taxpayer on appeal from the action of the board.⁷

"When an appeal is conducted as a 'trial de novo,' as opposed to a 'trial de novo on the record,' it means literally a new hearing and not merely new findings of fact based upon a previous record. A trial de novo is conducted as though the earlier trial had not been held in the first place, and evidence is taken anew as such evidence is available at the time of the trial on appeal." *Koch v. Cedar Cty. Freeholder Bd.*, 276 Neb. 1009, 1019, 759 N.W.2d 464, 473 (2009).

14. The order, decision, determination or action appealed from shall be affirmed unless evidence is adduced establishing that the order, decision, determination, or action was unreasonable or arbitrary.⁸ Proof that the order, decision, determination, or action was unreasonable or arbitrary must be made by clear and convincing evidence.⁹
15. The Taxpayer must introduce competent evidence of actual value of the Subject Property in order to successfully claim that the Subject Property is overvalued.¹⁰ The County Board need not put on any evidence to support its valuation of the property at issue unless the Taxpayer establishes that the County Board's valuation was unreasonable or arbitrary.¹¹
16. In an appeal, the Commission may determine any question raised in the proceeding upon which an order, decision, determination, or action appealed from is based.¹² The Commission may consider all questions necessary to determine taxable value of property as it hears an appeal or cross appeal.¹³ The Commission may take notice of judicially cognizable facts, may take notice of general, technical, or scientific facts within its specialized knowledge, and may utilize its experience, technical competence, and specialized knowledge in the evaluation of the evidence presented to it.¹⁴ The Commission's Decision and Order shall include findings of fact and conclusions of law.¹⁵

III. FINDINGS OF FACT & CONCLUSIONS OF LAW

17. The Subject Property is a two-story, single-family home built in 1941 with above grade area of 3,089 square feet (SF), basement area of 1,782 SF of which 600 SF is fully finished. There are three full and one-half bathrooms, one single story fireplace and one 2-story fireplace, a large open slab porch, and a basement built-in garage. The overall quality rating is very good, and the condition rating is average.
18. The Taxpayer stated that the Subject Property value is arbitrary and unreasonable based on equalization of like properties near the Subject Property that have been used successfully in previous protests before the County Board.
19. The assessed value for real property may be different from year to year according to the circumstances.¹⁶ For this reason, a prior year's assessment is not relevant to the subsequent year's valuation.¹⁷ Similarly, prior assessments of other properties are not relevant to the subsequent assessment.¹⁸
20. The Commission must look to the value of the Subject Property as of January 1 of each tax year.¹⁹
21. The Taxpayer provided an analysis of six properties including the Subject Property. The analysis included the land, improvement, and total values for each property from tax year 2022 through 2025 along with the overall percentage increase in value. It also listed the percentage increase for each property from tax year 2024 to tax year 2025.
22. The Taxpayer provided the Douglas County website printouts for each property included in the analysis. While it appears

there are multiple similarities between the characteristics of the Subject Property and the comparable properties, the Taxpayer did not present the Property Record Files (PRFs) for the properties presented. For this reason, the Commission is unable to determine the contribution of the different characteristics of the properties presented by the Taxpayer to the Subject Property that would allow the Commission to determine if their assessed values were uniform and proportionate.²⁰

23. All taxable real property, with the exception of agricultural land and horticultural land, shall be valued at actual value for purposes of taxation.²¹
24. Under § 77-112, actual value of real property for purposes of taxation may be determined using professionally accepted mass appraisal methods, including, but not limited to, (1) the sales comparison approach, taking into account factors such as location, zoning, and current functional use; (2) the income approach; and (3) the cost approach. This statute does not require use of all the specified factors, but requires use of applicable statutory factors, individually or in combination, to determine actual value of real estate for tax purposes.²²
25. The Appraiser stated there was a revaluation conducted to the Subject Property's neighborhood for tax year 2025. The increases (or decreases) to each property in the market study area were dependent upon the property data components and comparable sales within the study period.
26. The Appraiser provided a packet of information for the Subject Property including the PRF. The information details the Subject Property's components of contributory value, the subsequent

²⁰ For this reason, the Order for Single Commissioner Hearing and Notice issued to the Taxpayer on February 18, 2026, includes the following:

NOTE: *Copies of the County's Property Record File for any property you will present as a comparable parcel should be provided so that your claim can be properly analyzed. The information provided on the County's web page is not a property record file. A Property Record File is only maintained in the office of the County Assessor and should be obtained from that office prior to the hearing.*

cost approach to value, sales from the Subject Property neighborhood, and the impact of the market sales data on the property's valuation using professionally accepted mass appraisal practices.

- 27. The Taxpayer has not produced sufficient competent evidence that the County Board failed to faithfully perform its duties and to act on sufficient competent evidence to justify its actions.
- 28. The Taxpayer has not adduced clear and convincing evidence that the determination of the County Board is arbitrary or unreasonable and the decision of the County Board should be affirmed.
