

BEFORE THE NEBRASKA TAX EQUALIZATION AND REVIEW COMMISSION

IN THE MATTER OF EQUALIZATION
OF VALUE OF REAL PROPERTY
WITHIN FRANKLIN COUNTY,
NEBRASKA,
FOR TAX YEAR 2016

COUNTY NUMBER 31
FINDINGS AND ORDER ADJUSTING
VALUE

APPEARANCES FOR THE COUNTY:

Linda Dallman, County Assessor for Franklin County
Henry Schenker, County Attorney for Franklin County

SUMMARY

The following findings of fact, conclusions of law, and order are issued pursuant to a motion adopted by a majority of the Commission. The Tax Equalization and Review Commission, as part of its equalization proceedings held pursuant to Neb. Const. art. IV, §28 and Neb. Rev. Stat. §77-5022 *et. seq.* (2014 Cum. Supp.) finds that the level of value of certain real property in Franklin County for tax year 2016, fails to satisfy the requirements of the Nebraska Constitution and law. The Commission therefore orders an adjustment to the value of certain real property within Franklin County.

**I.
REPORT AND OPINION
OF THE PROPERTY TAX ADMINISTRATOR**

Franklin County (“County”), as required by Neb. Rev. Stat. §77-1514 (2015 Supp.), filed its Abstract of Assessment for 2016. The Property Tax Administrator (“Administrator”), based on that abstract and other information available to the Administrator, has filed certain statistical and narrative reports with the Nebraska Tax Equalization and Review Commission

(“Commission”) and further has certified the Administrator's opinion regarding the level of value and the quality of assessment of real property in Franklin County for tax year 2016, as required by Neb. Rev. Stat. §77-5027 (2014 Cum. Supp.).

II. REVIEW OF ASSESSMENT PRACTICES

The level of value for any class or subclass of real property is indicated by its median assessment/sales ratio unless that ratio is deemed unreliable, the sample from which the ratio is drawn is not representative of the class or subclass, or the level of value has been determined based on other generally accepted mass appraisal techniques. The uniformity and proportionality of assessments (the “quality” of assessments), under professionally accepted mass appraisal methods, are measured through the use of the Coefficient of Dispersion (“COD”) and the Price Related Differential (“PRD”).

III. APPLICABLE LAW

1. The Commission is required to meet annually to equalize the assessed value and special value of all real property as submitted by the county assessors on the abstracts of assessment and equalize the values of real property which is valued by the state. Neb. Rev. Stat. §77-5022 (2014 Cum. Supp.).
2. An assessment/sales ratio is a tool used under professionally accepted mass appraisal methods to measure and evaluate the level and uniformity of assessed values. The ratio is determined by dividing the assessed value of a parcel of real property by the sales price of that parcel. The assessment/sales ratio is expressed in terms of a percentage. 442 Neb. Admin. Code, ch. 9, §002.02 (06/11).

3. The Commission is required to raise or lower the valuation of a class or subclass of real property as necessary to achieve equalization. Neb. Rev. Stat. §77-5027 (2014 Cum. Supp.).
4. To achieve equalization the Commission is required to increase or decrease the value of a class or subclass of real property in any county or taxing authority or of real property valued by the state so that all classes or subclasses of real property in all counties fall within an applicable acceptable range. Neb. Rev. Stat. §77-5023(1) (Reissue 2009).
5. An applicable acceptable range is the percentage of variation from a standard for valuation as measured by an established indicator of central tendency of assessment. Neb. Rev. Stat. §77-5023(2) (Reissue 2009).
6. The median has been adopted by the Commission as the preferred established indicator of central tendency. 442, Neb. Admin. Code, ch. 9, §004 (06/11).
7. The applicable acceptable ratio range for the median of the assessment/sales ratios is from 69% to 75% of actual or fair market value for the class and subclasses of agricultural land and horticultural land not receiving special valuation pursuant to Neb. Rev. Stat. §77-1344; 69% to 75% of special valuation for the class and subclasses of agricultural land and horticultural land receiving special valuation pursuant to Neb. Rev. Stat. §77-1344; and 92% to 100% of actual or fair market value for all other classes and subclasses of real property. Neb. Rev. Stat. §77-5023(2) (Reissue 2009).
8. Whether or not the level of value determined by the Commission falls within the applicable acceptable range may be determined to a reasonable degree of certainty relying upon generally accepted mass appraisal techniques. Neb. Rev. Stat. § 77-5023(5) (Reissue 2009).

9. If the Commission makes an initial determination that the level of value of a class or subclass of real property within a county fails to satisfy the requirements of section 77-5023, the Commission is required to issue a notice to the county for a hearing, on five days notice, at which legal representatives of the county and interested persons may show why an adjustment should not be made. Neb. Rev. Stat. §77-5026 (Reissue 2009).
10. Any increase or decrease of value shall cause the level of value determined by the commission to be at the midpoint of the applicable acceptable range. Neb. Rev. Stat. §77-5023(3) (Reissue 2009).
11. Any decrease or increase to a subclass of property shall also cause the level of value determined by the Commission for the class from which the subclass is drawn to be within the applicable acceptable range. Neb. Rev. Stat. §77-5023(4) (Reissue 2009).
12. An increase or decrease to the value of a class or subclass of real property in Franklin County may only be made after a hearing held not less than five days after mailing notice of the hearing to the county clerk, county assessor, and the chairperson of the county board for Franklin County unless notice is waived by a legal representative of the County. Neb. Rev. Stat. §77-5026 (Reissue 2009).
13. The appropriate COD range for the residential class and subclasses of real property is between 0 and 15 and the appropriate COD range for all other classes and subclasses of real property is between 0 and 20. 442 Neb. Admin. Code, ch. 9, §005.02 (06/11).
14. The appropriate PRD range for all classes and subclasses of real property is between .98 and 1.03. 442 Neb. Admin. Code, ch. 9, §005.03 (06/11).
15. The Property Tax Administrator annually shall make and issue comprehensive assessment ratio studies of the average level of assessment, the degree of assessment

uniformity, and the overall compliance with assessment requirements for each major class of real property subject to the property tax in each county. The comprehensive assessment ratio studies shall be developed in compliance with professionally accepted mass appraisal techniques and shall employ such statistical analysis as deemed appropriate by the Property Tax Administrator, including measures of central tendency and dispersion. The comprehensive assessment ratio studies shall be based upon the sales file as developed in subsection (2) of this section and shall be used by the Property Tax Administrator for the analysis of the level of value and quality of assessment for purposes of section 77-5027 and by the Property Tax Administrator in establishing the adjusted valuations required by section 79-1016. Such studies may also be used by assessing officials in establishing assessed valuations. Neb. Rev. Stat. §77-1327(3) (2014 Cum. Supp.).

16. On or before nineteen days following the final filing due date for the abstract of assessment for real property pursuant to section 77-1514, the Property Tax Administrator shall prepare and deliver to the commission, and to each county assessor his or her annual reports and opinions. Neb. Rev. Stat. §77-5027(2) (2014 Cum. Supp.).
17. The annual reports and opinions of the Property Tax Administrator shall contain statistical and narrative reports informing the commission of the level of value and the quality of assessment of the classes and subclasses of real property within the county and a certification of the opinion of the Property Tax Administrator regarding the level of value and quality of assessment of the classes and subclasses of real property in the county. Neb. Rev. Stat. §77-5027(3) (2014 Cum. Supp.).
