

**BEFORE THE NEBRASKA TAX EQUALIZATION AND REVIEW COMMISSION**

IN THE MATTER OF EQUALIZATION  
OF VALUE OF REAL PROPERTY  
WITHIN DAWES COUNTY,  
NEBRASKA,  
FOR TAX YEAR 2015

COUNTY NUMBER 23  
  
FINDINGS AND ORDERS  
(No Show Cause Hearing)

**SUMMARY**

The Tax Equalization and Review Commission, as part of its equalization proceedings, finds that the levels of value of real property in Dawes County for tax year 2015 satisfy the requirements of the Laws of the State of Nebraska. The following findings of fact, conclusions of law, and order are issued pursuant to a motion adopted by the Commission.

**I.  
APPLICABLE LAW**

1. The Commission has the power to review and equalize assessments of property for taxation within the state. Neb. Const. Art. IV, §28.
2. The Commission is required to meet annually to equalize the assessed value or special value of all real property as submitted by the county assessors on the abstracts of assessment and equalize the values of real property which is valued by the state. Neb. Rev. Stat. §77-5022 (2014 Cum. Supp.).
3. An assessment/sales ratio is a tool used under professionally accepted mass appraisal methods to measure and evaluate the level and uniformity of assessed values. The ratio is determined by dividing the assessed value of a parcel of real property by the sales price of that parcel. The assessment/sales ratio is expressed in terms of a percentage. 442 Neb. Admin. Code, ch. 9, §002.02 (06/11).

4. The Commission is required to raise or lower the valuation of a class or subclass of real property when it is necessary to achieve equalization. Neb. Rev. Stat. §77-5027 (2014 Cum. Supp.).
5. If necessary to achieve equalization, the Commission is authorized to increase or decrease the value of a class or subclass of real property in any county or taxing authority or of real property valued by the state so that all classes or subclasses of real property in all counties fall within an acceptable range. Neb. Rev. Stat. §77-5023(1) (Reissue 2009).
6. An acceptable range is the percentage of variation from a standard for valuation as measured by an established indicator of central tendency of assessment. Neb. Rev. Stat. §77-5023(2) (Reissue 2009).
7. The median has been adopted by the Commission as the preferred established indicator of central tendency. 442 Neb. Admin. Code, ch. 9, §004 (06/11).
8. The acceptable ratio range for the median of the assessment/sales ratio is from 69% to 75% of actual or fair market value for the class and subclasses of agricultural land and horticultural land not receiving special valuation pursuant to Neb. Rev. Stat. §77-1344; 69% to 75% of special valuation for the class and subclasses of agricultural land and horticultural land receiving special valuation pursuant to Neb. Rev. Stat. §77-1344; and 92% to 100% of actual or fair market value for all other classes and subclasses of real property. Neb. Rev. Stat. §77-5023(2) (Reissue 2009).
9. Any increase or decrease shall cause the level of value determined by the Commission to be at the midpoint of the acceptable range. Neb. Rev. Stat. §77-5023(3) (Reissue 2009).

10. Any increase or decrease to a subclass of property shall also cause the level of value determined by the Commission for the class from which the subclass is drawn to be within the applicable acceptable range. Neb. Rev. Stat. §77-5023(4) (Reissue 2009).
11. Whether or not the level of value determined by the Commission falls within the acceptable range may be determined to a reasonable degree of certainty relying upon generally accepted mass appraisal techniques. Neb. Rev. Stat. § 77-5023(5) (Reissue 2009).
12. The Property Tax Administrator annually shall make and issue comprehensive assessment ratio studies of the average level of assessment, the degree of assessment uniformity, and the overall compliance with assessment requirements for each major class of real property subject to the property tax in each county. The comprehensive assessment ratio studies shall be developed in compliance with professionally accepted mass appraisal techniques and shall employ such statistical analysis as deemed appropriate by the Property Tax Administrator, including measures of central tendency and dispersion. The comprehensive assessment ratio studies shall be based upon the sales file as developed in subsection (2) of this section and shall be used by the Property Tax Administrator for the analysis of the level of value and quality of assessment for purposes of section 77-5027 and by the Property Tax Administrator in establishing the adjusted valuations required by section 79-1016. Such studies may also be used by assessing officials in establishing assessed valuations. Neb. Rev. Stat. §77-1327(3) (2014 Cum. Supp.).
13. On or before nineteen days following the final filing due date for the abstract of assessment for real property pursuant to section 77-1514, the Property Tax Administrator shall prepare and deliver to the Commission and to each county assessor his or her annual reports and opinions. For any county with a population of at least one hundred fifty thousand inhabitants

according to the most recent Federal Decennial Census, the reports and opinions shall be prepared and delivered on or before fifteen days following such final filing due date. Neb. Rev. Stat. §77-5027(2) (2014 Cum. Supp.).

14. The annual reports and opinions of the Property Tax Administrator shall contain statistical and narrative reports informing the Commission of the level of value and the quality of assessment of the classes and subclasses of real property within the county and a certification of the opinion of the Property Tax Administrator regarding the level of value and quality of assessment of the classes and subclasses of real property in the county. Neb. Rev. Stat. §77-5027(3) (2014 Cum. Supp.).
15. In addition to an opinion of the level of value and quality of assessments, the Property Tax Administrator may make nonbinding recommendations for consideration by the Commission. Neb. Rev. Stat. §77-5027(4) (2014 Cum. Supp.).

## **II. EVIDENCE BEFORE THE COMMISSION**

The Commission may consider and utilize the provisions of the Constitution of the United States, the Constitution of Nebraska, the laws of the United States, the laws of Nebraska, the Code of Federal Regulations, the Nebraska Administrative Code, any decision of the several courts of the United States or the State of Nebraska, and the legislative history of any law, rule, or regulation, without making the document a part of the record.
