To The Tax Equalization and Review Commission,

The Hayes County Assessor has no dispute with the decision of a raise in all agricultural land of 6.34% meeting the median of 77.03% for agricultural and horticultural land in Hayes County.

I, therefore, agree with the decision of an increase of 6.34% raise to all age land in Hayes County.

Thank you for your consideration in this matter,

Joan E. Lauenroth,  
Hayes County Assessor
