AND REVIEW COMMISSION**

BARBARA J. STROM,	)	
	)	
Appellant,	)	Case No. 09A 034
	)	
v.	)	DECISION AND ORDER
	)	AFFIRMING THE DECISION OF
KNOX COUNTY BOARD OF	)	THE KNOX COUNTY BOARD OF
EQUALIZATION,	)	EQUALIZATION
	)	
Appellee.	)	

The above-captioned case was called for a hearing on the merits of an appeal by Barbara J. Strom ("the Taxpayer") to the Tax Equalization and Review Commission ("the Commission"). The hearing was held in the Holiday Inn Express, 920 S. 20th St., Norfolk, Nebraska, on August 17, 2010, pursuant to an Order for Hearing and Notice of Hearing issued June 17, 2010. Commissioner Warnes, Vice-Chairperson of the Commission, was the presiding hearing officer. Commissioner Wickersham, Chairperson of the Commission, was absent. Commissioner Warnes, as Vice-Chairperson acting in the absence of the Chairperson, designated Commissioners Warnes, Salmon, and Hotz as a panel of the Commission to hear the appeal. Commissioner Hotz was excused. Commissioner Salmon was present. The appeal was heard by a quorum of a panel of the Commission.

Barbara J. Strom was present at the hearing. No one appeared as legal counsel for the Taxpayer.

John Thomas, County Attorney for Knox County, Nebraska, was present as legal counsel for the Knox County Board of Equalization ("the County Board").

The Commission took statutory notice, received exhibits, and heard testimony.

The Commission is required to state its final decision and order concerning an appeal, with findings of fact and conclusions of law, on the record or in writing. Neb. Rev. Stat. §77-5018 (Reissue 2009). The final decision and order of the Commission in this case is as follows.

**I.  
ISSUES**

The Taxpayer has asserted that taxable value of the subject property as of January 1, 2009, is less than taxable value as determined by the County Board. The issues on appeal related to that assertion are:

Whether the decision of the County Board, determining taxable value of the subject property, is unreasonable or arbitrary; and

The taxable value of the subject property on January 1, 2009.

The Taxpayer has asserted that taxable value of the subject property as of January 1, 2009, is not equalized with the taxable value of other real property. The issues on appeal related to that assertion are:

Whether the decision of the County Board determining the equalized taxable value of the subject property is unreasonable or arbitrary;

Whether the equalized taxable value of the subject property was determined by the County Board in a manner and an amount that is uniform and proportionate as required by Nebraska's Constitution in Article VIII §1; and

The equalized taxable value of the subject property on January 1, 2009.

**II.  
FINDINGS OF FACT**

The Commission finds and determines that:

1. The Taxpayer has a sufficient interest in the outcome of the above captioned appeal to maintain the appeal.
2. The parcel of real property to which this appeal pertains ("the Subject Property") is described in the table below.
3. Taxable value of the subject property placed on the assessment roll as of January 1, 2009, ("the assessment date") by the Knox County Assessor, value as proposed in a timely protest, and taxable value as determined by the County Board is shown in the following table:

**III.  
APPLICABLE LAW**

1. Subject matter jurisdiction of the Commission in this appeal is over all questions necessary to determine taxable value. Neb. Rev. Stat. §77-5016(7) (Reissue 2009).
2. “Actual value is the most probable price expressed in terms of money that a property will bring if exposed for sale in the open market, or in an arm’s length transaction, between a willing buyer and a willing seller, both of whom are knowledgeable concerning all the uses to which the real property is adapted and for which the real property is capable of being used. In analyzing the uses and restrictions applicable to real property the analysis shall include a full description of the physical characteristics of the real property and an identification of the property rights valued.” Neb. Rev. Stat. §77-112 (Reissue 2009).

3. “Actual value may be determined using professionally accepted mass appraisal methods, including, but not limited to, the (1) sales comparison approach using the guidelines in section 77-1371, (2) income approach, and (3) cost approach.” Neb. Rev. Stat. §77-112 (Reissue 2009).
4. “Actual value, market value, and fair market value mean exactly the same thing.”  
*Omaha Country Club v. Douglas County Board of Equalization, et al.*, 11 Neb.App. 171, 180, 645 N.W.2d 821, 829 (2002).
5. Taxable value is the percentage of actual value subject to taxation as directed by section 77-201 of Nebraska Statutes and has the same meaning as assessed value. Neb. Rev. Stat. §77-131 (Reissue 2009).
6. All taxable real property, with the exception of agricultural land and horticultural land, shall be valued at actual value for purposes of taxation. Neb. Rev. Stat. §77-201(1) (Reissue 2009).
7. Agricultural land and horticultural land shall be valued for purposes of taxation at seventy five percent of its actual value. Neb. Rev. Stat. §77-201 (2) (Reissue 2009).
8. “Agricultural land and horticultural land means a parcel of land which is primarily used for agricultural or horticultural purposes, including wasteland lying in or adjacent to and in common ownership or management with other agricultural land and horticultural land. Agricultural land and horticultural land does not include any land directly associated with any building or enclosed structure.” Neb. Rev. Stat. §77-1359 (1) (Reissue 2009).
9. "Agricultural or horticultural purposes means used for the commercial production of any plant or animal product in a raw or unprocessed state that is derived from the science and

art of agriculture, aquaculture, or horticulture. Agricultural or horticultural purposes includes the following uses of land:

(a) Land retained or protected for future agricultural or horticultural purposes under a conservation easement as provided in the Conservation and Preservation Easements Act except when the parcel or a portion thereof is being used for purposes other than agricultural or horticultural purposes; and

(b) Land enrolled in a federal or state program in which payments are received for removing such land from agricultural or horticultural production shall be defined as agricultural land or horticultural land." Neb. Rev. Stat. §77-1359 (2)

(Reissue 2009).

10. "Taxes shall be levied by valuation uniformly and proportionately upon all real property and franchises as defined by the Legislature except as otherwise provided in or permitted by this Constitution." *Neb. Const.*, Art. VIII, §1.
11. Equalization is the process of ensuring that all taxable property is placed on the assessment rolls at a uniform percentage of its actual value. *MAPCO Ammonia Pipeline v. State Bd. of Equal.*, 238 Neb. 565, 471 N.W.2d 734 (1991).
12. The purpose of equalization of assessments is to bring the assessment of different parts of a taxing district to the same relative standard, so that no one of the parts may be compelled to pay a disproportionate part of the tax. *MAPCO Ammonia Pipeline v. State Bd. of Equal.*, 238 Neb. 565, 471 N.W.2d 734 (1991); *Cabela's Inc. v. Cheyenne County Bd. of Equalization*, 8 Neb.App. 582, 597 N.W.2d 623, (1999).

13. Equalization to obtain proportionate valuation requires a comparison of the ratio of assessed to actual value for the subject property and comparable property. See, *Cabela's Inc. v. Cheyenne County Bd. of Equalization*, 8 Neb.App. 582, 597 N.W.2d 623 (1999).
14. Uniformity requires that whatever methods are used to determine actual or taxable value for various classifications of real property that the results be correlated to show uniformity. *Banner County v. State Board of Equalization*, 226 Neb. 236, 411 N.W.2d 35 (1987).
15. Taxpayers are entitled to have their property assessed uniformly and proportionately, even though the result may be that it is assessed at less than the actual value. *Equitable Life v. Lincoln County Bd. of Equal.*, 229 Neb. 60, 425 N.W.2d 320 (1988); *Fremont Plaza v. Dodge County Bd. of Equal.*, 225 Neb. 303, 405 N.W.2d 555 (1987).
16. The constitutional requirement of uniformity in taxation extends to both rate and valuation. *First Nat. Bank & Trust Co. v. County of Lancaster*, 177 Neb. 390, 128 N.W.2d 820 (1964).
17. In the evaluation of real property for tax purposes, where buildings and improvements are taxable as a part of the real estate, the critical issue is the actual value of the entire property, not the proportion of that value which is allocated to the land or to the buildings and improvements by the appraiser. *Bumgarner v. Valley County*, 208 Neb. 361, 303 N.W.2d 307 (1981).
18. If taxable values are to be equalized it is necessary for a Taxpayer to establish by clear and convincing evidence that valuation placed on his or her property when compared with valuations placed on similar property is grossly excessive and is the result of systematic

will or failure of a plain legal duty, and not mere error of judgement. There must be something more, something which in effect amounts to an intentional violation of the essential principle of practical uniformity. *Newman v. County of Dawson*, 167 Neb. 666, 94 N.W.2d 47 (1959).

19. A presumption exists that the County Board has faithfully performed its duties and has acted on competent evidence. *City of York v. York County Bd. Of Equalization*, 266 Neb. 297, 64 N.W.2d 445 (2003).
20. The presumption in favor of the county board may be classified as a principle of procedure involving the burden of proof, namely, a taxpayer has the burden to prove that action by a board of equalization fixing or determining valuation of real estate for tax purposes is unauthorized by or contrary to constitutional or statutory provisions governing taxation. *Gordman Properties Company v. Board of Equalization of Hall County*, 225 Neb. 169, 403 N.W.2d 366 (1987).
21. The presumption disappears if there is competent evidence to the contrary. *Id.*
22. The order, decision, determination, or action appealed from shall be affirmed unless evidence is adduced establishing that the order, decision, determination, or action was unreasonable or arbitrary. Neb. Rev. Stat. §77-5016 (8) (Reissue 2009).
23. Proof that the order, decision, determination, or action appealed from was unreasonable or arbitrary must be made by clear and convincing evidence. See, e.g., *Omaha Country Club v. Douglas Cty. Bd. of Equal.*, 11 Neb.App. 171, 645 N.W.2d 821 (2002).

24. "Clear and convincing evidence means and is that amount of evidence which produces in the trier of fact a firm belief or conviction about the existence of a fact to be proved."  
*Castellano v. Bitkower*, 216 Neb. 806, 812, 346 N.W.2d 249, 253 (1984).
25. A decision is "arbitrary" when it is made in disregard of the facts and circumstances and without some basis which could lead a reasonable person to the same conclusion. *Phelps Cty. Bd. of Equal. v. Graf*, 258 Neb 810, 606 N.W.2d 736 (2000).
26. A decision is unreasonable only if the evidence presented leaves no room for differences of opinion among reasonable minds. *Pittman v. Sarpy Cty. Bd. of Equal.*, 258 Neb 390, 603 N.W.2d 447 (1999).
27. "An owner who is familiar with his property and knows its worth is permitted to testify as to its value." *U. S. Ecology v. Boyd County Bd. Of Equalization*, 256 Neb. 7, 16, 588 N.W.2d 575, 581 (1999).
28. The County Board need not put on any evidence to support its valuation of the property at issue unless the taxpayer establishes the Board's valuation was unreasonable or arbitrary. *Bottorf v. Clay County Bd. of Equalization*, 7 Neb.App. 162, 580 N.W.2d 561 (1998).
29. A Taxpayer, who only produced evidence that was aimed at discrediting valuation methods utilized by the county assessor, failed to meet burden of proving that value of property was not fairly and proportionately equalized or that valuation placed upon property for tax purposes was unreasonable or arbitrary. *Beynon v. Board of Equalization of Lancaster County*, 213 Neb. 488, 329 N.W.2d 857 (1983).
30. A Taxpayer must introduce competent evidence of actual value of the subject property in order to successfully claim that the subject property is overvalued. Cf. *Lincoln Tel. and*

*Tel. Co. v. County Bd. Of Equalization of York County*, 209 Neb. 465, 308 N.W.2d 515 (1981); *Arenson v. Cedar County*, 212 Neb. 62, 321 N.W.2d 427 (1982)(determination of equalized taxable value); *Josten-Wilbert Vault Co. v. Board of Equalization for Buffalo County*, 179 Neb. 415, 138 N.W.2d 641 (1965) (determination of actual value).

#### **IV. ANALYSIS**

The subject property is a 160 acre parcel classified as agricultural land. (E6). The Taxpayer testified that she objected to the large percentage increase in the land and improvement values for the subject property.

The Taxpayer has asserted that actual value of the subject property as of January 1, 2009, is less than actual value as determined by the County Board and in addition, the Taxpayer has asserted that taxable value of the subject property as of January 1, 2009, is not equalized with the taxable value of other real property.

The Taxpayer's son first testified that there was an increase in the size of a "natural waterway" on the subject property that had increased in width resulting in less land productive for farming. He alleged that the increase in unproductive land diminishes the market value of the subject property. The subject property is shown on the maps which not only show the subject property's location, but also the soil types and the soil conversion. (E5:4-6).

Secondly, the Taxpayer's son testified that there have been no improvements on the subject property and without such, the increase in taxable valuation between 2008 and 2009 was not justified.

The third allegation testified to by the Taxpayer's son is that the subject property has not been assessed uniformly and proportionally with an adjacent parcel located directly to the north of the subject property. He testified that despite the fact that this parcel is irrigated, it is assessed less than the subject property which is classified as dryland. This parcel is shown in Exhibit 6 pages 25 to 26.

The Taxpayer's son read into the record the contents of his Exhibit 10 which itemized the concerns of himself and his mother.

The Assessor for the County testified that she used mass appraisal techniques in assessing the subject property for 2009. She stated that from the sales file of qualified sales from within the county, she created an itemization of land values for each soil type. (E8:1). In addition, she testified that she implemented the new soil maps and GIS mapping for 2009. (E3:4 to 6). Her testimony was that as a result of implementing these new processes, the designation of the soil types and the amount of land associated with each soil type changed for the subject property. The Assessor referred the Commission to Exhibit 3 page 4 where the 2008 listing of the amount of land by soil types was shown for the dryland land use grouping. The value of each acre of dryland (127) was valued in 2008 from \$535 to \$630 per acre. Her testimony was that the taxable value of the subject property for 2009 was more accurate due to the improved resolution of the GIS mapping techniques and the changes to the soil survey. The County Assessor testified that for 2009 the value of the dryland acres (124 acres) increased to \$1,125 to \$1,440 per acre. (E3:8).

In summary, the Assessor for the County testified that the significant increase in dryland values were a result of the increased market values, the implementation of the new soil survey

and the GIS mapping system which upon implementation changed the amount of land categorized in land use groupings and soil types. In addition, the County Assessor testified that in 2008 there were 5 market areas with the subject property being located in the extreme corner of market area 3. She testified that in 2009 there were only 2 market areas with the subject property being in market area 1. She testified that there were differences in dryland values of land classified as dryland in the new market area as compared to those values used for 2008. Her testimony was that she applied the newly implemented techniques to all agricultural and horticultural land in the entire county. The Commission finds that there is not merit to the Taxpayer's allegation that the subject property was not equalized with other comparable parcels.

The Commission does not find merit to the other allegations testified to by the Taxpayer. A taxpayer who offers no evidence that the subject property is valued in excess of its actual value and who only produces evidence that is aimed at discrediting the valuation methods utilized by county assessor fails to meet his or her burden of proving that the value of the property was not fairly and proportionately equalized or that valuation placed upon the property for tax purposes was unreasonable or arbitrary. *Beynon v. Board of Equalization of Lancaster County*, 213 Neb. 488, 329 N.W.2d 857 (1983).

“There is a presumption that a board of equalization has faithfully performed its official duties in making an assessment and has acted upon sufficient competent evidence to justify its action. The presumption remains until there is competent evidence to the contrary presented, and the presumption disappears when there is competent evidence on appeal to the contrary. From that point on, the reasonableness of the valuation fixed by the board of equalization becomes one of fact based upon all the evidence presented. The burden of showing such valuation to be

unreasonable rests upon the taxpayer on appeal from the action of the board. In an appeal to the county board of equalization or to the district court, and from the district court to this court, the burden of persuasion imposed on the complaining taxpayer is not met by showing a mere difference of opinion unless it is established by clear and convincing evidence that the valuation placed upon his property when compared to valuations placed on other similar property is grossly excessive and is the result of a systematic exercise of intentional will or failure of plain duty, and not mere errors of judgment.” *Id.* Taxpayer must introduce competent evidence of actual value of its property in order to successfully claim that a property is overvalued. *Lincoln Tel. and Tel. Co. v. County Bd. Of Equalization of York County*, 209 Neb. 465, 308 N. W. 2d 515 (1981).

The Commission finds that the Taxpayer has not provided competent evidence to rebut the presumption that the County Board faithfully performed its duties and did have sufficient competent evidence to make its determination.

The Commission finds that the Taxpayer has not provided clear and convincing evidence that the County Board’s decision was arbitrary or unreasonable. The appeal of the Taxpayer is denied.
