

BEFORE THE NEBRASKA TAX EQUALIZATION AND REVIEW COMMISSION

Bel Fury Investments Group, LLC,
Appellant,

v.

Sarpy County Board of Equalization,
Appellee.

Case No: 14R 336

Decision Affirming
County Board of Equalization

GENERAL BACKGROUND & PROCEDURAL HISTORY

1. The Subject Property is a residential parcel improved with a 1,381 square foot townhome located at 2818 Eagle Hills Circle, Papillion, Sarpy County, Nebraska. The Subject Property’s legal description is found in the Case File.
2. The Sarpy County Assessor assessed the Subject Property at \$185,504 for tax year 2014.
3. Bel Fury Investments Group, LLC (herein referred to as the “Taxpayer”) protested this value to the Sarpy County Board of Equalization (herein referred to as the “County Board”) and requested a \$180,000 valuation.
4. The County Board determined that the assessed value of the Subject Property was \$185,504 for tax year 2014.
5. The Taxpayer appealed the determination of the County Board to the Tax Equalization and Review Commission (herein referred to as the “Commission”).
6. A Single Commissioner hearing was held on March 11, 2015, at the Nebraska State Office Building, Omaha, Nebraska, before Commissioner Thomas D. Freimuth.
7. Scott Bloemer, Managing Member of Bel Fury Investments Group, LLC, appeared at the hearing on behalf of the Taxpayer.
8. Larry Houlton and Jackie Morehead, employees of the Sarpy County Assessor’s Office, were present for the County Board.

SUMMARY OF HEARING DOCUMENTS & STATEMENTS

9. The Property Record File (“PRF”) submitted by the County Board at the hearing indicates that the Taxpayer purchased the Subject Property for \$158,777 in January 2007. Mr. Bloemer, Managing Member of Bel Fury Investments Group, LLC, who appeared at the hearing on behalf of the Taxpayer, stated that the Subject Property has been rented since the date of purchase.
10. The PRF for the Subject Property indicates that the County Board’s \$185,504 determination for tax year 2014 includes \$23,000 for land and \$162,504 for the improvement component.
11. The PRF indicates that the County Board’s \$162,504 determination attributable to improvements for tax year 2014 is based on a cost approach mass appraisal model.
12. The PRF and other documentation submitted at the hearing indicate that the Subject Property is located near the Eagle Hills Golf Course.

13. The PRF indicates that the Subject Property is a 1,381 square foot ranch townhouse built in 1999, with an effective age of 15 years. The PRF rates the Subject Property's quality as "Good" and condition as "Average" for tax year 2014.
14. The Taxpayer submitted a PRF for the adjacent attached townhome at 2816 Eagle Hills in support of its assertion that the actual value of the Subject Property was \$180,000 for tax year 2014. The PRF for the townhome at 2816 Eagle Hills indicates that this parcel sold for \$180,000 in May of 2012. The documents and statements submitted at the hearing indicate that this transaction was arm's-length.
15. The Taxpayer did not submit a fee appraisal of the Subject Property or other parcels at the hearing.
16. The County submitted a listing of all of the assessed values for properties in the neighborhood of the Subject Property, statistical reports of sales in the Subject Property's neighborhood which included sales assessment ratios for the sold properties.
17. The County also submitted the following: (1) the 2014 PRF for the townhome attached to the Subject Property (2816 Eagle Hills Circle), together with County documentation indicating that the Subject Property has been equalized with this parcel for several tax years, including tax year 2014 (\$185,504 Subject Property assessment vs. \$186,207 for 2816 Eagle Hills); (2) the PRF for an alleged comparable at 2907 Eagle Hills Circle, which sold for \$291,000 in August 2013 while assessed at \$274,605 (\$272,995 assessment for tax year 2014); (3) the PRF and 521 Real Estate Transfer Statement for an alleged comparable located at 2904 Eagle hills Circle, which reflects a sale price of \$189,000 on February 10, 2015; and (4) a \$305,000 listing issued in February 2015 for an alleged comparable located at 2905 Eagle Hills Circle. .
18. The County asserted that while the Subject Property is substantially similar to the adjacent parcel located at 2816 Eagle Hills Circle, the Subject Property is superior to the comparable because it is not located directly on a busy street. The Taxpayer asserted that the location of the Subject Property does not materially impact its valuation in comparison to the parcel located at 2816 Eagle Hills.

STANDARD OF REVIEW

19. The Commission's review of the determination of the County Board of Equalization is de novo.¹ "When an appeal is conducted as a 'trial de novo,' as opposed to a 'trial de novo on the record,' it means literally a new hearing and not merely new findings of fact based upon a previous record. A trial de novo is conducted as though the earlier trial had not been held in the first place, and evidence is taken anew as such evidence is available at the time of the trial on appeal."²
20. When considering an appeal a presumption exists that the "board of equalization has faithfully performed its official duties in making an assessment and has acted upon sufficient competent evidence to justify its action."³ That presumption "remains until there is competent evidence to the contrary presented, and the presumption disappears when there is competent evidence adduced on appeal to the contrary. From that point forward, the reasonableness of the valuation fixed by the board of equalization becomes

one of fact based upon all the evidence presented. The burden of showing such valuation to be unreasonable rests upon the taxpayer on appeal from the action of the board.”⁴

21. The order, decision, determination or action appealed from shall be affirmed unless evidence is adduced establishing that the order, decision, determination, or action was unreasonable or arbitrary.⁵
22. Proof that the order, decision, determination, or action was unreasonable or arbitrary must be made by clear and convincing evidence.⁶

GENERAL VALUATION LAW

23. A Taxpayer must introduce competent evidence of actual value of the subject property in order to successfully claim that the subject property is overvalued.⁷
24. “Actual value, market value, and fair market value mean exactly the same thing.”⁸
25. Taxable value is the percentage of actual value subject to taxation as directed by Nebraska Statutes section 77-201 and has the same meaning as assessed value.⁹
26. All real property in Nebraska subject to taxation shall be assessed as of January 1.¹⁰
27. All taxable real property, with the exception of agricultural land and horticultural land, shall be valued at actual value for purposes of taxation.¹¹
28. Nebraska Statutes section 77-112 defines actual value as follows:

Actual value of real property for purposes of taxation means the market value of real property in the ordinary course of trade. Actual value may be determined using professionally accepted mass appraisal methods, including, but not limited to, the (1) sales comparison approach using the guidelines in section 77-1371, (2) income approach, and (3) cost approach. Actual value is the most probable price expressed in terms of money that a property will bring if exposed for sale in the open market, or in an arm’s length transaction, between a willing buyer and a willing seller, both of whom are knowledgeable concerning all the uses to which the real property is adapted and for which the real property is capable of being used. In analyzing the uses and restrictions applicable to real property the analysis shall include a full description of the physical characteristics of the real property and an identification of the property rights valued.¹²

¹² Neb. Rev. Stat. § 77-112 (Reissue 2009).

VALUATION ANALYSIS

29. The Taxpayer asserted that the \$180,000 sale of the adjoining parcel at 2816 Eagle Hills in May 2012 reflects the actual value of the Subject Property for tax year 2014. The Taxpayer's approach can best be described as an attempt to value the Subject Property using the sales comparison approach.
30. The sales comparison approach involves a defined systematic procedure that requires, among other steps, that the individual appraising the Subject Property "[l]ook for differences between the comparable sale properties and the Subject Property using the elements of comparison. Then adjust the price of each sale to reflect how it differs from the Subject Property or eliminate that property as a comparable. This step typically involves using the most comparable sale properties and then adjusting for any remaining differences."¹³
31. The elements of comparison include real property rights conveyed in the sales, any financing terms, condition of the sale, expenditures made immediately after purchase, market conditions, location, physical characteristics, economic characteristics, use and zoning, and any non-realty components of value.¹⁴ Consideration of many of these characteristics is required under Nebraska Statutes section 77-1371.¹⁵
32. The Taxpayer did not provide sufficient analysis regarding adjustments based on the elements of comparison referenced above, particularly with respect to time.
33. The Commission finds that the Taxpayer's \$180,000 opinion of value does not constitute sufficient clear and convincing evidence to show that the County Board's determination is arbitrary or unreasonable for tax year 2014.

GENERAL EQUALIZATION LAW

34. "Taxes shall be levied by valuation uniformly and proportionately upon all real property and franchises as defined by the Legislature except as otherwise provided in or permitted by this Constitution."¹⁶ Equalization is the process of ensuring that all taxable property is placed on the assessment rolls at a uniform percentage of its actual value.¹⁷ The purpose of equalization of assessments is to bring the assessment of different parts of a taxing district to the same relative standard, so that no one of the parts may be compelled to pay a disproportionate part of the tax.¹⁸
35. In order to determine a proportionate valuation, a comparison of the ratio of assessed value to market value for both the subject property and comparable property is required.¹⁹
36. Uniformity requires that whatever methods are used to determine actual or taxable value for various classifications of real property that the results be correlated to show uniformity.²⁰ Taxpayers are entitled to have their property assessed uniformly and

²⁰ *Banner County v. State Board of Equalization*, 226 Neb. 236, 411 N.W.2d 35 (1987).

proportionately, even though the result may be that it is assessed at less than the actual value.²¹

37. The constitutional requirement of uniformity in taxation extends to both rate and valuation.²² If taxable values are to be equalized it is necessary for a Taxpayer to establish by “clear and convincing evidence that valuation placed on his or her property when compared with valuations placed on similar property is grossly excessive and is the result of systematic will or failure of a plain legal duty, and not mere error of judgment [sic].”²³ “There must be something more, something which in effect amounts to an intentional violation of the essential principle of practical uniformity.”²⁴
38. “To set the valuation of similarly situated property, i.e. comparables, at materially different levels, i.e., value per square foot, is by definition, unreasonable and arbitrary, under the Nebraska Constitution.”²⁵
39. “Misclassifying property may result, ... in a lack of uniformity and proportionality. In such an event the taxpayer is entitled to relief.”²⁶
40. The County Board fails to fulfill its “plain duty” to equalize property valuations by adjudicating tax protests of comparable properties in greatly disparate amounts.²⁷

EQUALIZATION ANALYSIS

41. The Taxpayer asserted that the Subject Property was overvalued in comparison to the assessed valuations of three comparables referenced previously. In support of this assertion, the Taxpayer submitted documentation analyzing the assessment history of the parcels. This documentation includes PRFs and a spreadsheet
42. The County submitted PRFs for two parcels referenced previously that the County deemed comparable to the Subject Property, including the adjoining 2816 Eagle Hills property.
43. The County also submitted statistical reports comparing the ratio of assessed value to market value for other real property in the neighborhood of the Subject Property and a listing of all assessed values for property in the neighborhood of the Subject Property.
44. As indicated previously, an order for equalization requires evidence that either: (1) similar properties were assessed at materially different values;²⁸ (2) a comparison of the ratio of assessed value to market value for the Subject Property and other real property **regardless of similarity** indicates that the Subject Property was not assessed at a uniform percentage of market value;²⁹ or (3) similar properties were assessed at materially

different values due to misclassification of components of the Subject Property or similar components of other properties.³⁰

45. The evidence submitted demonstrates that similar properties were assessed at similar values and that the Subject Property was assessed at a uniform percentage of market value when compared to other real property.

CONCLUSION

46. The Taxpayer has not produced competent evidence that the County Board failed to faithfully perform its duties and to act on sufficient competent evidence to justify its actions.
47. The Taxpayer has not adduced sufficient, clear and convincing evidence that the determination of the County Board is unreasonable or arbitrary and the decision of the County Board should be affirmed.

ORDER

IT IS ORDERED THAT:

1. The Decision of the Sarpy County Board of Equalization determining the value of the Subject Property for tax year 2014 is affirmed.
2. That the taxable value of the Subject Property for tax year 2014:

Land	\$ 23,000
<u>Improvements</u>	<u>\$ 162,504</u>
Total	\$ 185,504

3. This decision and order, if no further action is taken, shall be certified to the Sarpy County Treasurer and the Sarpy County Assessor, pursuant to Neb. Rev. Stat. §77-5018 (2014 Cum. Supp.).
4. Any request for relief, by any party, which is not specifically provided for by this order is denied.
5. Each Party is to bear its own costs in this proceeding.
6. This decision shall only be applicable to tax year 2014.
7. This order is effective on May 8, 2015.

Signed and Sealed: May 8, 2015.

Thomas D. Freimuth, Commissioner
