SARPY COUNTY BOARD OF)	THE SARPY COUNTY BOARD OF
EQUALIZATION,)	EQUALIZATION

Appellee.)	

The above-captioned case was called for a hearing on the merits of an appeal by Charles W. Hutchison ("the Taxpayer") to the Tax Equalization and Review Commission ("the Commission"). The hearing was held in the Commission's Hearing Room on the sixth floor of the Nebraska State Office Building in the City of Lincoln, Lancaster County, Nebraska, on October 25, 2010, pursuant to an Order for Hearing and Notice of Hearing issued August 23, 2010 as amended by an Order dated September 20, 2010. Commissioner Warnes, Vice-Chairperson of the Commission, was the presiding hearing officer. Commissioner Wickersham, Chairperson of the Commission, was absent. Commissioner Warnes, as Vice-Chairperson acting in the absence of the Chairperson, designated Commissioners Warnes, Salmon, and Hotz as a panel of the Commission to hear the appeal. Commissioner Salmon was excused. Commissioner Hotz was present. The appeal was heard by a quorum of a panel of the Commission.

Charles W. Hutchison was present at the hearing. No one appeared as legal counsel for the Taxpayer.

John Reisz, a Deputy County Attorney for Sarpy County, Nebraska, was present as legal counsel for the Sarpy County Board of Equalization ("the County Board").

The Commission took statutory notice, received exhibits, and heard testimony.

The Commission is required to state its final decision and order concerning an appeal, with findings of fact and conclusions of law, on the record or in writing. Neb. Rev. Stat. §77-5018 (Reissue 2009). The final decision and order of the Commission in this case is as follows.

I. ISSUES

The Taxpayer has asserted that actual value of the subject property as of January 1, 2009, is less than actual value as determined by the County Board. The issues on appeal related to that assertion are:

Whether the decision of the County Board, determining actual value of the subject property, is unreasonable or arbitrary; and

The actual value of the subject property on January 1, 2009.

The Taxpayer has asserted that taxable value of the subject property as of January 1, 2009, is not equalized with the taxable value of other real property. The issues on appeal related to that assertion are:

Whether the decision of the County Board determining the equalized taxable value of the subject property is unreasonable or arbitrary;

Whether the equalized taxable value of the subject property was determined by the County Board in a manner and an amount that is uniform and proportionate as required by Nebraska's Constitution in Article VIII §1; and

The equalized taxable value of the subject property on January 1, 2009.

**II.
FINDINGS OF FACT**

The Commission finds and determines that:

1. The Taxpayer has a sufficient interest in the outcome of the above captioned appeal to maintain the appeal.
2. The parcel of real property to which this appeal pertains ("the Subject Property") is described in the table below.
3. Actual value of the subject property placed on the assessment roll as of January 1, 2009, ("the assessment date") by the Sarpy County Assessor, value as proposed in a timely protest, and actual value as determined by the County Board is shown in the following table:

Case No. 09R 132

Total	\$146,560.00	\$111,847.00	\$146,560.00

4. An appeal of the County Board's decision was filed with the Commission.
5. An Order for Hearing and Notice of Hearing issued on August 23, 2010, as amended by an Order issued on September 20, 2010, set a hearing of the appeal for October 25, 2010, at CDST.

6. An Affidavit of Service, which appears in the records of the Commission, establishes that a copy of the Order for Hearing and Notice of Hearing was served on all parties.
7. Actual value of the subject property as of the assessment date for the tax year 2009 is:

Case No. 09R 132

Land value	\$23,931.00
Improvement value	<u>\$122,629.00</u>
Total value	<u>\$146,560.00.</u>

**III.
APPLICABLE LAW**

1. Subject matter jurisdiction of the Commission in this appeal is over all questions necessary to determine taxable value. Neb. Rev. Stat. §77-5016(7) (Reissue 2009).
2. “Actual value is the most probable price expressed in terms of money that a property will bring if exposed for sale in the open market, or in an arm’s length transaction, between a willing buyer and a willing seller, both of whom are knowledgeable concerning all the uses to which the real property is adapted and for which the real property is capable of being used. In analyzing the uses and restrictions applicable to real property the analysis shall include a full description of the physical characteristics of the real property and an identification of the property rights valued.” Neb. Rev. Stat. §77-112 (Reissue 2009).
3. “Actual value may be determined using professionally accepted mass appraisal methods, including, but not limited to, the (1) sales comparison approach using the guidelines in

section 77-1371, (2) income approach, and (3) cost approach.” Neb. Rev. Stat. §77-112 (Reissue 2009).

4. “Actual value, market value, and fair market value mean exactly the same thing.”
Omaha Country Club v. Douglas County Board of Equalization, et al., 11 Neb.App. 171, 180, 645 N.W.2d 821, 829 (2002).
5. Taxable value is the percentage of actual value subject to taxation as directed by section 77-201 of Nebraska Statutes and has the same meaning as assessed value. Neb. Rev. Stat. §77-131 (Reissue 2009).
6. All taxable real property, with the exception of agricultural land and horticultural land, shall be valued at actual value for purposes of taxation. Neb. Rev. Stat. §77-201(1) (Reissue 2009).
7. “Taxes shall be levied by valuation uniformly and proportionately upon all real property and franchises as defined by the Legislature except as otherwise provided in or permitted by this Constitution.” Neb. Const., Art. VIII, §1.
8. Equalization is the process of ensuring that all taxable property is placed on the assessment rolls at a uniform percentage of its actual value. *MAPCO Ammonia Pipeline v. State Bd. of Equal.*, 238 Neb. 565, 471 N.W.2d 734 (1991).
9. The purpose of equalization of assessments is to bring the assessment of different parts of a taxing district to the same relative standard, so that no one of the parts may be compelled to pay a disproportionate part of the tax. *MAPCO Ammonia Pipeline v. State Bd. of Equal.*, 238 Neb. 565, 471 N.W.2d 734 (1991); *Cabela's Inc. v. Cheyenne County Bd. of Equalization*, 8 Neb.App. 582, 597 N.W.2d 623, (1999).

10. Equalization to obtain proportionate valuation requires a comparison of the ratio of assessed to actual value for the subject property and comparable property. *See Cabela's Inc. v. Cheyenne County Bd. of Equalization*, 8 Neb.App. 582, 597 N.W.2d 623 (1999).
11. Uniformity requires that whatever methods are used to determine actual or taxable value for various classifications of real property that the results be correlated to show uniformity. *Banner County v. State Board of Equalization*, 226 Neb. 236, 411 N.W.2d 35 (1987).
12. Taxpayers are entitled to have their property assessed uniformly and proportionately, even though the result may be that it is assessed at less than the actual value. *Equitable Life v. Lincoln County Bd. of Equal.*, 229 Neb. 60, 425 N.W.2d 320 (1988); *Fremont Plaza v. Dodge County Bd. of Equal.*, 225 Neb. 303, 405 N.W.2d 555 (1987).
13. The constitutional requirement of uniformity in taxation extends to both rate and valuation. *First Nat. Bank & Trust Co. v. County of Lancaster*, 177 Neb. 390, 128 N.W.2d 820 (1964).
14. In the evaluation of real property for tax purposes, where buildings and improvements are taxable as a part of the real estate, the critical issue is the actual value of the entire property, not the proportion of that value which is allocated to the land or to the buildings and improvements by the appraiser. *Bumgarner v. Valley County*, 208 Neb. 361, 303 N.W.2d 307 (1981).
15. If taxable values are to be equalized it is necessary for a Taxpayer to establish by clear and convincing evidence that valuation placed on his or her property when compared with valuations placed on similar property is grossly excessive and is the result of systematic

will or failure of a plain legal duty, and not mere error of judgement. There must be something more, something which in effect amounts to an intentional violation of the essential principle of practical uniformity. *Newman v. County of Dawson*, 167 Neb. 666, 94 N.W.2d 47 (1959).

16. A presumption exists that the County Board has faithfully performed its duties and has acted on competent evidence. *City of York v. York County Bd. Of Equalization*, 266 Neb. 297, 64 N.W.2d 445 (2003).
17. The presumption in favor of the county board may be classified as a principle of procedure involving the burden of proof, namely, a taxpayer has the burden to prove that action by a board of equalization fixing or determining valuation of real estate for tax purposes is unauthorized by or contrary to constitutional or statutory provisions governing taxation. *Gordman Properties Company v. Board of Equalization of Hall County*, 225 Neb. 169, 403 N.W.2d 366 (1987).
18. The presumption disappears if there is competent evidence to the contrary. *Id.*
19. The order, decision, determination, or action appealed from shall be affirmed unless evidence is adduced establishing that the order, decision, determination, or action was unreasonable or arbitrary. Neb. Rev. Stat. §77-5016 (8) (Reissue 2009).
20. Proof that the order, decision, determination, or action appealed from was unreasonable or arbitrary must be made by clear and convincing evidence. *See, e.g., Omaha Country Club v. Douglas Cty. Bd. of Equal.*, 11 Neb.App. 171, 645 N.W.2d 821 (2002).

21. "Clear and convincing evidence means and is that amount of evidence which produces in the trier of fact a firm belief or conviction about the existence of a fact to be proved."
Castellano v. Bitkower, 216 Neb. 806, 812, 346 N.W.2d 249, 253 (1984).
22. A decision is "arbitrary" when it is made in disregard of the facts and circumstances and without some basis which could lead a reasonable person to the same conclusion. *Phelps Cty. Bd. of Equal. v. Graf*, 258 Neb 810, 606 N.W.2d 736 (2000).
23. A decision is unreasonable only if the evidence presented leaves no room for differences of opinion among reasonable minds. *Pittman v. Sarpy Cty. Bd. of Equal.*, 258 Neb 390, 603 N.W.2d 447 (1999).
24. "An owner who is familiar with his property and knows its worth is permitted to testify as to its value." *U. S. Ecology v. Boyd County Bd. Of Equalization*, 256 Neb. 7, 16, 588 N.W.2d 575, 581 (1999).
25. The County Board need not put on any evidence to support its valuation of the property at issue unless the taxpayer establishes the Board's valuation was unreasonable or arbitrary. *Bottorf v. Clay County Bd. of Equalization*, 7 Neb.App. 162, 580 N.W.2d 561 (1998).
26. A Taxpayer, who only produced evidence that was aimed at discrediting valuation methods utilized by the county assessor, failed to meet burden of proving that value of property was not fairly and proportionately equalized or that valuation placed upon property for tax purposes was unreasonable or arbitrary. *Beynon v. Board of Equalization of Lancaster County*, 213 Neb. 488, 329 N.W.2d 857 (1983).
27. A Taxpayer must introduce competent evidence of actual value of the subject property in order to successfully claim that the subject property is overvalued. Cf. *Lincoln Tel. and*

Tel. Co. v. County Bd. Of Equalization of York County, 209 Neb. 465, 308 N.W.2d 515 (1981); *Arenson v. Cedar County*, 212 Neb. 62, 321 N.W.2d 427 (1982)(determination of equalized taxable value); *Josten-Wilbert Vault Co. v. Board of Equalization for Buffalo County*, 179 Neb. 415, 138 N.W.2d 641 (1965) (determination of actual value).

IV. ANALYSIS

The subject property is a residential parcel improved with a townhouse, built in 2007, which has 1,440 square feet of living area. (E5:3). The townhouse is rated as good for quality and average for condition. (E5:2).

BASIC FACTS

The Taxpayer testified that he purchased the subject property from Tregaron Ridge LLC on September 21, 2007, for \$152,683. This information is also found in the property record file for the subject property. (E5:1). The Taxpayer further testified that on or about July 18, 2008, the developer ceased developing and marketing of the parcels in the development. On or about December 16, 2008, Fannie Mae, a large national lender, revised their lending standards for new condominium development projects, which removed the Tregaron Ridge Condominiums from eligibility for lending to new purchasers. The developer closed their sales office, leaving 21 units or one-half of the condominiums unsold. No sales of condominiums occurred in the development in 2008. In addition, the sharing of financial responsibilities were terminated by the developer leaving the entire cost for maintenance and upkeep to the homeowners association. The Taxpayer alleged that those wishing to sell their property were unable to do so and were

forced instead to offer the properties for rent. On January 1, 2009, his unit was the only one of four in his building that was occupied.

The Taxpayer provided evidence of the sale of twenty (20) parcels alleged to be comparable to the subject property. (E19 to E38). A review of these alleged comparables shows that all but one sale occurred after January 1, 2009 and would not have been available to the County Assessor in its required determination of actual value on January 1, 2009. The Taxpayer alleges that these sales are best indicators of market value of the subject property surrounding January 1, 2009. He alleged that the County's use of the sales for two years prior to June 30, 2008 were not representative of the market in that there were no sales of comparable parcels in 2008 and the sales in 2007 would not have been affected by the ceasing of operations by the developer. Such reasoning by the Taxpayer is understandable, but not within compliance with approved mass appraisal practices imposed upon the County Assessor by Nebraska law and the Rules and Regulations of the Property Tax Administrator which provides the guidelines for the County Assessors of the state.

The Taxpayer alleges that the income approach to value should be used since the sales approach is not appropriate due to the lack of sales reflecting the adverse impact of the developers going out of business. The Taxpayer's determination of actual value using the income approach to value is shown on Exhibit 15, page 1. The Taxpayer's income approach to value uses rental income with certain assumptions as to resale value after 30 years and estimates of annual fees and their increases. The Commission finds that the Taxpayer's income valuation approach is without merit as it does not conform to accepted appraisal practices.

The Taxpayer testified that the actual value of the subject property should have been decreased due to economic obsolescence and/or depreciation; however these adjustments are only appropriate using the cost approach and not the income approach to determine value.

The County used the cost approach to determine actual value of the subject property as shown on the cost approach data sheet. (E5:3). The County used a total of 9% depreciation allocated as 8% for economic depreciation and 1% for physical depreciation. The appraiser for the County Assessor testified that she did not have any sales which were affected by the negative change of management to the development in which the subject property was located. She stated that this does not mean there was not an adverse impact on the subject property due to the negative change of management, but that there were no sales reflecting the negative effect of the development's downward economic events.

The Commission's review of all of the evidence in this appeal gives rise to concern for the circumstances of the Taxpayer; however, the Taxpayer has not provided sufficient competent evidence to show that the County Board's determination was arbitrary or unreasonable. In addition, the Commission gives greater weight to the evidence provided by the County than that of the Taxpayer as to the actual value of the subject property.

The Commission does not find merit to the other allegations testified to by the Taxpayer.

A taxpayer who offers no evidence that the subject property is valued in excess of its actual value and who only produces evidence that is aimed at discrediting the valuation methods utilized by county assessor fails to meet his or her burden of proving that the value of the property was not fairly and proportionately equalized or that valuation placed upon the property

for tax purposes was unreasonable or arbitrary. *Beynon v. Board of Equalization of Lancaster County*, 213 Neb. 488, 329 N.W.2d 857 (1983).

“There is a presumption that a board of equalization has faithfully performed its official duties in making an assessment and has acted upon sufficient competent evidence to justify its action. The presumption remains until there is competent evidence to the contrary presented, and the presumption disappears when there is competent evidence on appeal to the contrary. From that point on, the reasonableness of the valuation fixed by the board of equalization becomes one of fact based upon all the evidence presented. The burden of showing such valuation to be unreasonable rests upon the taxpayer on appeal from the action of the board. In an appeal ..., the burden of persuasion imposed on the complaining taxpayer is not met by showing a mere difference of opinion unless it is established by clear and convincing evidence that the valuation placed upon his property when compared to valuations placed on other similar property is grossly excessive and is the result of a systematic exercise of intentional will or failure of plain duty, and not mere errors of judgment.” *Id.* Taxpayer must introduce competent evidence of actual value of its property in order to successfully claim that a property is overvalued. *Lincoln Tel. and Tel. Co. v. County Bd. Of Equalization of York County*, 209 Neb. 465, 308 N. W. 2d 515 (1981).

The Commission finds that the Taxpayer has not provided competent evidence to rebut the presumption that the County Board faithfully performed its duties and had sufficient competent evidence to make its determination.

The Commission finds that the Taxpayer has not provided clear and convincing evidence that the County Board’s decision was arbitrary or unreasonable. The appeal of the Taxpayer is denied.
