EQUALIZATION,)	EQUALIZATION

Appellee.)	

The above-captioned case was called for a hearing on the merits of an appeal by Richard E. & Ann L. Schenck ("the Taxpayer") to the Tax Equalization and Review Commission ("the Commission"). The hearing was held in the Commission's Hearing Room on the sixth floor of the Nebraska State Office Building in the City of Lincoln, Lancaster County, Nebraska, on October 8, 2009, pursuant to an Order for Hearing and Notice of Hearing issued August 3, 2009. Commissioners Warnes and Salmon were present. Commissioner Warnes was the presiding hearing officer. Commissioner Wickersham was excused from participation by the presiding hearing officer. Commissioner Hotz was absent. The appeal was heard by a quorum of a panel of the Commission.

Richard E. Schenck was present at the hearing. No one appeared as legal counsel for the Taxpayer.

John W. Reisz, a Deputy County Attorney for Sarpy County, Nebraska, was present as legal counsel for the Sarpy County Board of Equalization ("the County Board").

The Commission took statutory notice, received exhibits, and heard testimony.

The Commission is required to state its final decision and order concerning an appeal, with findings of fact and conclusions of law, on the record or in writing. Neb. Rev. Stat. § 77-

5018 (Cum. Supp. 2008). The final decision and order of the Commission in this case is as follows.

I. ISSUES

The Taxpayer has asserted that actual value of the subject property as of January 1, 2008, is less than actual value as determined by the County Board. The issues on appeal related to that assertion are:

Whether the decision of the County Board, determining actual value of the subject property, is unreasonable or arbitrary; and

The actual value of the subject property on January 1, 2008.

The Taxpayer has asserted that taxable value of the subject property as of January 1, 2008, is not equalized with the taxable value of other real property. The issues on appeal related to that assertion are:

Whether the decision of the County Board, determining the equalized taxable value of the subject property, is unreasonable or arbitrary;

Whether the equalized taxable value of the subject property was determined by the County Board in a manner and an amount that is uniform and proportionate as required by Nebraska's Constitution in Article VIII §1; and

The equalized taxable value of the subject property on January 1, 2008.

II.
FINDINGS OF FACT

The Commission finds and determines that:

1. The Taxpayer has a sufficient interest in the outcome of the above captioned appeal to maintain the appeal.
2. The parcel of real property to which this appeal pertains ("the Subject Property") is described in the table below.
3. Actual value of the subject property placed on the assessment roll as of January 1, 2008, ("the assessment date") by the Sarpy County Assessor, value as proposed in a timely protest, and actual value as determined by the County Board is shown in the following table:

Case No. 08R 057

Description: LOT 2 MILLARD PARK SOUTH REPLAT 1, Sarpy County, Nebraska.

	Assessor Notice Value	Taxpayer Protest Value	Board Determined Value
Land	\$37,000.00	\$37,000.00	\$37,000.00
Improvement	\$189,065.00	\$153,000.00	\$189,065.00
Total	\$226,065.00	\$190,000.00	\$226,065.00

4. An appeal of the County Board's decision was filed with the Commission.
5. The County Board was served with a Notice in Lieu of Summons and duly answered that Notice.
6. An Order for Hearing and Notice of Hearing issued on August 3, 2009, set a hearing of the appeal for October 8, 2009, at 1:00 p.m. CDST.

7. An Affidavit of Service, which appears in the records of the Commission, establishes that a copy of the Order for Hearing and Notice of Hearing was served on all parties.
8. Actual value of the subject property as of the assessment date for the tax year 2008 is:

Case No. 08R 057

Land value	\$37,000.00
Improvement value	<u>\$189,065.00</u>
Total value	<u>\$226,065.00.</u>

III.
APPLICABLE LAW

1. Subject matter jurisdiction of the Commission in this appeal is over all questions necessary to determine taxable value. Neb. Rev. Stat. §77-5016(7) (Cum. Supp. 2008).
2. “Actual value is the most probable price expressed in terms of money that a property will bring if exposed for sale in the open market, or in an arm’s length transaction, between a willing buyer and a willing seller, both of whom are knowledgeable concerning all the uses to which the real property is adapted and for which the real property is capable of being used. In analyzing the uses and restrictions applicable to real property the analysis shall include a full description of the physical characteristics of the real property and an identification of the property rights valued.” Neb. Rev. Stat. §77-112 (Reissue 2003).
3. Actual value may be determined using professionally accepted mass appraisal methods, including, but not limited to, the (1) sales comparison approach using the guidelines in

section 77-1371, (2) income approach, and (3) cost approach. Neb. Rev. Stat. §77-112 (Reissue 2003).

4. “Actual value, market value, and fair market value mean exactly the same thing.”
Omaha Country Club v. Douglas County Board of Equalization, et al., 11 Neb.App. 171, 180, 645 N.W.2d 821, 829 (2002).
5. Taxable value is the percentage of actual value subject to taxation as directed by section 77-201 of Nebraska Statutes and has the same meaning as assessed value. Neb. Rev. Stat. §77-131 (Reissue 2003).
6. All taxable real property, with the exception of agricultural land and horticultural land, shall be valued at actual value for purposes of taxation. Neb. Rev. Stat. §77-201(1) (Cum. Supp. 2008).
7. “Taxes shall be levied by valuation uniformly and proportionately upon all real property and franchises as defined by the Legislature except as otherwise provided in or permitted by this Constitution.” *Neb. Const.*, Art. VIII, §1.
8. Equalization is the process of ensuring that all taxable property is placed on the assessment rolls at a uniform percentage of its actual value. *MAPCO Ammonia Pipeline v. State Bd. of Equal.*, 238 Neb. 565, 471 N.W.2d 734 (1991).
9. The purpose of equalization of assessments is to bring the assessment of different parts of a taxing district to the same relative standard, so that no one of the parts may be compelled to pay a disproportionate part of the tax. *MAPCO Ammonia Pipeline v. State Bd. of Equal.*, 238 Neb. 565, 471 N.W.2d 734 (1991); *Cabela's Inc. v. Cheyenne County Bd. of Equalization*, 8 Neb.App. 582, 597 N.W.2d 623 (1999).

10. Equalization to obtain proportionate valuation requires a comparison of the ratio of assessed to actual value for the subject property and comparable property. See *Cabela's Inc. v. Cheyenne County Bd. of Equalization*, 8 Neb.App. 582, 597 N.W.2d 623 (1999).
11. Uniformity requires that whatever methods are used to determine actual or taxable value for various classifications of real property that the results be correlated to show uniformity. *Banner County v. State Board of Equalization*, 226 Neb. 236, 411 N.W.2d 35 (1987).
12. Taxpayers are entitled to have their property assessed uniformly and proportionately, even though the result may be that it is assessed at less than the actual value. *Equitable Life v. Lincoln County Bd. of Equal.*, 229 Neb. 60, 425 N.W.2d 320 (1988); *Fremont Plaza v. Dodge County Bd. of Equal.*, 225 Neb. 303, 405 N.W.2d 555 (1987).
13. The constitutional requirement of uniformity in taxation extends to both rate and valuation. *First Nat. Bank & Trust Co. v. County of Lancaster*, 177 Neb. 390, 128 N.W.2d 820 (1964).
14. In the evaluation of real property for tax purposes, where buildings and improvements are taxable as a part of the real estate, the critical issue is the actual value of the entire property, not the proportion of that value which is allocated to the land or to the buildings and improvements by the appraiser. *Bumgarner v. Valley County*, 208 Neb. 361, 303 N.W.2d 307 (1981).
15. If taxable values are to be equalized it is necessary for a Taxpayer to establish by clear and convincing evidence that valuation placed on his or her property when compared with valuations placed on similar property is grossly excessive and is the result of systematic

will or failure of a plain legal duty, and not mere error of judgement. There must be something more, something which in effect amounts to an intentional violation of the essential principle of practical uniformity. *Newman v. County of Dawson*, 167 Neb. 666, 94 N.W.2d 47 (1959).

16. A presumption exists that the County Board has faithfully performed its duties and has acted on competent evidence. *City of York v. York County Bd. Of Equalization*, 266 Neb. 297, 64 N.W.2d 445 (2003).
17. The presumption in favor of the county board may be classified as a principle of procedure involving the burden of proof, namely, a taxpayer has the burden to prove that action by a board of equalization fixing or determining valuation of real estate for tax purposes is unauthorized by or contrary to constitutional or statutory provisions governing taxation. *Gordman Properties Company v. Board of Equalization of Hall County*, 225 Neb. 169, 403 N.W.2d 366 (1987).
18. The presumption disappears if there is competent evidence to the contrary. *Id.*
19. The order, decision, determination, or action appealed from shall be affirmed unless evidence is adduced establishing that the order, decision, determination, or action was unreasonable or arbitrary. Neb. Rev. Stat. §77-5016 (8) (Cum. Supp. 2006).
20. Proof that the order, decision, determination, or action appealed from was unreasonable or arbitrary must be made by clear and convincing evidence. See, e.g., *Omaha Country Club v. Douglas Cty. Bd. of Equal.*, 11 Neb.App. 171, 645 N.W.2d 821 (2002).

21. "Clear and convincing evidence means and is that amount of evidence which produces in the trier of fact a firm belief or conviction about the existence of a fact to be proved." *Castellano v. Bitkower*, 216 Neb. 806, 812, 346 N.W.2d 249, 253 (1984).
22. A decision is "arbitrary" when it is made in disregard of the facts and circumstances and without some basis which could lead a reasonable person to the same conclusion. *Phelps Cty. Bd. of Equal. v. Graf*, 258 Neb 810, 606 N.W.2d 736 (2000).
23. A decision is unreasonable only if the evidence presented leaves no room for differences of opinion among reasonable minds. *Pittman v. Sarpy Cty. Bd. of Equal.*, 258 Neb 390, 603 N.W.2d 447 (1999).
24. "An owner who is familiar with his property and knows its worth is permitted to testify as to its value." *U. S. Ecology v. Boyd County Bd. Of Equalization*, 256 Neb. 7, 16, 588 N.W.2d 575, 581 (1999).
25. The County Board need not put on any evidence to support its valuation of the property at issue unless the taxpayer establishes the Board's valuation was unreasonable or arbitrary. *Bottorf v. Clay County Bd. of Equalization*, 7 Neb.App. 162, 580 N.W.2d 561 (1998).
26. A Taxpayer, who only produced evidence that was aimed at discrediting valuation methods utilized by the county assessor, failed to meet burden of proving that value of property was not fairly and proportionately equalized or that valuation placed upon property for tax purposes was unreasonable or arbitrary. *Beynon v. Board of Equalization of Lancaster County*, 213 Neb. 488, 329 N.W.2d 857 (1983).
27. A Taxpayer must introduce competent evidence of actual value of the subject property in order to successfully claim that the subject property is overvalued. Cf. *Lincoln Tel. and*

Tel. Co. v. County Bd. Of Equalization of York County, 209 Neb. 465, 308 N.W.2d 515 (1981); *Arenson v. Cedar County*, 212 Neb. 62, 321 N.W.2d 427 (1982) (determination of equalized taxable value) *Josten-Wilbert Vault Co. v. Board of Equalization for Buffalo County*, 179 Neb. 415, 138 N.W.2d 641 (1965) (determination of actual value).

IV. ANALYSIS

The subject property is an improved residential parcel with a ranch style house of 1,427 square feet of living area built in 2007. (E18:2). The house is rated good for quality and average for condition. (E18:2).

The Taxpayer testified that he bought the subject property in August of 2007 for \$200,000. He testified that it was his opinion that the sales price which he paid for the subject property is the best indicator of its actual value as of January 1, 2008. He alleged in his testimony that the purchase price should be the sole criteria for the determination of the market value. His testimony included his belief that "due to the down market" that the subject property could not have appreciated in value from what he paid for it.

Nebraska Statute §77-112 (2003) recites that, "Actual value may be determined using professionally accepted mass appraisal methods, including, but not limited to, the (1) sales comparison approach, (2) income approach, and (3) cost approach. The Taxpayer's use of the sale price alone is not one of the professionally approved appraisal methods.

"It is true that the purchase price of property may be taken into consideration in determining the actual value thereof for assessment purposes, together with all other relevant elements pertaining to such issue; however, standing alone, it is not conclusive of the actual

value of property for assessment purposes. Other matters relevant to the actual value thereof must be considered in connection with the sale price to determine actual value. Sale price is not synonymous with actual value or fair market value.” *Forney v. Box Butte County Bd. of Equalization*, 7 Neb.App. 417, 424, 582 N.W.2D 631, 637 (1998).

The second belief to which the Taxpayer testified was that the County Assessor was using sales from a sales file of parcels which he characterized as "dated". The dated sales to which the Taxpayer referred are those sales itemized in Exhibit 22 page 1. The Commission's review of the evidence provided by the County Assessor shows that the valuation of the subject property by the County was by the cost approach to valuation. (E18:3). The cost approach to value real property is an approved mass appraisal valuation technique and authorized by Nebraska law. Neb. Rev. Stat. §77-112 (2003). The Taxpayer's concern for the County Assessor's use of "dated" sales is not applicable since a different method of valuation was used. The Commission looks to the eight parcels provided by the Taxpayer which he alleged were comparable parcels to the subject property and are of more recent sales date to January 1, 2008. (E2 to E9).

The Taxpayer provided an itemization of the eight parcels which he alleged were comparable to the subject property. (E11:1). His itemization included first, the sales history for these parcels and secondly, the percentage each parcel was to the subject property based on the total square footage for both the above grade living area added to the square footage of the basement. His testimony and written statement on Exhibit 11 page 1 removed that parcel found at Exhibit 6 for the reason that it sold for substantially less than the others. His testimony did not elaborate further on why the sale of this parcel was removed. The Taxpayer then took an average of the tabulated figures and concluded that the fair market valuation of the subject property for

2008 was \$192,414. (E11:1). The Commission finds that there are several deficiencies with this analysis by the Taxpayer.

First, only two of the eight sales shown on Taxpayer's list of alleged comparable parcels, Exhibit 11 page 1, occurred before the time that the County Assessor was required to value the subject property. (E8 and E3). All of the other sales would not have been available to the County Assessor for his valuation deadline of March 19, 2008 for the subject property.

Second, the method used by the Taxpayer to support his opinion of actual value for the subject property is not one of the approved methods of valuation as discussed above.

Third, the Commission finds that none of the alleged comparable parcels are comparable to the subject property since they differ in quality, year built, size of basement, size of finished basement, and land valuation to identify some of the differences. The two parcels which sold before March 19, 2008 would need to have adjustments made to them in order for them to be compared to the subject property. The Commission notes that the two alleged comparable parcels shown in Exhibits 3 and 8 differ from the subject property in that they do not have a walkout basement, have different years of construction, and different land valuations to identify but three of the differences.

"Equalization is the process of ensuring that all taxable property is placed on the assessment rolls at a uniform percentage of its actual value. The purpose of equalization of assessments is to bring assessments from different parts of the taxing district to the same relative standard, so that no one part is compelled to pay a disproportionate share of the tax. Where it is impossible to secure both the standards of the true value of a property for taxation and the uniformity and equality required by law, the latter requirement is to be preferred as the just and

ultimate purpose of the law. If a taxpayer's property is assessed in excess of the value at which others are taxed, then the taxpayer has a right to relief. However, the burden is on the taxpayer to show by clear and convincing evidence that the valuation placed upon the taxpayer's property when compared with valuation placed on other similar property is grossly excessive." *Cabela's Inc. v. Cheyenne County Bd. of Equalization*, 8 Neb.App. 582, 597, 597 N.W.2d 623, 635 (1999).

"Comparing assessed values of other properties with the subject property to determine actual value has the same inherent weakness as comparing sales of other properties with the subject property. The properties must be truly comparable." *DeBruce Grain, Inc. v. Otoe County Bd. of Equalization*, 7 Neb. App. 688, 697, 584 N.W.2d 837, 843 (1998).

"Comparable properties" share similar quality, architectural attractiveness (style), age, size, amenities, functional utility, and physical condition. *Property Assessment Valuation*, 2nd Ed., International Association of Assessing Officers, 1996, 98.

When using "comparables" to determine value, similarities and differences between the subject property and the comparables must be recognized. *Property Assessment Valuation*, 2nd Ed., 1996, 103. Most adjustments are for physical characteristics. *Property Assessment Valuation*, 2nd Ed., 1996, 105. "Financing terms, market conditions, location, and physical characteristics are items that must be considered when making adjustments . . ." *Property Assessment Valuation*, 2nd Ed., 1996, 98.

The Commission finds that the valuation placed upon the taxpayer's property when compared with valuation placed on other similar property is not grossly excessive. In addition, the Commission finds that the discrepancy was not the result of systematic will or failure of a plain legal duty. *Newman v. County of Dawson*, 167 Neb. 666, 94 N.W.2d 47 (1959).

"There is a presumption that a board of equalization has faithfully performed its official duties in making an assessment and has acted upon sufficient competent evidence to justify its action. That presumption remains until there is competent evidence to the contrary presented, and the presumption disappears when there is competent evidence adduced on appeal to the contrary. From that point forward, the reasonableness of the valuation fixed by the board of equalization becomes one of fact based upon all the evidence presented. The burden of showing such valuation to be unreasonable rests upon the taxpayer on appeal from the action of the board." *DeBruce Grain, Inc. v. Otoe County Bd. of Equalization*, 7 Neb.App. 688, 696, 584 N.W.2d 837, 842 - 843 (1998).

The Commission finds that the Taxpayer has not rebutted the presumption that the County Board of Equalization faithfully performed its duties and had sufficient competent evidence for its decision both as to its decision as to valuation and equalization. The Commission has reviewed all of the evidence presented and further finds that the Taxpayer has not shown by clear and convincing evidence that the County Board's decision was either arbitrary or unreasonable and has not shown by the reasonableness of the evidence a new valuation. The appeal of the Taxpayer is denied.

**V.
CONCLUSIONS OF LAW**

1. The Commission has subject matter jurisdiction in this appeal.
2. The Commission has jurisdiction over the parties to this appeal.

3. The Taxpayer has not produced competent evidence that the County Board failed to faithfully perform its official duties and to act on sufficient competent evidence to justify its actions.
4. The Taxpayer has not adduced sufficient, clear and convincing evidence that the decision of the County Board is unreasonable or arbitrary and the decision of the County Board should be affirmed.

**VI.
ORDER**

IT IS ORDERED THAT:

1. The decision of the County Board determining actual value of the subject property as of the assessment date, January 1, 2008, is affirmed.
2. Actual value, for the tax year 2008, of the subject property is:

Case No. 08R 057

Land value	\$ 37,000.00
Improvement value	<u>\$189,065.00</u>
Total value	<u>\$226,065.00</u>

3. This decision, if no appeal is timely filed, shall be certified to the Sarpy County Treasurer, and the Sarpy County Assessor, pursuant to Neb. Rev. Stat. §77-5018 (Cum. Supp. 2008).
4. Any request for relief, by any party, which is not specifically provided for by this order is denied.

5. Each party is to bear its own costs in this proceeding.
6. This decision shall only be applicable to tax year 2008.
7. This order is effective for purposes of appeal on November 24, 2009.

Signed and Sealed. November 24, 2009.
