Case No 08SV 030

DECISION AND ORDER REVERSING  
THE DECISION OF THE LANCASTER  
COUNTY BOARD OF EQUALIZATION

The above-captioned case was called for a hearing on the merits of an appeal by Norman H. Agena, Lancaster County Assessor, ("the County Assessor") to the Tax Equalization and Review Commission ("the Commission"). The hearing was held in the Commission's Hearing Room on the sixth floor of the Nebraska State Office Building in the City of Lincoln, Lancaster County, Nebraska, on June 8, 2009, pursuant to an Order for Hearing and Notice of Hearing issued February 9, 2009. Commissioners Wickersham and Salmon were present. Commissioner Wickersham was the presiding hearing officer. Commissioner Warnes was excused from participation by the presiding hearing officer. Commissioner Hotz was absent. The appeal was heard by a quorum of a panel of the Commission.

The presence of Norman H. Agena at the hearing was waived. Thomas Fox, a Deputy County Attorney for Lancaster County, appeared as legal counsel for the County Assessor.

No one appeared on behalf of the Lancaster County Board of Equalization.

Linda L. Smith ("the Taxpayer") was present at the hearing. No one appeared as legal counsel for the Taxpayer.

The Commission took statutory notice, received exhibits, and heard testimony.

The Commission is required by Neb. Rev. Stat. §77-5018 (Cum. Supp. 2006) to state its final decision and order concerning an appeal, with findings of fact and conclusions of law, on the record or in writing. The final decision and order of the Commission in this case is as follows.

## **I. ISSUES**

Was the County Board's decision reversing a determination by the County Assessor that the land described in this appeal was disqualified for special valuation unreasonable or arbitrary?

## **II. FINDINGS OF FACT**

The Commission finds and determines that:

1. The parcel of real property to which this appeal pertains is described as Lot 6 SE Section 2, Township 12, Range 6, Lancaster, Nebraska, ("the subject property").
2. Prior to March 19, 2008, the County Assessor made a determination that the subject property should be disqualified for use of special valuation.
3. The Taxpayers protested that determination.
4. The County Board reversed the determination of the County Assessor.
5. The County Assessor timely filed an appeal of the County Board's decision with the Commission.

6. The County Board and the Taxpayers were served with Notices in Lieu of Summons and answered those Notices
7. An Order for Hearing and Notice of Hearing issued on February 9, 2009, as amended by an Order issued on April 1, 2009, set a hearing of the appeal for June 8, 2009, at 1:00 p.m. CDST.
8. An Affidavit of Service which appears in the records of the Commission establishes that a copy of the Order for Hearing and Notice of Hearing was served on all parties.

### **III. APPLICABLE LAW**

1. The Commission may determine any question raised in the proceedings upon which an order, decision, determination or action appealed from is based. Neb. Rev. Stat. §77-5016(7) (Cum. Supp. 2008).
2. Subject matter jurisdiction of the Commission in this appeal is over issues raised during the county board of equalization proceedings. *Arcadian Fertilizer, L.P. v. Sarpy County Bd. of Equalization*, 7 Neb.App. 655, 584 N.W.2d 353 (1998).
3. The County Assessor has standing to appeal decisions of the County Board. *Phelps County Board of Equalization v. Graf*, 258 Neb. 810, 606 N.W.2d 736 (2000).
4. The Legislature may provide that agricultural land and horticultural land, as defined by the Legislature, shall constitute a separate and distinct class of property for purposes of taxation and may provide for a different method of taxing agricultural land and horticultural land which results in values that are not uniform and proportionate with all other real property and franchises but which results in values that are uniform and

proportionate upon all property within the class of agricultural land and horticultural land.  
Neb. Const. art. VIII, §1 (4).

5. For purposes of sections 77-1359 to 77-1363:

(1) Agricultural land and horticultural land means a parcel of land which is primarily used for agricultural or horticultural purposes, including wasteland lying in or adjacent to and in common ownership or management with other agricultural land and horticultural land. Agricultural land and horticultural land does not include any land directly associated with any building or enclosed structure;

(2) Agricultural or horticultural purposes means used for the commercial production of any plant or animal product in a raw or unprocessed state that is derived from the science and art of agriculture, aquaculture, or horticulture. Agricultural or horticultural purposes includes the following uses of land:

(a) Land retained or protected for future agricultural or horticultural purposes under a conservation easement as provided in the Conservation and Preservation Easements Act except when the parcel or a portion thereof is being used for purposes other than agricultural or horticultural purposes; and

(b) Land enrolled in a federal or state program in which payments are received for removing such land from agricultural or horticultural production;

(3) Farm home site means not more than one acre of land contiguous to a farm site which includes an inhabitable residence and improvements used for residential purposes, and such improvements include utility connections, water and sewer systems, and improved access to a public road; and

- (4) Farm site means the portion of land contiguous to land actively devoted to agriculture which includes improvements that are agricultural or horticultural in nature, including any uninhabitable or unimproved farm home site. Neb. Rev. Stat. §77-1359 (Cum. Supp. 2006).
6. The Legislature may enact laws to provide that the value of land actively devoted to agricultural or horticultural use shall for property tax purposes be that value which such land has for agricultural or horticultural use without regard to any value which such land might have for other purposes or uses. Neb. Const. art. VIII, §1 (5).
7. Agricultural or horticultural land which has an actual value as defined in section 77-112 reflecting purposes or uses other than agricultural or horticultural purposes or uses shall be assessed as provided in subsection (3) of section 77-201 if the land meets the qualifications of this subsection and an application for such special valuation is filed and approved pursuant to section 77-1345. In order for the land to qualify for special valuation all of the following criteria shall be met: (a) The land is located outside the corporate boundaries of any sanitary and improvement district, city, or village except as provided in subsection (2) of this section; and (b) the land is agricultural or horticultural land. Neb. Rev. Stat. §77-1344 (1) (Supp. 2007).
8. The eligibility of land for the special valuation provisions is to be determined each year as of January 1, but if the land so qualified becomes disqualified on or before December 31 of that year, it shall be valued at its recapture value. Neb. Rev. Stat. §77-1344 (3) (Supp. 2007).

9. Parcel means a contiguous tract of land determined by its boundaries, under the same ownership, and in the same tax district and section. Parcel also means an improvement on leased land. If all or several lots in the same block are owned by the same person and are contained in the same tax district, they may be included in one parcel. Neb. Rev. Stat. §77-132 (Supp. 2007).
10. At any time, the county assessor may determine that land no longer qualifies for special valuation pursuant to sections 77-1344 and 77-1347. Neb. Rev. Stat. §77-1347.01 (Supp. 2007).
11. If land is deemed disqualified, the county assessor shall send a written notice of the determination to the applicant or owner within fifteen days after his or her determination, including the reason for the disqualification. Neb. Rev. Stat. §77-1347.01 (Supp. 2007).
12. A protest of the county assessor's determination may be filed with the county board of equalization within thirty days after the mailing of the notice. Neb. Rev. Stat. §77-1347.01 (Supp. 2007).
13. A presumption exists that the County Board has faithfully performed its duties and has acted on competent evidence. *Omaha Country Club v. Douglas County Bd. of Equalization*, 11 Neb.App. 171, 645 N.W.2d 821 (2002).
14. The presumption in favor of the county board may be classified as a principle of procedure involving the burden of proof, namely, a taxpayer has the burden to prove that action by a board of equalization fixing or determining valuation of real estate for tax purposes is unauthorized by or contrary to constitutional or statutory provisions

- governing taxation. *Gordman Properties Company v. Board of Equalization of Hall County*, 225 Neb. 169, 403 N.W.2d 366 (1987).
15. The presumption disappears if there is competent evidence to the contrary. *Id.*
  16. Competent evidence means evidence which tends to establish the fact in issue. *In re Application of Jantzen*, 245 Neb. 81, 511 N.W.2d 504 (1994).
  17. The Taxpayer has a burden to adduce evidence that the decision, action, order, or determination appealed from was unreasonable or arbitrary as prescribed by statute. *City of York v. York County Bd. of Equalization*, 266 Neb. 297, 664 N.W.2d 445 (2003)
  18. The Commission may not grant relief unless it is shown that the action of the County Board was unreasonable or arbitrary. Neb. Rev. Stat. §77-5016 (8) (Cum. Supp. 2006).
  19. Proof that the action of the County Board was unreasonable or arbitrary must be made by clear and convincing evidence. See, e.g. *Omaha Country Club v. Douglas Cty. Bd. of Equal.*, 11 Neb.App. 171, 645 N.W.2d 821 (2002).
  20. "Clear and convincing evidence means and is that amount of evidence which produces in the trier of fact a firm belief or conviction about the existence of a fact to be proved." *Castellano v. Bitkower*, 216 Neb. 806, 812, 346 N.W.2d 249, 253 (1984).
  21. A decision is "arbitrary" when it is made in disregard of the facts and circumstances and without some basis which could lead a reasonable person to the same conclusion. *Phelps Cty. Bd. of Equal. v. Graf*, 258 Neb 810, 606 N.W.2d 736 (2000).
  22. A decision is unreasonable only if the evidence presented leaves no room for differences of opinion among reasonable minds. *Pittman v. Sarpy Cty. Bd. of Equal.*, 258 Neb 390, 603 N.W.2d 447(1999).

#### IV. ANALYSIS

Only agricultural land and horticultural land as defined by the legislature is eligible for special valuation. Neb. Rev. Stat. §77-1344 (1) (Supp. 2007). The statutory definition of agricultural land and horticultural land contains various terms which are critical to an understanding of the statute. The term “parcel” has been defined by Nebraska’s Legislature. "Parcel means a contiguous tract of land determined by its boundaries, under the same ownership, and in the same tax district and section. Parcel also means an improvement on leased land. If all or several lots in the same block are owned by the same person and are contained in the same tax district, they may be included in one parcel." Neb. Rev. Stat. §77-132 (Cum. Supp. 2006).

Other significant terms within the statutory definition of agricultural land and horticultural land have not been defined by the Legislature. The term “commercial production” has not been defined but only land used for the “commercial production” of any plant or animal product in a raw or unprocessed state that is derived from the science and art of agriculture, aquaculture, or horticulture, with exceptions noted above, may be agricultural land and horticultural land. The Commission has not found in statute or in Nebraska case law a definition of the term “commercial production.” Commercial can mean “of, in or relating to commerce.” *Webster's Third New International Dictionary*, Merriam-Webster, Inc., (2002). p. 456. An alternate definition is “from the point of view of profit: having profit as the primary aim.” *Id.* Prior to adoption of amendments to the statute defining agricultural land and horticultural land in 2006 the definition of agricultural and horticultural land contained a requirement that the land be

used for the “production” of agricultural products. Neb. Rev. Stat. §77-1359 (Reissue 2003).

The new term “commercial production” did not appear in the definition. *Id.* A statute should be construed to give effect to purposeful change in its provisions. A construction of “commercial production” to mean production from the point of view of making a profit gives effect to the change in terminology as adopted by the legislature. The Commission finds that “commercial production” means production with the intent to make a profit .

It is appropriate to consider a number of factors to determine whether or not an activity is undertaken with a view to making a profit. See, *Wood*, 548 T.M., *Hobby Losses*. Among the factors to be considered are: whether the activity is conducted in a business like manner with adequate records and adaption of operating methods to changing circumstances; expertise of the Taxpayer, if any, necessary for conduct of the operation; consultation with experts, if necessary, and reliance on appraisals or other data for decision making as necessary; time and effort expended by the Taxpayer in furtherance of the operation; any expectation of appreciation in the assets employed in the operation; success the Taxpayer has had in carrying on similar or dissimilar operations; the Taxpayer’s history of profits or losses with respect to the operation discounting startup losses and losses or gains due to unusual circumstances; any profits earned and the possibility of profits if none have been earned to date; the Taxpayer’s financial status i.e. the ability to sustain losses or incur costs without regard to returns; and elements of personal pleasure or recreation, or other motives other than profit or gain. The same factors are relevant to a determination of whether commercial production of a plant or animal product in a raw or unprocessed state that is derived from the science and art of agriculture, aquaculture, or

horticulture (“commercial production”) has occurred on the parcel. In addition the Commission will consider other factors as presented for consideration on a case by case basis.

Five acres of the subject property are used for the production of alfalfa hay or other crops. Twelve acres of the subject property are used for the production of brome grass hay. The brome grass produces one cutting each year. The alfalfa and brome grass hay is fed to horses the Taxpayer keeps on the subject property and excess is sold. Sales of hay generated \$300 in gross income for the year 2007 (E2:8). Sales of hay generated \$582 gross income for the year 2006. (E6:2). Some expenses for labor and fertilizer are incurred for the production of hay. There are two hay storage sheds on the subject property. Financial records are maintained, however, the records relating to hay or other crop production are commingled with records relating to the raising of horses. The Taxpayer does not contend that the raising of horses is the commercial production of agricultural or horticultural products. A portion of the hay produced is feed to the horses. The evidence of sales of hay is not sufficient to establish that the intent of Taxpayer is the production of hay for sale. The Taxpayer produces hay and uses it as feed in an activity that does not constitute commercial production of agricultural or horticultural products. The hay not needed as horse feed is sold for amounts that may not exceed costs of production.

Based on the Taxpayer’s evidence the Commission concludes that the requirement of commercial production of agricultural or horticultural products on the parcel has not been met.
