Appellee.)	

The above-captioned case was called for a hearing on the merits of an appeal by Duane E. Liebsack et al ("the Taxpayer") to the Tax Equalization and Review Commission ("the Commission"). The hearing was held in the Commission's Hearing Room on the sixth floor of the Nebraska State Office Building in the City of Lincoln, Lancaster County, Nebraska, on March 30, 2009, pursuant to an Order for Hearing and Notice of Hearing issued February 5, 2009. Commissioners Warnes and Salmon were present. Commissioner Warnes was the presiding hearing officer. Commissioner Wickersham was excused from participation by the presiding hearing officer. A panel of three commissioners was created pursuant to 442 Neb. Admin. Code, ch. 4, §011 (10/07). Commissioner Hotz was absent. The appeal was heard by a quorum of a panel of the Commission.

Duane E. Liebsack et al was present at the hearing. No one appeared as legal counsel for the Taxpayer.

Thomas S. Barrett, a Deputy County Attorney for Douglas County, Nebraska, was present as legal counsel for the Douglas County Board of Equalization ("the County Board").

The Commission took statutory notice, received exhibits, and heard testimony.

The Commission is required to state its final decision and order concerning an appeal, with findings of fact and conclusions of law, on the record or in writing. Neb. Rev. Stat. §77-5018 (Cum. Supp. 2008). The final decision and order of the Commission in this case is as follows.

I. ISSUES

The Taxpayer has asserted that taxable value of the subject property as of January 1, 2007, is not equalized with the taxable value of other real property. The issues on appeal related to that assertion are:

Whether the decision of the County Board determining the equalized taxable value of the subject property is unreasonable or arbitrary;

Whether the equalized taxable value of the subject property was determined by the County Board in a manner and an amount that is uniform and proportionate as required by Nebraska's Constitution in Article VIII §1; and

The equalized taxable value of the subject property on January 1, 2007.

II. FINDINGS OF FACT

The Commission finds and determines that:

1. The Taxpayer has a sufficient interest in the outcome of the above captioned appeal to maintain the appeal.
2. The parcel of real property to which this appeal pertains ("the Subject Property") is described in the table below.

- 3. Actual value of the subject property placed on the assessment roll as of January 1, 2007, ("the assessment date") by the Douglas County Assessor, value as proposed in a timely protest, and actual value as determined by the County Board is shown in the following table:

Case No. 07R-927

Total	\$195,700.00	\$150,000.00	\$178,000.00

- 4. An appeal of the County Board's decision was filed with the Commission.
- 5. The County Board was served with a Notice in Lieu of Summons and duly answered that Notice.
- 6. An Order for Hearing and Notice of Hearing issued on February 5, 2009, set a hearing of the appeal for March 30, 2009, at 3:00 p.m. CDST.
- 7. An Affidavit of Service which appears in the records of the Commission establishes that a copy of the Order for Hearing and Notice of Hearing was served on all parties.
- 8. Actual value of the subject property as of the assessment date for the tax year 2007 is:

Case No. 07R-927

Land value \$ 19,000.00

Improvement value \$134,400.00

Total value \$153,400.00.

**III.
APPLICABLE LAW**

1. Subject matter jurisdiction of the Commission in this appeal is over all questions necessary to determine taxable value. Neb. Rev. Stat. §77-5016(7) (Supp. 2007).
2. “Actual value is the most probable price expressed in terms of money that a property will bring if exposed for sale in the open market, or in an arm’s length transaction, between a willing buyer and a willing seller, both of whom are knowledgeable concerning all the uses to which the real property is adapted and for which the real property is capable of being used. In analyzing the uses and restrictions applicable to real property the analysis shall include a full description of the physical characteristics of the real property and an identification of the property rights valued.” Neb. Rev. Stat. §77-112 (Reissue 2003).
3. Actual value may be determined using professionally accepted mass appraisal methods, including, but not limited to, the (1) sales comparison approach using the guidelines in section 77-1371, (2) income approach, and (3) cost approach. Neb. Rev. Stat. §77-112 (Reissue 2003).
4. “Actual value, market value, and fair market value mean exactly the same thing.”
Omaha Country Club v. Douglas County Board of Equalization, et al., 11 Neb.App. 171, 180, 645 N.W.2d 821, 829 (2002).
5. Taxable value is the percentage of actual value subject to taxation as directed by section 77-201 of Nebraska Statutes and has the same meaning as assessed value. Neb. Rev. Stat. §77-131 (Reissue 2003).

6. All taxable real property, with the exception of agricultural land and horticultural land, shall be valued at actual value for purposes of taxation. Neb. Rev. Stat. §77-201(1) (Cum. Supp. 2006).
7. “Taxes shall be levied by valuation uniformly and proportionately upon all real property and franchises as defined by the Legislature except as otherwise provided in or permitted by this Constitution.” *Neb. Const.*, Art. VIII, §1.
8. Equalization to obtain proportionate valuation requires a comparison of the ratio of assessed to actual value for the subject property and comparable property. *Cabela's Inc. v. Cheyenne County Bd. of Equalization*, 8 Neb.App. 582, 597 N.W.2d 623 (1999).
9. Uniformity requires that whatever methods are used to determine actual or taxable value for various classifications of real property that the results be correlated to show uniformity. *Banner County v. State Board of Equalization*, 226 Neb. 236, 411 N.W.2d 35 (1987).
10. Taxpayers are entitled to have their property assessed uniformly and proportionately, even though the result may be that it is assessed at less than the actual value. *Equitable Life v. Lincoln County Bd. of Equal.*, 229 Neb. 60, 425 N.W.2d 320 (1988); *Fremont Plaza v. Dodge County Bd. of Equal.*, 225 Neb. 303, 405 N.W.2d 555 (1987).
11. The constitutional requirement of uniformity in taxation extends to both rate and valuation. *First Nat. Bank & Trust Co. v. County of Lancaster*, 177 Neb. 390, 128 N.W.2d 820 (1964).
12. In the evaluation of real property for tax purposes, where buildings and improvements are taxable as a part of the real estate, the critical issue is the actual value of the entire

property, not the proportion of that value which is allocated to the land or to the buildings and improvements by the appraiser. *Bumgarner v. Valley County*, 208 Neb. 361, 303 N.W.2d 307 (1981).

13. If taxable values are to be equalized it is necessary for a Taxpayer to establish by clear and convincing evidence that valuation placed on his or her property when compared with valuations placed on similar property is grossly excessive and is the result of systematic will or failure of a plain legal duty, and not mere error of judgement. There must be something more, something which in effect amounts to an intentional violation of the essential principle of practical uniformity. *Newman v. County of Dawson*, 167 Neb. 666, 94 N.W.2d 47 (1959).
14. A presumption exists that the County Board has faithfully performed its duties and has acted on competent evidence. *City of York v. York County Bd. Of Equalization*, 266 Neb. 297, 64 N.W.2d 445 (2003).
15. The presumption in favor of the county board may be classified as a principle of procedure involving the burden of proof, namely, a taxpayer has the burden to prove that action by a board of equalization fixing or determining valuation of real estate for tax purposes is unauthorized by or contrary to constitutional or statutory provisions governing taxation. *Gordman Properties Company v. Board of Equalization of Hall County*, 225 Neb. 169, 403 N.W.2d 366 (1987).
16. The presumption disappears if there is competent evidence to the contrary. *Id.*

17. The order, decision, determination, or action appealed from shall be affirmed unless evidence is adduced establishing that the order, decision, determination, or action was unreasonable or arbitrary. Neb. Rev. Stat. §77-5016 (8) (Cum. Supp. 2006).
18. Proof that the order, decision, determination, or action was unreasonable or arbitrary must be made by clear and convincing evidence. See, e.g. *Omaha Country Club v. Douglas Cty. Bd. of Equal.*, 11 Neb.App. 171, 645 N.W.2d 821 (2002).
19. "Clear and convincing evidence means and is that amount of evidence which produces in the trier of fact a firm belief or conviction about the existence of a fact to be proved." *Castellano v. Bitkower*, 216 Neb. 806, 812, 346 N.W.2d 249, 253 (1984).
20. A decision is "arbitrary" when it is made in disregard of the facts and circumstances and without some basis which could lead a reasonable person to the same conclusion. *Phelps Cty. Bd. of Equal. v. Graf*, 258 Neb 810, 606 N.W.2d 736 (2000).
21. A decision is unreasonable only if the evidence presented leaves no room for differences of opinion among reasonable minds. *Pittman v. Sarpy Cty. Bd. of Equal.*, 258 Neb 390, 603 N.W.2d 447 (1999).
22. "An owner who is familiar with his property and knows its worth is permitted to testify as to its value." *U. S. Ecology v. Boyd County Bd. Of Equalization*, 256 Neb. 7, 16, 588 N.W.2d 575, 581 (1999).
23. The County Board need not put on any evidence to support its valuation of the property at issue unless the taxpayer establishes the Board's valuation was unreasonable or arbitrary. *Bottorf v. Clay County Bd. of Equalization*, 7 Neb.App. 162, 580 N.W.2d 561 (1998).

24. A Taxpayer, who only produced evidence that was aimed at discrediting valuation methods utilized by the county assessor, failed to meet the burden of proving that value of property was not fairly and proportionately equalized or that valuation placed upon property for tax purposes was unreasonable or arbitrary. *Beynon v. Board of Equalization of Lancaster County*, 213 Neb. 488, 329 N.W.2d 857 (1983).
25. A Taxpayer must introduce competent evidence of actual value of the subject property in order to successfully claim that the subject property is overvalued. Cf. *Lincoln Tel. and Tel. Co. v. County Bd. Of Equalization of York County*, 209 Neb. 465, 308 N.W.2d 515 (1981); *Arenson v. Cedar County*, 212 Neb. 62, 321 N.W.2d 427 (1982).

IV. ANALYSIS

The subject property is an improved 2.18 acre parcel with a modular house. (E2:3). The Taxpayer does not dispute the valuation of the improvements, but only disputes the land valuation of the subject property. More specifically, the Taxpayer testified that he believes that the taxable value of the land comprising the subject property as of January 1, 2007, is not equalized with the taxable value of the land comprising other real property.

The appraiser for the County Assessor wrote in his inspection notes for the subject property that the referee who recommended an adjustment to the valuation initially recommended by the County Assessor to the County Board of Equalization "... did not address equalization with neighboring parcels." (E2:3).

The initial recommended valuation by the County Assessor was for \$10,300. (E1:1). The referee recommended a valuation for the land alone of the subject property of \$43,600. (E5:2-3).

The appraiser for the County Assessor testified and wrote that his new opinion of equalized valuation for the land alone for the subject property was \$19,000 which is \$8,716 per acre. (E2:3). The basis for this opinion of valuation for the land component of the subject property was the parcel "next door", 6030 S. 50 street, which has the same site influences as the subject property. (E2:3) Another parcel was taken into account by the appraiser for the County Assessor, 6044 S 50 street, which had a lower assessed valuation, but the appraiser wrote in his inspection notes that "most weight given to this comparable (6030 S. 50 street) due to similarities." The Commission gives great weight to the opinion of the appraiser for the County Assessor regarding the equalized value of the land component of the subject property.

The Taxpayer provided six (6) alleged comparable parcels, two of which are the same as the two parcels used by the appraiser for the County Assessor stated above. With small variation, the Taxpayer and the appraiser for the County Assessor agree that the subject parcel should be equalized with the neighboring parcels. The Taxpayer offers six (6) possible choices which range in assessed valuation from \$7,064 per acre, that parcel shown in Exhibit 11 page 2, to \$10,000 per acre as shown for that parcel shown in Exhibit 10 page 2. (E6-11). The Taxpayer testified that the parcel shown in Exhibit 7, 6030 S. 50 street, was the most comparable to the subject property. Exhibit 7 is a 2.19 acre parcel with the land assessed at a valuation of \$19,500 or a per acre assessed valuation of \$8,904. The Commission finds that the parcel shown in Exhibit 7 is comparable to the subject parcel and is the most comparable to the subject property as testified to by both the Taxpayer and the appraiser for the County Assessor. The Commission finds that the other parcels alleged to be comparable are not comparable without adjustments.

EQUALIZATION

“Equalization is the process of ensuring that all taxable property is placed on the assessment rolls at a uniform percentage of its actual value. The purpose of equalization of assessments is to bring assessments from different parts of the taxing district to the same relative standard, so that no one part is compelled to pay a disproportionate share of the tax. Where it is impossible to secure both the standards of the true value of a property for taxation and the uniformity and equality required by law, the latter requirement is to be preferred as the just and ultimate purpose of the law. If a taxpayer's property is assessed in excess of the value at which others are taxed, then the taxpayer has a right to relief. However, the burden is on the taxpayer to show by clear and convincing evidence that the valuation placed upon the taxpayer's property when compared with valuation placed on other similar property is grossly excessive.” *Cabela's Inc. v. Cheyenne County Bd. of Equalization*, 8 Neb.App. 582, 597, 597 N.W.2d 623, 635 (1999).

The Commission finds that the difference between the 2007 assessed valuation for the land component of the subject property, \$43,600, and its equalized value , \$19,000, is grossly excessive.

"There is a presumption that a board of equalization has faithfully performed its official duties in making an assessment and has acted upon sufficient competent evidence to justify its action. That presumption remains until there is competent evidence to the contrary presented, and the presumption disappears when there is competent evidence adduced on appeal to the contrary. From that point forward, the reasonableness of the valuation fixed by the board of equalization becomes one of fact based upon all the evidence presented. The burden of showing such valuation to be unreasonable rests upon the taxpayer on appeal from the action of

the board.. *DeBruce Grain, Inc. v. Otoe County Bd. of Equalization*, 7 Neb.App. 688, 696, 584 N.W.2d 837, 842 - 843 (1998).

The Commission finds that the Taxpayer has rebutted the presumption and has proven by clear and convincing evidence that the County Board of Equalization's determination of value was arbitrary or unreasonable. The appeal of the Taxpayer is granted to the extent that the equalized valuation for the land component of the subject property is found to be \$19,000 and the assessed valuation for 2007 shall be as set forth below.
